Scaffold Safety: Site Safety Inspections for Façade Alterations

Effective March 2015, the Scaffold Safety Team will conduct routine safety inspections for façade alterations requiring site safety compliance. The BEST Squad is no longer responsible for conducting these inspections.

The Scaffold Safety team will also inspect:

- Requests to remove sidewalk sheds; *and*
- Requests to remove project from Site Safety Program after work has been completed.

Email removal requests **for Site Safety façade jobs only** to:
