GENERAL INFORMATION

HIGHLIGHTS OF RECENT LEGISLATION

The Relocation Employment Assistance Program (REAP) has been reinstated and a program granting similar benefits to businesses that relocate to lower Manhattan (LMREAP) has been enacted. Both the reinstatement of the REAP program and the enactment of the LMREAP program are effective as of July 1, 2003. See Administrative Code sections 11-1105.2 and 11-1105.3

Effective for tax periods beginning on and after August 1, 2002, entities that receive eighty percent or more of their gross receipts from charges for the provision of mobile telecommunications services to customers will be taxed as if they were regulated utilities for purposes of the New York City Utility Tax, General Corporation Tax, Banking Corporation Tax and Unincorporated Business Tax. Thus, such entities will be subject to only the New York City Utility Tax. The amount of gross income subject to tax has been amended to conform to the Federal Mobile Telecommunications Sourcing Act of 2000. In addition, if any such entity is a partnership, its partners will not be subject to the New York City Utility Tax on their distributive share of the income of any such entity. Finally, for tax years beginning on and after August 1, 2002, partners in any such entity will not be subject to General Corporation Tax, Banking Corporation Tax or Unincorporated Business Tax on their distributive share of the income of any such entity. Chapter 93, Part C, of the Laws of New York, 2002.

Chapter 536 of the Laws of 1998 made the following changes to the New York City Utility Tax:

Effective January 1, 1998, a vendor of utility services includes every person not a utility as defined in §11-1101.6 of the Ad. Code, who provides telecommunications services which are defined as including any transmission of voice, image, data, information and paging through the use of wire, cable, fiber optic, laser, microwave, radio wave, satellite or similar media. See Ad. Code §11-1101.9.

Effective January 1, 1998, receipts from sales of gas, electricity, steam, water or refrigeration or the rendering of gas, electric, steam, water or refrigeration service to a landlord not subject to PSC supervision for resale by such landlord to tenants are not excluded from gross income of a utility.

Effective January 1, 1998, gross operating income of a landlord not subject to PSC supervision does not include income derived from the resale of gas, electricity, steam, water or refrigeration or gas, electric, steam, water or refrigeration service to tenants, provided, that in the case of a resale of gas, electricity, or steam or gas, electric, or steam service, the utility tax has been paid or accrued with respect to a prior sale. If such income of a landlord is subject to tax, the amount of gross income included in gross operating income is deemed to be equal to such landlord's cost, including transportation costs.

Effective January 1, 1998, landlords not subject to PSC supervision all of whose gross operating income for utility tax purposes for any period consists of income not subject to tax as described in the preceding paragraph are not required to file Form NYC-UXS for that period. An information return may be required to be filed by September 1 of each year.

Effective for tax periods beginning after 1998, returns are only required semiannually for taxpayers whose utility tax liability is less

than \$100,000 for the preceding calendar year, determined on an annual or annualized basis. Taxpayers first becoming subject to the utility tax must file monthly returns for every month of the calendar year during which they first become subject to tax.
