Congratulations in joining. Our mission is to work hard for the integration of all Latinos at the New York City Department of Sanitation (DSNY).

Founded in 2007, SAL's main focus is to provide our valued member with the necessary tools and information that can propel them to the next level within DSNY.

Becoming a SAL member means that you've taken the first step in the right direction to tap into the power of an already established respected organization. We will serve as a liaison between you and other people of interest within the DSNY.

We will also provide you with extra non-department activities that you will enjoy with your primary families.

On behalf of the Executive Board I thank you for choosing to be part of our organization.

Thank you.
