1. Program Background

The Adult Programs of New York City (NYC) Department of Correction (DOC or Department) seeks applications from qualified vendors to develop a multi-systems program that will provide client-centered services specially designed to meet the needs of adults (22+) in DOC's custody. The Department will partner with leading social service providers with the necessary expertise to effectively work with this segment of the DOC population. The adult population in DOC custody comprises of about 86% of the total inmate population. The DOC currently provides programming on a daily basis to about 35% of adult inmates who are interested and available, which leaves about 65% of interested and available inmates without services.

Programming for inmates is a critical component of the 14 Point Reform Agenda to reduce violence at the DOC, and as such, the DOC is committed to ensuring that the most effective and innovative programs are implemented across facilities. Taking this into account, this program will address some of the most critical and prevalent needs affecting adults in DOC custody and those most germane to the reduction of both in-facility violence and recidivism rates: substance use needs, criminogenic needs, women's needs, and veteran's needs.

2. Target Population & Service Level

The program will serve 900 adults with primary needs focused on veterans services, vocational training and job placement, moderate substance use disorder and criminogenic factors¹. To expand existing programming, this program will provide integrated, evidence-based pre and post release services addressing substance abuse's link to incarceration, including but not limited to, psychoeducation, relapse prevention, evidence-based assessments, methadone maintenance, dual-diagnosis needs, criminogenic factors, veteran's specific substance use needs, residential and day treatment referrals, employment training and career development and housing assistance.

The target population will be referred to the contracted social service provider for comprehensive pre and post release services offered seven days per week. Monday through Friday, jail-based facilitators will each run two daily 2.5 hour sessions with 25 participants in each group. Weekend programming will consist of a variety of activities which may include: arts and crafts, physical training, health and wellness activities, book clubs & discussions, interactive journaling, and additional hard skills workshops.

PAID SICK LEAVE LAW CONTRACT RIDER

PAID SICK LEAVE LAW CONTRACT RIDER

Introduction and General Provisions

The Earned Sick Time Act, also known as the Paid Sick Leave Law (“PSLL”), requires covered employees who annually perform more than 80 hours of work in New York City to be provided with paid sick time.¹ Contractors of the City of New York or of other governmental entities may be required to provide sick time pursuant to the PSLL.

The PSLL became effective on April 1, 2014, and is codified at Title 20, Chapter 8, of the New York City Administrative Code. It is administered by the City’s Department of Consumer Affairs (“DCA”); DCA’s rules promulgated under the PSLL are codified at Chapter 7 of Title 6 of the Rules of the City of New York (“Rules”).

Contractor agrees to comply in all respects with the PSLL and the Rules, and as amended, if applicable, in the performance of this agreement. Contractor further acknowledges that such compliance is a material term of this agreement and that failure to comply with the PSLL in performance of this agreement may result in its termination.

Contractor must notify the Agency Chief Contracting Officer of the City agency or other entity with whom it is contracting in writing within ten (10) days of receipt of a complaint (whether oral or written) regarding the PSLL involving the performance of this agreement. Additionally, Contractor must cooperate with DCA’s education efforts and must comply with DCA’s subpoenas and other document demands as set forth in the PSLL and Rules.

The PSLL is summarized below for the convenience of Contractor. Contractor is advised to review the PSLL and Rules in their entirety. On the website www.nyc.gov/PaidSickLeave there are links to the PSLL and the associated Rules as well as additional resources for employers, such as Frequently Asked Questions, timekeeping tools and model forms, and an event calendar of upcoming presentations and webinars at which Contractor can get more information about how to comply with the PSLL. Contractor acknowledges that it is responsible for compliance with the PSLL notwithstanding any inconsistent language contained herein.

Pursuant to the PSLL and the Rules:

Applicability, Accrual, and Use

An employee who works within the City of New York for more than eighty hours in any consecutive 12-month period designated by the employer as its “calendar year” pursuant to the PSLL (“Year”) must be provided sick time. Employers must provide a minimum of one hour of sick time for every 30 hours worked by an employee and compensation for such sick time must

¹ Pursuant to the PSLL, if fewer than five employees work for the same employer, as determined pursuant to New York City Administrative Code §20-912(g), such employer has the option of providing such employees uncompensated sick time must.

be provided at the greater of the employee's regular hourly rate or the minimum wage. Employers are not required to provide more than forty hours of sick time to an employee in any Year.

An employee has the right to determine how much sick time he or she will use, provided that employers may set a reasonable minimum increment for the use of sick time not to exceed four hours per day. In addition, an employee may carry over up to forty hours of unused sick time to the following Year, provided that no employer is required to allow the use of more than forty hours of sick time in a Year or carry over unused paid sick time if the employee is paid for such unused sick time and the employer provides the employee with at least the legally required amount of paid sick time for such employee for the immediately subsequent Year on the first day of such Year.

An employee entitled to sick time pursuant to the PSSL may use sick time for any of the following:

- such employee's mental illness, physical illness, injury, or health condition or the care of such illness, injury, or condition or such employee's need for medical diagnosis or preventive medical care;
 - such employee's care of a family member (an employee's child, spouse, domestic partner, parent, sibling, grandchild or grandparent, or the child or parent of an employee's spouse or domestic partner) who has a mental illness, physical illness, injury or health condition or who has a need for medical diagnosis or preventive medical care;
 - closure of such employee's place of business by order of a public official due to a public health emergency;
- or
- such employee's need to care for a child whose school or childcare provider has been closed due to a public health emergency.

An employer must not require an employee, as a condition of taking sick time, to search for a replacement. However, an employer may require an employee to provide: reasonable notice of the need to use sick time; reasonable documentation that the use of sick time was needed for a reason above if for an absence of more than three consecutive work days; and/or written confirmation that an employee used sick time pursuant to the PSSL. However, an employer may not require documentation specifying the nature of a medical condition or otherwise require disclosure of the details of a medical condition as a condition of providing sick time and health information obtained solely due to an employee's use of sick time pursuant to the PSSL must be treated by the employer as confidential.

If an employer chooses to impose any permissible discretionary requirement as a condition of using sick time, it must provide to all employees a written policy containing those requirements, using a delivery method that reasonably ensures that employees receive the policy. If such employer has not provided its written policy, it may not deny sick time to an employee because of non-compliance with such a policy.

Sick time to which an employee is entitled must be paid no later than the payday for the next regular payroll period beginning after the sick time was used.

Exemptions and Exceptions

Notwithstanding the above, the PSSL does not apply to any of the following:

- an independent contractor who does not meet the definition of employee under section 190(2) of the New York State Labor Law;
- an employee covered by a valid collective bargaining agreement in effect on April 1, 2014 until the termination of such agreement;
- an employee in the construction or grocery industry covered by a valid collective bargaining agreement if the provisions of the PSSL are expressly waived in such collective bargaining agreement;
- an employee covered by another valid collective bargaining agreement if such provisions are expressly waived in such agreement and such agreement provides a benefit comparable to that provided by the PSSL for such employee;
- an audiologist, occupational therapist, physical therapist, or speech language pathologist who is licensed by the New York State Department of Education and who calls in for work assignments at will, determines his or her own schedule, has the ability to reject or accept any assignment referred to him or her, and is paid an average hourly wage that is at least four times the federal minimum wage;
- an employee in a work study program under Section 2753 of Chapter 42 of the United States Code;
- an employee whose work is compensated by a qualified scholarship program as that term is defined in the Internal Revenue Code, Section 117 of Chapter 20 of the United States Code; or
- a participant in a Work Experience Program (WEP) under section 336-c of the New York State Social Services Law.

Retaliation Prohibited

An employer may not threaten or engage in retaliation against an employee for exercising or attempting in good faith to exercise any right provided by the PSSL. In addition, an employer may not interfere with any investigation, proceeding, or hearing pursuant to the PSSL.

Notice of Rights

An employer must provide its employees with written notice of their rights pursuant to the PSSL. Such notice must be in English and the primary language spoken by an employee, provided that DCA has made available a translation into such language. Downloadable notices are available on DCA's website at <http://www.nyc.gov/html/dca/html/law/PaidSickLeave.shtml>.

Any person or entity that willfully violates these notice requirements is subject to a civil penalty in an amount not to exceed fifty dollars for each employee who was not given appropriate notice.

Records

An employer must retain records documenting its compliance with the PSSL for a period of at least three years, and must allow DCA to access such records in furtherance of an investigation related to an alleged violation of the PSSL.

Enforcement and Penalties

Upon receiving a complaint alleging a violation of the PSSL, DCA has the right to investigate such complaint and attempt to resolve it through mediation. Within 30 days of written notification of a complaint by DCA, or sooner in certain circumstances, the employer must provide DCA with a written response and such other information as DCA may request. If DCA believes that a violation of the PSSL has occurred, it has the right to issue a notice of violation to the employer.

DCA has the power to grant an employee or former employee all appropriate relief as set forth in New York City Administrative Code 20-924(d). Such relief may include, among other remedies, treble damages for the wages that should have been paid, damages for unlawful retaliation, and damages and reinstatement for unlawful discharge. In addition, DCA may impose on an employer found to have violated the PSSL civil penalties not to exceed \$500 for a first violation, \$750 for a second violation within two years of the first violation, and \$1,000 for each succeeding violation within two years of the previous violation.

More Generous Policies and Other Legal Requirements

Nothing in the PSSL is intended to discourage, prohibit, diminish, or impair the adoption or retention of a more generous sick time policy, or the obligation of an employer to comply with any contract, collective bargaining agreement, employment benefit plan or other agreement providing more generous sick time. The PSSL provides minimum requirements pertaining to sick time and does not preempt, limit or otherwise affect the applicability of any other law, regulation, rule, requirement, policy or standard that provides for greater accrual or use by employees of sick leave or time, whether paid or unpaid, or that extends other protections to employees. The PSSL may not be construed as creating or imposing any requirement in conflict with any federal or state law, rule or regulation.

EFFECTIVE DATE 02/07/08	NUMBER 01/08	PAGE 1 OF 3 PAGES	UNDUE FAMILIARITY AND PREVENTION OF SEXUAL ABUSE OF INMATES BY STAFF AND OTHER INMATES	

TO : ALL STAFF

FROM : MARTIN F. HORN, COMMISSIONER

This message is addressed to all of you who work in our jails, whether you are an employee of the Department of Correction, an employee of another agency, a volunteer, contractor or vendor. Our collective mission is to keep our jails, the inmates, and staff, safe.

We take pride in providing a safe environment for all individuals who are committed to our custody. It is the professionalism of all of us that has established the Department as a leader in the field of corrections. We maintain high standards of behavior and demand the highest level of integrity.

- The way we behave around inmates is key to our success. We must perform our job with integrity. When boundaries are crossed, we become ineffective and the safety of each of us is threatened.
- Once you accept a gift or favor, introduce a single piece of contraband or single an inmate out for special treatment---with the first letter you carry in or out, the first cigarette you provide, the infraction you quash---the door is opened for the inmate to control you and influence your further actions.

And that becomes a serious threat to the safety of fellow staff and other inmates.

- 'Undue familiarity' is a direct violation of our Rules and Regulations. It is the Department's policy to seek termination of those who violate this rule. This behavior includes any social activity with an inmate that is not directly related to one's duties. Such behavior may involve, for example, the granting of a special favor or privilege, a phone call, accepting of a gift, bringing in contraband, a romantic relationship or at its worst, sexual conduct. Undue familiarity is not only a violation of our rules and regulations, but may also be a criminal offense.
- One of the worst offenses staff can commit is to engage in any sexual conduct with an inmate, or make sexual threats.

	MEMORANDUM

- The Department of Correction has zero tolerance for sexual abuse of inmates. **No one** is allowed to have sexual contact with any person who is incarcerated. Other inmates and employees are prohibited from asking, demanding, forcing, or participating in a sexual act with an inmate. This applies to EVERYONE including uniformed and civilian employees of the Department, as well as contractors, vendors, volunteers, and employees of other agencies who work in the jails.
- In addition to the Department policy, New York State Law clearly states that inmates are not able to give consent to sexual conduct with an employee. (Penal Law §130.05, subdivision 3). Individuals considered employees under this law include not only uniformed and civilian employees of the Department, but contractors, vendors, volunteers, employees of other agencies and all other persons who provide a direct service to inmates. In the same way that an underage minor can not consent to sex with an adult, so too an inmate can not consent to sex with employees. **There is no such thing as consensual sex between employees and inmates.** Any such sexual misconduct is a sex crime---whether it occurs inside a correctional facility, during transportation, or at any other time during an inmate's custody.
- The personal consequences for an employee who has any sexual contact with an inmate or sexually threatens an inmate are severe. Not only will that individual be terminated but they will also be arrested and criminally prosecuted. **If convicted they face imprisonment and registration as a sex offender.** The employee may also be required to pay monetary damages to the inmate out of his or her own pocket.
- This illegal behavior also poses a grave risk to all staff. The offending employee has totally compromised himself or herself, no different than if he or she were to smuggle weapons to an inmate.
- All allegations of sexual abuse and sexual threats will be investigated promptly and thoroughly.
- You all play a critical role in identifying and preventing a potential incident of sexual abuse, and responding if such an incident occurs.
- Equally important to us is the protection of inmates from sexual assaults by other inmates. The Department prohibits sexual acts between inmates, whether voluntary or coerced. Inmates who are observed engaging in a sexual act or soliciting a sexual act with another inmate must be ordered to cease their actions. Where the sex is voluntary, infractions will be processed for all the involved parties. Inmates who commit sexual abuse or assaults will be re-arrested and prosecuted to the full extent of the law. **Employees who fail to stop such assaults as they are occurring and/or fail to report them are subject to disciplinary action, including termination.** Inmates who are victims or in danger must be protected.

- Each of us is responsible for being alert to signs of potential situations in which sexual abuse might occur as well as signs of victimization. And all of us also have the duty to report any knowledge or information we may have about an employee who sexually abuses or engages in undue familiarity with an inmate. You may either contact the Department of Investigation confidentially (numbers are posted in the facilities) or, DOC employees may report to the Tour Commander. You must report, or you will face disciplinary action yourself. All allegations must be reported.
- Any employee who receives a report of inmate-on-inmate sexual abuse, must immediately notify their supervisor. An employee who intentionally fails to report such information will be subject to disciplinary charges.
- There is another role for staff to play in the prevention of sexual abuse of inmates, and that is to encourage inmates to report sexual abuse as well as any other concerns about their safety. If an inmate makes an allegation against staff or other inmates they will be offered immediate protection, medical examination and mental health services and counseling by our chaplains. And the complaint will be reported to the appropriate law enforcement officials and thoroughly investigated. We need your help in getting that message out to the inmates so that they will not be afraid to come forward if they are being victimized.

The Department is very proud of its work force and all of you who come to work day in and day out and perform your jobs professionally, with integrity. Our tradition of excellence requires that we all join together and do everything possible to make sure our zero tolerance policy is part of our culture and value system, because it is the right thing to do!

5 Procurement

5.1 Procurement records

Contractor shall retain proper and sufficient bills, vouchers, duplicate receipts and documentation for any payments, expenditures, refunds or disposals made to or received by the Contractor in connection with this Agreement.

5.2 General Procurement Policies

Any procurement of goods and/or services is to be conducted in the CONTRACTOR's name. The organization is responsible for ordering, receiving, inspecting and accepting merchandise. The name of the Department of Correction, its officials, employees, or the City of New York should not be used, under any circumstances, for the purpose of ordering and/or securing goods and services from a Vendor. Invoices, bills, receipts, etc., must be issued in the name and address of the organization. All expenditures must comply with applicable laws and contract regulations, and are subject to audit.

5.3 Purchasing Requirements/Competitive Bidding

The procurement of goods shall be governed by the competitive bidding requirements described below. The purpose of competitive bidding requirements is to establish a procedure that will secure the best possible price for goods and services while allowing for appropriate competition. The procurement process must be open and competitive (that is, no Vendor qualified to provide the goods or services may be restricted from bidding and there is fair competition among those bidders). These procedures also apply to the rental or leasing of equipment.

1. Purchases less than \$20,000

For purchases with a value of \$20,000 or less, no competitive bids are required. Documentation of the purchase must be maintained by the organization. This document must include the name of the Vendor, the item purchased, the date and amount paid.

2. Purchases from \$20,001 – 25,000

A minimum of five (5) telephone bids must be obtained for the purchase of goods of similar items where the cost can reasonably be expected to be between \$5,001 and \$25,000. Documentation of the bids and the purchase must be maintained by the organization. This document must include the name of the bidder, the Vendor, and the item purchased, the date and amount paid.

3. Purchases from \$25,001 - \$100,000

A minimum of five (5) written bids must be obtained for the purchase of goods of similar items where the cost can reasonably be expected to be between \$25,001 and \$100,000. The bids must contain a description of the item requested, the time, date, place and form of requested responses, and the name of the employee responsible for securing bids.

4. Purchases greater than \$100,000

A public solicitation of a minimum of five (5) sealed, written bids must be conducted for purchases of goods of like items where the cost can reasonably be expected to exceed \$100,000. The bids must be solicited from responsible bidders offering such commodities or services. Detailed product specifications must be developed and provided to all potential bidders in writing. The criteria to be used in determining the acceptability of bids should be contained in the specification. Bids may be solicited in one of the following ways:

Method A

A notice to bidders may be published in a generally circulated daily newspaper at a reasonable time prior to the due date of the bids. The notification should appear for a minimum of three (3) business days.

The notice to bidders should contain a general description of the goods or services for which bids are being solicited, a description of how and where specifications may be obtained, the closing date for acceptance of bids, and the date, place and time of the opening of bids. The bids must be opened at the place and on the date and time in the notice. The process of opening bids is public. Accordingly, Vendors may not

be excluded from the bid opening.

Method B

Contractors may elect to establish a list of qualified firms from which bids may be solicited. To establish this list, publication of a notice in a widely circulated newspaper is required. This notice is not a solicitation for bids. Such notice shall contain a general description of the goods and services that contractors may wish to obtain. Respondents to the notice should indicate their capability to provide the goods and services and their willingness to subsequently submit bids in response to a future solicitation. The list must be constantly updated to ensure competition. Contractors may solicit bids from the qualified bidders on the list by mailing those invitations to bid. The invitation to bid must include all relevant specifications, the due date for submission and the date, place and time of the bid opening. The bids must be opened at the place and on the date and time specified.

Contractors must document the process followed in its selection of the most responsible lowest bidder and, upon request, submit the same to DOC. The criteria for selection of the most responsible lowest bidder should include at least the following:

- a. Meeting or exceeding the bid specifications;
- b. Price;
- c. Reliability of bidder;
- d. Net 30 days, unless discount is given; and,
- e. Availability of goods and time frame for delivery.

Contractors shall make every reasonable effort to obtain competition before the purchase of commodities or services and must document any situation where reasonable competition is not available.

5.4 Essensa Group Purchasing

In 2011, the City of New York entered into a business agreement with Essensa, a New York-based group purchasing organization. Through this relationship, community-based organizations from NYC can gain access to the Essensa portfolio, which includes discounted pricing on a wide variety of products and services.

Essensa uses the total purchasing volume of all of its members to negotiate discounts with manufacturers, suppliers, and service providers.

Essensa membership is absolutely free. Contact an Essensa Client Service Associate today by phone at (866) 430-5330 or info@essensa.org for more information or to become a member. Visit Essensa online at www.essensa.org. To sign up, contact Greg Warner at (866) 430-5330 or email at warner@essensa.org.

5.5 Sole Source Procurement

Purchases exceeding \$5,000 where a CONTRACTOR is purchasing items that are considered to be sole source in nature, do not require bids. Sole source procurements are exceptions to normal purchasing procedures and are permitted only when there is one, and only one, potential bidder or offer for an item or service. Examples of circumstances that could justify sole source procurements are:

- Newspaper advertisements
- Health and Liability Insurances, Workers Compensation
- Tickets to sporting events or theme parks
- One-time performances by artists for participants
- Utilities (gas, electricity, telephone)

Bids are required if there are multiple purchases totaling more than \$5,000 with the same Vendor in a 30 day period.

Note: Consultants and Subconsultants are exempt from the bidding process.

5.6 Insurance

Central Insurance Policy (CIP)

If offered to Contractor by the Department, participation in the City-sponsored Central Insurance Program (CIP) plan shall satisfy Contractor's responsibility to obtain any of the types of insurance provided under such CIP plan. The Department may facilitate the provision of this insurance plan as a convenience for Contractor and for the protection of the City. Provision of these plans through the Department is in no way an admission by the Department or the City of liability for acts, omissions or negligence of Contractor or its employees.

Vendors That Provide Their Own Insurance

Vendors that choose not to buy into the CIP Insurance Program must provide DOC with two **original Certificates of General Liability Insurance**, as well as any renewal certificates required during the contract term. Required certificates not presented in a timely manner may result in Vendor being placed on check hold. Non-compliance will also be reflected in the final VENDEX evaluation of the contract.

Vendors are required to have General Liability Insurance in the sum of not less than **one million dollars per occurrence** to protect itself, the City of New York and the Department of Correction against claims, losses, or damages. The policy should include theft insurance to guard against loss of equipment as a result of a break-in or robbery. Each Vendor must be covered for loss due to burglaries, vandalism, fire or floods that affect equipment or furniture that is leased or purchased with DOC funds. If the equipment is lost or stolen, the Vendor must obtain a police report detailing the nature of the incident as well as submit a claim to the insurance carrier. In addition, submit an official report to DOC. The Vendor must replace lost or stolen equipment with funds obtained from settlement of the claim.

Insurance must be obtained from a company licensed to do business in the State of New York. **Both the City of New York and DOC are to be included as additional insured in the Description Box and Certificate Holder Box** on the certificate of General Liability (**See Appendix 3.**) The Risk Management Unit/CAFD must receive written notification within fifteen (15) days if the policy is cancelled during the contract term. All other mandatory insurance policies must be made available for

inspection by DOC staff, CPA Auditors or other authorized agents.

DOC retains the right to enroll a non-compliant Vendor in CIP and to withhold 4.5% of the contract

Employer's FICA is budgeted at 7.65% of total salaries. The maximum of wages taxed for the Social Security portion of FICA is currently \$106,800. Please note that these rates and dollar amounts are determined by the Federal government, and are subject to change.

State Unemployment Insurance (SUI) is budgeted at the Vendors insurance rate for up to and including the first \$8,500 of an employee's salary. **Please note:** Terminated staff as well as new staff hired within the same calendar year must be covered by SUI. 11

Medical Benefits, Life Insurance, Pension, Workers Compensation, and Disability costs are to be calculated based upon the Organization's policies.

6 Taxes

The Contractor must affirm in Appendix A that it is not in arrears to the City of New York upon debt, contract or taxes and is not a defaulter, as surety or otherwise, upon obligation to the City of New York, and has not been declared not responsible, or disqualified, by any agency of the City of New York, nor is there any proceeding pending relating to the responsibility or qualification of the proposer or bidder to receive public contract.

7 Auditing

Audit and financial reporting requirements

Pursuant to Article V of the Agreement, the Contractor must meet the following requirements:

A. If any Contractor is exempt from making annual filings to the Charities Bureau of the New York State Department of Law, the Contractor will, at direction of City, provide the City with annual disclosure reports equivalent to those filings that Contractor would have filed with the State had they been required to file. 2. Contractors with gross revenues in excess of \$250,000 shall file with the Department an annual audit report by an independent certified public accountant. The financial report must be signed by the president or other authorized officer and the chief fiscal officer under penalties of perjury that the statements are true and correct to the best of their knowledge.

B. Contractors receiving funds pursuant to this Agreement in excess of \$1,000,000 will, at direction of City, provide to the Department an audit report from an independent certified public accountant containing an opinion that the Contractor has appropriately allocated costs in accordance with the terms of the Agreement, including that the costs have not been improperly double-charged between multiple City and/or State contracts or between multiple governmental funding sources. The Contractor may satisfy this requirement by including the appropriate analysis in any audits required pursuant to Section 5.04 or 5.05.

C. The Contractor must submit all required audit and financial reports under this Section to the Department within thirty (30) days after receipt of the final audit from its accountant, but in any event no later than twelve (12) months after close of the audit period, or such longer period as determined by the Department. The audit and financial reports shall comply with the applicable provisions in the Fiscal Manual throughout the term of this Agreement, including terms mandating the audit period and frequency of such audits and reports.

D. The Department may in its sole discretion conduct its own programmatic or financial audits of the Contractor.
