## **Health insurance covers important services, like:**

- Regular visits to your doctor
- Visits to the hospital or the emergency room
- Prescription drugs

## **Find out about the NEW Essential Plan:**

- A new health plan for New Yorkers with lower incomes
- It's either free, or costs \$20 per person a month, with no deductible.
- It covers the same benefits as other health plans in the New York State of Health Marketplace.

## **Regardless of immigration status:**

- In-person enrollment counselors can explain your health insurance and medical care options. Financial help may be available and your information will be kept **private**.
- Children can get health insurance through Child Health Plus.
- **Documented immigrants can get health insurance through the New York State of Health Marketplace.**

## **If you already have health insurance through the New York State of Health Marketplace, you:**

- May qualify for the Essential Plan
- May qualify for financial help, if your income or the cost of your current plan has changed
- Will be automatically enrolled in the same plan, unless you choose a new plan
