During the reporting period, there were no young adults who met the criteria within this category.

¹ Due to a facility lockdown, recreation was not afforded.

² The Department will afford three (3) hours of recreation in conjunction with the phasing in of 2.5 hours of programming.

³ The Department will “phase-in” 2.5 hours of programming.

⁴ The Department will afford young adults four (4) hours of out-of-cell time within thirty (30) days.

Timeliness is determined by the periodicity of reviews and determinations set forth in the relevant Department directive or draft directive.**

All young adults placed in Second Chance and TRU receive their first Support Team review after being in the unit for two weeks. From that point forward, the young adults receive weekly Support Team reviews. All young adults placed in the Secure Unit receive weekly Support Team reviews.

During the reporting period, fourteen (14) young adults met the criteria for case reviews:

- Secure Unit: six (6) young adults received their weekly review.
- TRU: seven (7) young adults received their weekly review.
- Second Chance: one (1) young adult received their weekly review.

- 3) The number and percentage of young adults transferred from each PS alternative following a case review**

During the reporting period, six (6) young adults received case reviews that resulted in their transfer:

- Secure Unit: no young adult was transferred as a result of his case review.
- TRU: five (5) young adults were transferred as a result of their case review.
- Second Chance: one (1) young adult was transferred as a result of his case review.

- k. A plan and timeline detailing steps and benchmarks necessary to end punitive segregation for young adults.**

The Department remains dedicated to ending punitive segregation for all young adults. To accomplish that goal, DOC is continuing to examine all housing options in order to determine what the most appropriate strategy is to safely and effectively manage the young adult population as a whole. We anticipate that the vast majority of young adults will continue to be housed in GMDC. Some young adults will be managed in a combination of other facilities. Currently, the Department is exploring the feasibility of AMKC, GRVC, OBCC, and VCBC where the needs of young adults requiring separation or movement can be addressed.

The Department has also begun conducting a thorough analysis of the factors contributing to the violence involved within this population. Over the next few months, the Department will evaluate housing units in GMDC to determine which are the most volatile. The units identified will be restarted, carefully balanced, with renovated infrastructure and ample programming. This restart effort will closely mirror the successful efforts to combine physical infrastructure changes, programming, and staff empowerment that have resulted in dramatic changes in GRVC and now AMKC. Additionally, we will utilize this time to assess punitive segregation

alternatives – including Second Chance, Transitional Restorative Unit (TRU), Secure Units, and, for now, Enhanced Supervision Housing (ESH) – with the objective of gaining insight into which alternatives and management techniques are most appropriate for different problematic young adults.

We anticipate establishing a more detailed plan by August 5, 2016, after making the necessary adjustments that were afforded to the Department following the last Board meeting.
