Dear Licensees and Registrants:

As you are aware, the City is currently responding to the novel coronavirus. We want to make sure that you are provided with the most up-to-date information, and to help make sure that the information is made widely and quickly available. Please see the attached flyer and fact sheet for detailed information, and please distribute these materials to your employees.

This is a rapidly changing situation. Please check nyc.gov/health/coronavirus for the latest updates.

New Yorkers, here's what YOU need to know about the coronavirus

You can prevent the spread of any virus by staying home if you feel sick, covering your sneezes and coughs with your sleeve (not your hands) and washing your hands often.

If you feel flu-like symptoms (fever, cough and shortness of breath), and recently traveled to an area affected by coronavirus, or have been in close contact with someone who has, go to your doctor. If you have symptoms but no travel history, stay home and call your doctor. If you need connection to a medical professional, call 311.

If you're feeling well, no need to wear a face mask - and don't worry if someone else does. People wear masks for many reasons - be respectful.

Check www.nyc.gov/health/coronavirus for updates and other helpful information.
