

The CUNY Start-ASAP Pipeline Initiative aims to connect students in care to CUNY Start and/or ASAP to improve persistence and increase their chances of timely graduation. The CUNY Start-ASAP Pipeline Initiative is made possible thanks to the generous support from the Conrad N. Hilton Foundation.

Target Population

The CUNY Start-ASAP Pipeline Initiative will serve students aged 17-21 who:*

- Are currently being served by the New York City foster care system and wish to pursue an associate's degree at CUNY;
- Have significant remedial needs as determined by the CUNY Assessment Tests (CAT) and would be well served by CUNY Start;
- Have little or no remedial needs based on their CAT scores and are ready to matriculate full time into ASAP.

Key Program Components

The CUNY Start-ASAP Pipeline Initiative will focus on four key areas to better serve students in care:

- Developing strategic partnerships with foster care agencies to identify and refer students to CUNY;
- Creating clearly defined pathways from CUNY Start into ASAP for students in care so that they will continue to receive individualized support from matriculation through graduation;
- Enhancing the curriculum and training of CUNY Start's advisement team to better serve students in care while in the program and to support successful matriculation upon program completion;
- Improving the use of data and research to determine the best way to serve students in care within CUNY.

Program Services & Integrated Supports

Youth in foster care who are part of the CUNY Start-ASAP Pipeline are eligible for enhanced services and financial support:

- Assistance with the CUNY admissions and financial aid process;
- CUNY application fee waiver, tuition assistance, and other financial supports;
- Academic advisement and college navigation supports;
- Weekly MetroCards to support successful participation in CUNY Start or ASAP;
- Paid, on-campus internships at \$10/hour for up to 15 hours a week.

CUNY's Office of Research, Evaluation and Program Support (REPS) will be conducting research on CUNY Start and ASAP's support for the CUNY Start-ASAP Pipeline Initiative students. REPS will provide more information about the study to students through the CUNY Start-ASAP Pipeline Initiative Coordinator. Students may be invited to participate in this study. Participation would be voluntary and information received will be kept confidential.

*Students who are working with foster care agencies and between the ages of 21-24 may be considered.
