

THE CITY OF NEW YORK
HOUSING AND DEVELOPMENT ADMINISTRATION
DEPARTMENT OF BUILDINGS

DEPARTMENTAL MEMORANDUM

DATE: March 13, 1975

TO: Borough Superintendents
FROM: Jeremiah T. Walsh, P.E., Commissioner
SUBJECT: MEA Accepted Boilers

The list of boiler acceptances deleted from the Department's list of acceptable materials and equipment, and so published in the City Record on January 28, 1975, and Mr. Harzmont's memorandum, dated February 14, 1975, are hereby modified as follows:

1. The list of boilers listed in the City Record on January 28, 1975 may continue to be utilized only for those premises where an application has been filed, obtained approval (including partial approvals), and a permit issued (including partial permits) prior to January 28, 1975. This shall apply regardless of whether or not said applications, indicative of contractual obligations, include the relevant Miscellaneous applications, which may be filed at a later date for such equipment.

2. In all other cases, the deletions published January 28, 1975 shall remain in force unless and until reinstated by MEA upon submission of required test data; and, only the list of MEA boiler acceptances noted in the memo dated February 14, 1975 shall be utilized.
