I. PURPOSE

The purpose of this policy is to outline the approach of the Administration for Children's Services (ACS) to maintaining zero tolerance for sexual misconduct in non-secure and secure detention facilities that house youth in the care of ACS. The policy sets forth ACS' approach to sexual misconduct prevention, detection, and response for youth in non-secure and secure detention.

II. POLICY

ACS staff, volunteers, interns, contractors, and youth may not engage in sexual abuse or sexual harassment of youth in detention who are in the care and custody of ACS. Detention staff shall report and engage in appropriate follow-up with respect to allegations of sexual abuse and sexual harassment of youth as required by this policy and shall provide alleged victims and youth perpetrators with needed services and supports. Detention staff shall employ supervision and search practices that minimize the possibility of harm to youth in their care and shall educate youth and staff about their rights and responsibilities under this policy.

III. DEFINITIONS

- A. **Body Cavity Search** – Any touching or probing of a youth's anal and/or vaginal body cavity areas for the purpose of locating contraband. Visual searches of the oral cavity (mouth) and ear canal do not fall under the category of a body cavity search.
- B. **Contractor** – A person who provides services on a recurring basis pursuant to a contractual agreement with ACS. This includes provider agencies and their staff.
- C. **Detention or Detention Facility** – Both secure and non-secure detention (NSD) facilities operated or overseen by ACS.
- D. **Detention Staff** – Employees and contractors of the secure and non-secure detention facilities overseen or operated by ACS, as well as staff of the Court Services, Admissions, and the Movement and Control Communications Unit (CAM), Residential Care Advocates assigned to the secure and non-secure detention facilities, and DYFJ administrators responsible for oversight of DYFJ detention facilities.
- E. **Exigent Circumstances** – Any set of temporary and unforeseeable circumstances that require immediate action in order to combat a serious threat to the security of a facility.
- F. **Gender Expression** – Aspects of behavior and outward presentation that may (intentionally or unintentionally) communicate gender to others in a given culture or society, including clothing, body language, hairstyles, socialization, interests and

presence in gendered spaces (e.g. restrooms, places of worship, etc.) A person's gender expression may vary from the gender norms traditionally associated with that person's biological sex.

- G. **Gender Identity** – Individuals' internal view of their gender; individuals' innermost sense of being male or female.
- H. **Gender Non-Conforming** – Having or perceived to have gender characteristics and/or behaviors that do not conform to traditional or societal expectations.
- I. **Interns** – Students who assist provider agencies and/or DYFJ pursuant to an agreement with the student's school.
- J. **Intersex** – A person whose sexual or reproductive anatomy or chromosomal pattern does not seem to fit typical definitions of male or female. Intersex medical conditions are sometimes referred to as disorders of sex development.
- K. **Pat-Frisk Search** – Any manual inspection of a youth's clothed body that consists of physically patting down his or her clothing. The youth may be required to remove his or her outer clothing such as a coat, hat, and shoes. A pat-frisk search does not require reasonable suspicion and is part of the routine operation of all DYFJ detention facilities.
- L. **Prison Rape Elimination Act (PREA)** – A law passed by the United States Congress in 2003 to promote the prevention, detection, investigation, and appropriate response to sexual misconduct in custodial settings, including juvenile facilities.
- M. **Residential Care Advocate** – An advocate for youth in DYFJ's secure and NSD facilities overseen by the ACS Office of Advocacy. The Residential Care Advocate is part of the Resident Care Advocacy Program, which advocates for the rights of detained youth by monitoring the overall living conditions within the DYFJ secure and NSD facilities and advocating for improvements in the quality of care in accordance with ACS' policies and procedures.
- N. **Room Confinement** – Confinement of a youth in a room, including the youth's own room, when locked or when the youth is authoritatively told not to leave.
- O. **Security Search** – Any non-medical inspection that requires the youth to wear a medical gown or robe after removing his or her outer garments, and then subsequently removing all of his or her undergarments. Such searches are conducted to maintain the safety and security of staff and youth and do not require individualized reasonable suspicion that a youth is in possession of contraband. Security searches do not include any visual inspection of a youth's breasts, buttocks, or genitalia during a search. If such inspection occurs, the search becomes a strip search.

P. **Sexual Abuse** – The definition of sexual abuse for purposes of this policy includes sexual abuse of a youth by another youth and sexual abuse of a youth by an ACS staff member, contractor, volunteer, or intern.

1. Sexual abuse of a youth by another youth includes any of the following acts, if the victim does not expressly or impliedly acquiesce in the alleged perpetrator's conduct; is four (4) or more years younger than the alleged perpetrator; is unable to consent or refuse because of being mentally disabled, mentally incapacitated, or physically helpless; is coerced into such act by overt or implied threats of or actual use of force or violence; or is under the age of 11:
 - a. Contact between the penis and the vulva or the penis and the anus, including penetration, however slight;
 - b. Contact between the mouth and the penis, vulva, or anus;
 - c. Penetration of the vagina, urethra, penis, rectum or anus of another person, however slight, by a hand, finger, object, or other instrument; and

2. Sexual abuse of a youth by an ACS staff member, contractor, volunteer, or intern includes any of the following acts, with or without the consent of the youth:
 - a. Sexual touching by an ACS staff member, contractor, volunteer, or intern, including any of the following:
 - i. Contact between the penis and the vulva or the penis and the anus, including penetration, however slight;

 - iv. The emission of ejaculate by the staff member, contractor, volunteer, or intern upon any part of a youth, clothed or unclothed;
 - v. Any other intentional touching not required by official duties, either directly or through the clothing, of the genitalia, anus, groin, breast, inner thigh, or the buttocks of any person. Sexual abuse does not include conduct required

- by or incidental to official duties. It would not be sexual misconduct for a staff member to touch a youth's body as required in order to conduct a proper pat-frisk search, or when a staff member's hand slips unavoidably while he or she is breaking up a fight; and
- vi. Any other contact where the ACS staff member, contractor, or volunteer has the intent to degrade or abuse the youth or to arouse or gratify sexual desire.
- b. Any attempt, threat, or request by an ACS staff member, contractor, volunteer, or intern to engage in sexual touching.
 - c. Indecent exposure by an ACS staff member, contractor, volunteer, or intern, which means the display of his or her uncovered genitalia, buttocks, or breast in the presence of a youth.

Voyeurism may include peering at a youth who is using a toilet or changing in his or her room or bathing, except when staff are required to maintain constant visual supervision of a youth pursuant to DJJ Directive #01/08 Vigilant Supervision of Youth on Mental Health Watches Including Suicide Prevention; requiring a youth to expose his or her buttocks, genitals, or breasts for reasons other than a properly administered strip search, body cavity search, or medical examination; or taking images of all or part of a youth's naked body or of a youth performing bodily functions except when staff are required to maintain constant visual supervision of a youth as above.
 - e. Any conduct or communication by an ACS staff member, contractor, volunteer, or intern that advances, profits from, uses, patronizes or encourages a youth to engage in any act of sexual exploitation, sex trafficking, or prostitution as defined in Article 230 of the Penal Law.
 - f. Any conduct or communication by an ACS staff member, contractor, volunteer, or intern that allows, permits, promotes, produces, uses, or encourages a youth to engage in any sexual performance as defined in Article 263 of the Penal Law; having such material involving a youth in his or her possession or control; or having accessed such material with the intent to view it.
 - g. Any conduct by an ACS staff member, contractor, volunteer, or intern that subjects a youth to incest as defined by Article 255 of the Penal Law.
 - h. Commission of any other sex offense as defined by Article 130 of the Penal Law by an ACS staff member, contractor, volunteer, or intern against a youth.

Q. **Sexual Harassment** – The definition of sexual harassment includes:

1. Repeated and unwelcome sexual advances, requests for sexual favors, or verbal comments, gestures, or actions of a derogatory or offensive sexual nature by one youth in ACS' custody toward another youth in ACS' custody; and
2. Verbal comments or gestures of a sexual nature to a youth by an ACS staff member, contractor, volunteer, or intern, including demeaning references to gender, sexually suggestive or derogatory comments about body or clothing, or obscene language or gestures.

R. **Sexual Misconduct** – Actions constituting either sexual harassment or sexual abuse.

T. **Substantiated*** – An allegation that was investigated and determined to have occurred.

U. **Transgender** – A person whose gender identity (i.e., internal sense of feeling male or female) is different from the person's assigned sex at birth.

V. **Unfounded*** – An allegation that was investigated and determined not to have occurred.

W. **Unsubstantiated*** – An allegation that was investigated and the investigation produced insufficient evidence to make a final determination as to whether or not the event occurred.

Note: Definitions denoted with an asterisk (*) are derived from the regulations implementing the Prison Rape Elimination Act as it applies to Juvenile Facilities. The definitions only apply to this policy. They are not interchangeable with the definitions of the same words as used in Social Services Law.

X. **Volunteer** – An individual who donates time and effort on a recurring basis to enhance the activities and programs of detention facilities.

Y. **Vulnerable Persons Central Register** – An entity of the New York State Justice Center for the Protection of People with Special Needs (Justice Center) that is designated to receive reports of abuse, neglect, and other significant incidents involving youth in residential settings.

- Z. **Youth** – Any child in detention under ACS’ supervision who is in the custody of ACS pursuant to Article 3 of the Family Court Act.

 - C. When ACS is planning any new building, building modification, conversion of existing spaces, or change in video monitoring capabilities for detention facilities, the Associate Commissioner for Detention or his or her designee shall consider whether any proposed change will have an impact on the changes on ACS' ability to protect youth from sexual misconduct.
 - D. Supervisors in secure detention shall conduct unannounced tours of inspection on all tours, as required by DJJ Directive #06/08 Housing Area Logbook Policy. No detention staff member shall alert other staff members that tours of inspection are occurring, unless such announcement is related to the legitimate operational functions of the facility.

- D. No detention staff member will conduct searches of transgender or intersex youth solely for the purpose of determining genital status.
- E. Detention staff shall offer transgender and intersex youth the opportunity to request that staff of a particular gender conduct any pat-frisk or necessary strip search of the youth. Detention staff shall comply with that request whenever possible consistent with

facility safety and security. Upon admission, intake staff shall offer youth who self-identify as transgender or intersex the opportunity to complete Attachment A: Search Request Form for Transgender and Intersex Youth. - F. Detention staff shall also follow requirements contained in DYFJ Directive #11.1 Personal Resident Searches, DJJ Directive #08/08 Searches in DJJ Facilities, the ACS Code of Conduct, the Justice Center Code of Conduct, and the DJJ Code of Conduct.

VII. LIMITS TO CROSS-GENDER VIEWING OF YOUTH

- A. Detention staff shall help youth understand and abide by the expectation that youth cover themselves when they may be viewed by others, except as appropriate for medical care.
- B. Detention staff of the opposite gender as youth shall avoid viewing youth in a state of undress while youth are toileting, showering, or changing clothing, except in exigent circumstances, when staff are conducting routine bed checks, or when staff are required to maintain continuous direct supervision of a youth pursuant to DJJ Directive #01/08 Vigilant Supervision of Youth on Mental Health Watches Including Suicide Prevention.
- C. Detention staff shall maintain an environment in which youth are not viewed in a state of undress, except as required for security or medical reasons outlined in this and other policies. Detention staff of the opposite gender shall announce their presence in areas and during times when youth may be performing bodily functions, showering, or changing clothing, and shall allow sufficient time for youth to cover themselves before entering those areas, except in exigent circumstances.

VIII. COMMUNICATION WITH YOUTH

- A. Detention staff who come into contact with youth who may have limited English proficiency (LEP) or disabilities shall inform supervisors so that supervisors may make appropriate referrals for assessment and services.

- C. The Case Manager Supervisor, Director of Programs, and Operations Manager at each secure detention facility, and the Executive Director of Non-Secure Detention shall provide training for admissions staff at secure facilities and case managers, child care

supervisors, and staff who conduct intake at NSD facilities on referring youth for assessment if it appears that youth may have a disability or limited English proficiency.

- D. In order to make appropriate accommodations for LEP youth and youth with disabilities, DYFJ case managers shall do the following:
1. Identify youth with LEP and youth with disabilities upon admission to a DYFJ facility and work with each youth's family, medical, mental health, psychiatry, and other staff as necessary;
 2. In NSD facilities, notify the Facility Director, who will notify the Executive Director of Non-Secure Detention, if it is necessary to arrange for ongoing language interpretation. In secure detention, coordinate with the Case Manager Supervisor to arrange for language interpretation;
 3. Document the youth's special needs in the case manager's case notes and, in consultation with the Case Manager Supervisor and the PREA Coordinator, develop a case plan in accordance with the youth's needs. The case plan shall include arrangements for providing youth with disabilities and youth with LEP with explanations, in a manner that the youth can understand, for how to report if they are feeling unsafe, how to access medical and mental health care, how to use the Residential Care Advocacy Program, and strategies for effective communication;

- E. The Director of Operations and Operations Managers at each secure facility and the Facility Director of each non-secure facility shall post and make readily available information for telephone interpretation services for all individuals who work with youth. The Operations Managers in secure detention and Facility Directors in NSD shall arrange for training of staff on how to use available resources to communicate with youth with LEP and their families and shall arrange for staff to provide such youth with meaningful access to programs and services.
- F. Detention staff, volunteers, interns, and contractors shall use interpretation resources to communicate with youth with LEP at all stages of a youth's stay at a detention facility unless the staff, volunteer, intern, or contractor speaks the youth's native language.
- G. Detention staff, volunteers, interns, and contractors shall not rely on youth, family, friends or neighbors to provide translation or interpretation except in limited circumstances where an extended delay in obtaining an effective interpreter could

compromise the youth's safety, the performance of first responder duties following an allegation that a youth was sexually abused, or the investigation of the youth's allegations. The PREA Coordinator or designee shall communicate with the contractor(s) and agency contracting entity to confirm that interpreters can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary.

IX. TRAINING OF DETENTION STAFF

A. DYFJ's Executive Director of Administration and Staff Development, in consultation with the ACS Executive Director of Training and Workforce Innovation, shall require that all detention staff who may have contact with residents receive initial and biannual refresher training on:

 16. Conducting professional, respectful and minimally intrusive cross-gender pat-frisk searches and searches of transgender and intersex youth.
- B. Detention staff shall receive additional training if staff are reassigned from a facility that houses only male youth to a facility that houses only female youth, or vice versa.

 4. How to respond effectively and professionally to youth victims and alleged perpetrators of sexual abuse, both in terms of the procedures to follow and the treatment to administer; and
 5. How and to whom to report allegations or suspicions of sexual abuse.
 - E. Administrative staff or contractors who do not have contact with youth shall receive the training for volunteers described below in Section X.
 - F. The Director of Admissions and the Executive Director of Non-Secure Detention, in consultation with the facility executive directors, shall require that admissions staff in secure detention facilities and case managers and child care supervisors at NSD facilities be trained to provide this information provided below in Section XII(A) in an age-appropriate, trauma-informed and sensitive manner.
 - G. The ACS Executive Director of Training and Workforce Innovation shall develop a method of determining that detention staff understand and exhibit competence in the information and skills provided in the trainings. The Executive Directors of the secure detention facilities shall require that facilities retain records of the trainings described above including documentation that individuals understood the training they received. The Executive Director of Non-Secure Detention shall require that facility directors

retain records of the trainings described above, including documentation that individuals understood the training they received.

- H. The Executive Director of Program Services for Detention, in consultation with the Business Law Unit, shall require that as new contracts for medical, mental health, psychiatric and other services are developed, they include requirements that contractors whose jobs will include contact with youth receive the training required under this policy and the United States Department of Justice PREA regulations in their most current form.

X. TRAINING OF VOLUNTEERS

- A. Each volunteer working with youth in a detention facility shall receive a written document providing information about the agency's sexual misconduct prevention policy, including how to report suspected misconduct; the agency's zero tolerance for sexual misconduct; and rules about confidentiality. Volunteers shall sign a document acknowledging receipt and understanding of this information.
- B. Each secure detention facility's Director of Programs shall require that any volunteer working with youth at the facility has a brief verbal contact with a detention staff member to introduce the document described above, and that each volunteer has signed it prior to contact with youth at the facility. The chaplain at each secure facility shall be responsible for making verbal contact with and obtaining signed documentation for religious volunteers.
- C. Each secure detention facility's Director of Programs shall require that volunteer groups that collaborate with the agency on an ongoing basis receive an in-person orientation to the facility and annual training about sexual misconduct prevention and reporting. It is not required that every member of the volunteer group have received the annual, in-person training prior to having contact with youth, as long as they have signed the document and received the brief verbal introduction described above and attend the first available training, which shall be offered semiannually. Volunteers shall participate in the training once every two (2) years.
- D. For NSD facilities, the Facility Director shall be responsible for completion of the forms and training of volunteers in accordance with the above provisions. The Executive Director of Non-Secure Detention shall require that contracts with NSD providers include requirements that the facilities implement this policy and comply with other aspects of PREA.

XIII. OBTAINING INFORMATION FROM YOUTH AND PLACEMENT OF YOUTH IN HOUSING AND PROGRAMMING ASSIGNMENTS

- A. Within 72 hours of a youth's arrival at a secure detention facility, the youth's case manager, under the supervision of the Case Manager Supervisor and the facility's Director of Programs, shall gather the information outlined in Section XIII(A)(1)-(11) and shall refer the youth for medical, mental health, psychiatric or other services if the information gathered indicates that such services may be necessary. Detention Staff shall consult with the NYC Department of Education if the information gathered through this process raises any concerns about the youth's safety in school. The case manager shall gather the information listed in (1)-(11) below from all available sources and shall avoid interviewing youth about potentially sensitive matters, except when necessary. The case manager shall determine whether the information gathered raises particular

concerns about a youth's safety or the safety of others. The case manager shall share any such concerns with the Tour Commander and others involved in making youths' housing and programming assignments, and those individuals shall take the information into account in making these assignments.

1. Prior sexual victimization or abusiveness;
 2. Any gender nonconforming appearance or manner or identification as lesbian, gay, bisexual, transgender, or intersex, and whether the youth may therefore be vulnerable to sexual abuse;
 3. Current charges and offense history;
 4. Age;
 5. Level of emotional and cognitive development;
 6. Physical size and stature;
 7. Mental illness or mental disabilities;
 8. Intellectual or developmental disabilities;

These individuals shall gather this information from all available sources and shall avoid interviewing youth about potentially sensitive matters, except when necessary. Once a youth is placed at a facility, the youth's case manager and the Facility Director will determine a plan for the youth's housing, supervision, and programming at that facility with the goal of keeping all youth safe and free from sexual abuse using the information listed in Section XIII(A)(1)-(11), to the extent that the information is available.
- C. Secure detention case managers and NSD case managers shall review a youth's housing and programming assignments periodically and work with appropriate detention staff to adjust as necessary based on information that becomes available that affects detention staff's ability to keep all youth safe and free from sexual misconduct.¹
- D. Detention staff shall not place lesbian, gay, bisexual, transgender, gender non-conforming, or intersex youth in particular housing or other programming assignments solely on the basis of such identification or status. Detention staff shall follow

¹ See *Room Confinement Policy for Secure Detention*.

- E. Detention staff shall make housing decisions for transgender and intersex youth based on the each youth's individualized needs and shall prioritize the youth's emotional and physical safety. Detention staff shall take into account the youth's perception of where he or she will be most secure, as well as any recommendations provided by the youth's medical, mental health, or psychiatric care provider. The presumed default housing for transgender and intersex youth will be according to their gender identity, unless there is a compelling reason that this would be inappropriate or unsafe. When a youth is not housed according to his or her identified gender, the facility Executive Director or his or her designee must provide authorization for the housing decision and detention staff must document the decision in the youth's record.
- F. Detention staff shall not automatically house transgender and intersex youth according to the sex they were assigned at birth. For transgender or intersex youth admitted to secure detention during normal business hours, the youth's case manager, Case Manager Supervisor, the Operations Managers, and/or the Director of Programs shall determine appropriate housing and programming placements in consultation with the Director of Programs or the Director of Operations. For transgender or intersex youth admitted to secure detention outside of normal business hours, the Tour Commander, the Operations Managers, the Director of Operations, and the facility Executive Director shall determine appropriate housing and programming placements. In NSD, the youth's intake case manager and/or the facility director, in consultation with the Operations Liaison, shall determine appropriate housing and programming decisions.
- G. All youth shall shower individually.
- H. Case managers of youth who are experiencing trouble with their housing or programming assignments shall schedule those youth for special needs meetings to assess their current assignments and explore supports and alternatives. - I. The Director of Programs in each secure detention facility and the Facility Directors of Non-Secure Detention shall implement appropriate controls on the internal and external dissemination within the facility of the information described in Section XIII in order to prevent sensitive information from being exploited to the youth's detriment by staff or other youth, and confirm that the agency upholds its responsibilities to safeguard

This may include information about and timely access to emergency contraception and sexually transmitted infections prophylaxis, pregnancy tests, information about and timely access to all lawful pregnancy-related medical services, treatment plans, other follow-up medical and mental health services, referrals to rape crisis centers or other organizations that can provide emotional support services, and referrals for continued care following the youth's release or transfer to another facility.
