	# of applicants that did not graduate from probationary firefighter school	16	68	94	0	0	153	316	15	0	331

## **Preparatory Materials for Open Competitive and Promotional Exam**

**CPAT/FFCMP Prep Program Information Sessions** – The Information Sessions are held at the Probationary Firefighter School on Randall’s Island. These sessions are offered to Firefighter candidates once their list numbers are reached for processing. At the sessions, the Firefighter candidates are introduced to the Fitness Unit and are given a tour of the Fire Academy and the CPAT Prep Course. Sessions were offered to Firefighter candidates with an AFA of 98 and 97 from March 20, 2023, thru March 26, 2023.

**CPAT Prep Program** – The CPAT Prep Program are in-person sessions at the Fire Academy on Randall’s Island and is “invitation only” to Firefighter candidates who have passed the DCAS written exam and whose list numbers have been reached by DCAS to be processed for the DCAS CPAT physical exam. It is offered as a 12-week training program. During the program Firefighter candidates learn hands on techniques to master and pass their physical exam which consists of 8 evolutions. The evolutions consist of the Stair Climb, Hose Drag, Equipment Carry, Ladder Raise & Extension, Forcible Entry, Search, Rescue Drag and Ceiling Breach & Pull. The FDNY Fitness Instructors are assigned to the CPAT Prep Program and work with the Firefighter candidates for the entire duration of the Prep Program. Remedial Sessions are offered to Firefighter candidates during the DCAS CPAT Exam Period. Sessions were offered to E7001 Firefighter candidates with an AFA of 98 and 97. Sessions started on March 27, 2023, and ran for the duration of the DCAS CPAT Exam cycle which ended on September 16, 2023.

**Firefighter Candidate Mentorship Program (FFCMP)** – The FFCMP is a voluntary partnership designed to ensure that Firefighter candidates successfully complete the hiring process and become New York City Firefighters. The FFCMP is an “invitation only” program available to Firefighter candidates who have passed their written exam and whose list numbers have been reached by DCAS for further processing. All reached candidates are encouraged to participate. The Firefighter candidates (Mentees) are partnered with a uniform member (Mentor) who is in contact with the Mentee on a bi-weekly basis. The Mentors are a valuable resource for information and the hiring and training process. The Mentors give the Mentees guidance and serve as a positive role model as someone who has gone through the hiring process and may have faced some of the challenges the Mentee may have during the hiring process. The Mentor/Mentee partnership spans throughout the Firefighter candidate’s time during CPAT Prep Program, Fitness Awareness Program and, should the Firefighter candidate be appointed, through their time at the Fire Academy. The partnership ends after the graduation and 30 days after the entry into their respective firehouses.

The current program participation includes: 40 Senior Mentors, 605 Mentors and 1,630 Mentees. In addition to the program, the FFCMP has created a Mentor Tracking Application that monitors the communication efforts within the partnerships to make data driven policy decisions on how a Mentor can best support their Mentee. The Mentor Tracking Application was launched in April 2022.

**Fitness Awareness Program (FAP)** – The FAP is a 12 Week Session that allows Firefighter candidates to participate in 4 Baseline Evaluations: Sit-Ups, Push-Ups, Pull-Ups, and a Timed Run. The program is offered after the Firefighter candidates have passed their CPAT Exam. Fitness Instructors put the Firefighter candidates through the paces of a challenging session of calisthenics that will get them closer to their fitness goals and provide them with an example of how they should be working out to make sure they show up on Day 1 of Proby School “fit for the Academy”. Sessions were offered to E7001 Firefighter candidates still in process – CPAT Qualified. Sessions started on January 3, 2023, and ended on September 30, 2023.

## **Preparatory Materials for Open Competitive and Promotional Exam**

**Stairmaster Training Program (STP)** – The STP is offered to Firefighter candidates who passed their DCAS CPAT Exam. In 2023, candidates preparing to take their CPAT exam were also encouraged to utilize this program as the Stairmaster is one of the 8 evolutions included in the CPAT exam. The STP also assists candidates with the Stairmaster component of their Medical Exam. If candidates have passed their Stairmaster component, they are encouraged to still participate in the STP to help them reach their fitness goals for the Fire Academy. Sessions were offered to E7001 Firefighter candidates still in process – CPAT Qualified, AFA 98 and AFA 97 candidates. Sessions started on January 11, 2023, and ended on December 16, 2023.

**Proby School Preparation Program (PSPP)** – The PSPP is a training program offered to Firefighter candidates who have passed their DCAS CPAT Exam, completed their medical exams, Candidate Investigation Division (CID) process, and are under consideration for placement in an upcoming Probationary Firefighter Class. During the month-long program, Firefighter candidates receive academic and physical support facilitated by Fire Academy Instructors. The PSPP program was offered twice during 2023 (March 2023 and October 2023) which preceded the respective proby classes in April 2023 and November 2023.

**FDNY Mobile Academy (FMA)** – The FMAs were designed to engage Firefighter interests as well as Firefighter candidates prior to their list number being reached by DCAS and their participation in the CPAT Prep Program. The FMAs offer the opportunity to participate in a scaled version of the DCAS CPAT Exam Evolutions. ORR uniformed members are available to assess the participant's fitness levels and answer their questions during a Q&A session at the end of the FMA session. 10 Sessions were held throughout NYC from July 2023 thru August 2023.
