NYC DCAS
Citywide Administrative Services

Lisette Camilo
Commissioner

March 14, 2019

Dear Prospective Interns:

I am pleased to announce the opening of the recruitment period for the City of New York's 2019 Summer Internship Program. This program is open to both graduate and undergraduate students and those who recently graduated in the winter or spring semester of the program year.

The City's internship program provides students with an opportunity to gain valuable work experience and exposure to the daily challenges and rewards of public service. Internships offered reflect the richness and breadth of the work performed in New York City and cover almost all areas of municipal government, including but not limited to education, media, health services, budget administration, information technology and housing.

As you review the internship postings on our website, please review the position descriptions closely. Application requirements may vary across agencies and by position. You can gain access to the website by using the following link: www.nyc.gov/dcassip

I encourage you to join the City's workforce this summer and experience the satisfaction that comes only from public service. We look forward to working with you.

Sincerely,

Lisette Camilo
