Dear Commissioner Farley:

I am firmly against your proposal to ban the sale of fountain and bottled beverages over 16 ounces in restaurants, movie theatres, sports venues, coffee shops, food trucks and street carts. This won't help solve obesity.

This ban sets a dangerous precedent by giving the City the power to make personal choices for us. If this is now, what's next?

Fighting obesity and advocating for a healthier New York City is a priority, but don't trample our personal freedoms and rights in the process.

Dear Commissioner Farley:

I am firmly against your proposal to ban the sale of fountain and bottled beverages over 16 ounces in restaurants, movie theatres, sports venues, coffee shops, food trucks and street carts. This won't help solve obesity.

This ban sets a dangerous precedent by giving the City the power to make personal choices for us. If this is now, what's next?

Fighting obesity and advocating for a healthier New York City is a priority, but don't trample our personal freedoms and rights in the process.

I am firmly against your proposal to ban the sale of fountain and bottled beverages over 16 ounces in restaurants, movie theatres, sports venues, coffee shops, food trucks and street carts. This won't help solve obesity.

This ban sets a dangerous precedent by giving the City the power to make personal choices for us. If this is now, what's next?

Dear Commissioner Farley:

I am firmly against your proposal to ban the sale of fountain and bottled beverages over 16 ounces in restaurants, movie theatres, sports venues, coffee shops, food trucks and street carts. This won't help solve obesity.

This ban sets a dangerous precedent by giving the City the power to make personal choices for us. If this is now, what's next?

Fighting obesity and advocating for a healthier New York City is a priority, but don't trample our personal freedoms and rights in the process.
