

HPV CONTINUING MEDICAL EDUCATION, WEBINARS AND EDUCATIONAL MODULES

The following webinars and online trainings can help you talk to your patients and their parents about the HPV vaccine's importance. In many cases, Continuing Medical Education (CME) or Continuing Education (CE) credit is available.

CME/CE - Centers for Disease Control and Prevention

- **You Are the Key to Cancer Prevention**
 - **Audience:** All healthcare professionals
 - **Goal:** Disseminate up-to-date information on HPV infection, the HPV vaccine and ways to successfully communicate with patients and their parents about HPV vaccination; it's not opening the door to sex—it's closing the door to cancer.
 - **Link:** <http://www.cdc.gov/vaccines/ed/hpv/default.htm>
 - **Credit:** 1 credit (CE); expires 2/26/2016

CME/CE - National Foundation for Infectious Diseases

- **Five Key Steps To Improve HPV Vaccination Rates in Your Practice**
 - **Audience:** All healthcare professionals
 - **Goal:** Discuss HPV vaccination barriers and opportunities and present five steps that healthcare professionals can take to improve HPV vaccination rates in their practices.

 - **Credit:** 1 credit (CME); expires 6/9/15

Videos/Webinars (Non-Credit)

- **Medscape: HPV Vaccine – It's About Cancer Prevention, Not Sex**
 - <http://www.medscape.com/viewarticle/831348>
- **VICNetwork: HPV Vaccine is Cancer Prevention ... So What's The Hold Up?**
 - **Webinar slides:** <http://www.vicnetwork.org/wp-content/uploads/VICNetwork-Webinar-HPV-01-28-14-slides.pdf>
 - **Webcast:** <http://www.vicnetwork.org/wp-content/uploads/VICNetwork-Webinar-HPV-01-28-14.mp4>
- **Medscape: CDC Expert Commentary – Recommending HPV Vaccine Successfully**
 - <http://www.medscape.com/viewarticle/810030>
- **CDC Immunization Courses**
 - <http://www.cdc.gov/vaccines/ed/courses.htm>

CME/CE - Medscape

- **Communicating Safety and Efficacy of HPV Vaccine to Parents and Preadolescents**
 - **Audience:** Healthcare providers who vaccinate children
 - **Goal:** Convey communication techniques regarding the HPV vaccine.
 - **Link:** <http://www.medscape.org/viewarticle/834038>
 - **Credit:** 1 credit (CME/CE); expires 11/13/15
- **Framing the Conversation with Parents About the HPV Vaccine**
 - **Audience:** Pediatricians, family medicine physicians and nurses
 - **Goal:** Raise awareness about the importance of the HPV vaccine for pre-teens and provide strategies to educate parents about the power of the vaccine to protect their children.
 - **Link:** <http://www.medscape.org/viewarticle/827912>
 - **Credit:** 0.75 credits (CME/CE); expires 7/18/15
- **HPV in Our Midst: Understanding the Problem and Having the Conversation**
 - **Audience:** All healthcare professionals providing primary care to preteens, adolescents and young adults
 - **Goal:** Enhance understanding of HPV infection and facilitate acceptance of the vaccine.
 - **Link:** <http://www.medscape.org/viewarticle/826415>
 - **Credit:** 0.5 credits (CME/CE); expires 6/18/15
- **HPV-Related Disease: Evaluating Burden and Opportunities for Prevention**
 - **Audience:** Clinicians, researchers, epidemiologists and other healthcare professionals involved in the prevention of HPV-related infection and disease
 - **Goal:** Convey new data on the clinical burden of HPV disease, the current role of HPV vaccination in cancer prevention and the potential impact of developments in HPV vaccines and cervical cancer screening on disease prevention.
 - **Link:** <http://www.medscape.org/viewarticle/831027>
 - **Credit:** 1 credit (CME); expires 9/18/15
