

Improve pedestrian and bicycle access throughout Edgemere and the Rockaways

- Create safe routes to transit, retail, and neighborhood services.
- Improve streetscape, such as benches, bicycle racks, bus shelters, and transit information.
- Improve pedestrian crossings at key locations.

Improve transit service and reliability

- Implementation of the Short-Term Project Q52/53 Select Bus Service in 2017.
- Work with MTA to study local bus service and recommend improvements where needed.
- Work with MTA to improve connections.

Improve vehicular access throughout the Rockaways

- Continue to reconstruct and resurface roadways.
- Investigate ways to improve vehicular circulation across the peninsula.
- Improve intersection operations at key locations.
