**Narratives****Areas of Greatest Need:**

The New York City Neighborhood Stabilization Home Ownership Program will use NSP funds to acquire and rehabilitate foreclosed and abandoned residential properties. The program may also establish financing mechanisms for the purchase and redevelopment of foreclosed and abandoned residential properties. These types of activities are CDBG eligible under 570.201(a) (b) and (d) and 570.202 for NSP eligible use a, b, d, and e. All units assisted will be occupied by households meeting the definitions of low, moderate and middle income as defined in the Housing and Economic Recovery Act of 2008. Funds will be available for households with incomes up to 120% of median income adjusted for household size, currently \$92,160 for a family of 4. The activities funded through NSP will be targeted to areas exhibiting the greatest needs. The areas targeted for assistance are primarily lower income communities experiencing a high number of foreclosed and abandoned properties and based on HUD data are ranked as areas with high foreclosure risk scores and highest percentage of high cost loan rates associated with sub prime lending. The communities of Jamaica, Bellerose/Rosedale, North Shore, Howard Beach/South Ozone Park, Kew Gardens/Woodhaven, Rockaways, South Shore, Bedford Stuyvesant, Jackson Heights, Williamsbridge/Baychester, East New York/Starrett City, Flatlands/Canarsie, Mid-Island, East Flatbush, Hillcrest/Fresh Meadows, Flushing/Whitestone, Soundview/Parkchester, Middle Village/Ridegwood, Bushwick, and Morrisania/East Tremont have been designated as areas of greatest need.

**Distribution and and Uses of Funds:**

This approach will have several benefits. By targeting funds to specific communities, there will be a greater impact on the neighborhood and funds will be directed to communities where it is needed the most. Another expected benefit is that housing that is safe and decent will be made available to low, moderate and middle income households. To address the housing conditions, New York City will work with a non-profit and for profit housing developers to acquire vacant and/or foreclosed 1-4 and multifamily properties, rehabilitate the homes/buildings and sell or rent the homes to eligible low, moderate and middle income households.

**Activity Description:**

This project consists of two clusters of properties developed through HPD's Neighborhood Homes Program in the Brownsville/Ocean Hill area of Brooklyn, NY. Though they had originally been intended to be sold to homebuyers, the developer has not been able to sell the majority of the units. Consequently, the developer is delinquent by more than 180 days on the construction loan and potentially heading toward foreclosure. In order to put these units back into productive use, a Housing Development Fund Corporation (HDFC) will purchase the properties and pay the delinquent construction loan with a new mortgage and NSP subsidy. All apartments will be rented to income-qualified renters at 50% AMI.

**Activity Progress Narrative:**

We are working toward an acquisition closing that would take place in the first quarter of FY 2012. The sponsor is finishing their NEPA review submission for HPD's Environmental unit to review. The sponsor is also providing other closing checklist due diligence items for review on an ongoing basis such as financial statements.

**Activity Description:**

OLR LBCE, LP requests HPD NSP I funds to purchase a cluster of four foreclosed properties in the Bronx, New York. These properties were previously owned by Ocelot Capital Group (OCG), an investment firm who purchased the buildings at the height of the real estate boom. This portion of the OCG portfolio was purchased in 2007 for \$36 million with \$29 million of debt issued by Deutsche Bank that was immediately sold to Fannie Mae. Shortly thereafter, OCG abandoned the buildings in the portfolio because they could not afford to pay the overvalued mortgage. During this time ten of the OCG properties were placed on city's worst building list in 2007 and 2008, with nearly 5,00 housing code violations. Fannie Mae initiated foreclosure proceedings in March, 2009.

The proposed project consists of 154 units located in four four-story buildings at Leland Avenue, one five-story building at Bryant Avenue, one six-story building at Crotona Avenue, and one five-story building at East 175th Street. Twenty units will be the NSP-designated units and will conform to applicable 50% AMI low-income set-aside requirements.

No tenant will be displaced as a result of OLR LBCE, LP's actions. Some tenants may move within their respective building, and some tenants may need to be temporarily relocated to off-site housing (less than 30 days). Borrower as owner will be responsible for applicable costs of the temporary relocation of any tenants that may need to be relocated outside the complex.

**Location Description:**

### Activity Progress Narrative:

NSP funds were provided for the acquisition of this cluster of foreclosed properties in November of 2010. Other funds, including a bank loan and developer equity, are being used to fund the rehabilitation of the buildings. Rehab work is underway.

**Activity Description:**

On November 16, 2010 HPD received a "Notice of Noncompliance of Obligation" letter from the HUD field office. The Grattan St project was found to be ineligible for obligation compliance because the foreclosure auction had yet to occur. As a cure, HPD suggested obligating the funds originally dedicated to the Grattan St project for the Cypress Village project, which was already an approved NSP I activity. HUD responded affirmatively to this suggested course of action and the \$345,931.25 that was intended for Grattan St will be used in Cypress Village. HPD issued a notice terminating the NSP Loan Agreement with the sponsor and is executing an amendment to the NSP Loan Agreement with the Cypress Village sponsor to reflect the increase in funds. The original activity description is below.

Cypress Homes HDFC Development Corporation expects to acquire and develop three vacant non-contiguous City-owned lots in the East New York section of Brooklyn, New York into twenty-nine apartments – twelve in the first building, nine in the second, and eight in the third. The apartments will provide safe, energy-efficient, and affordable housing to low-income families. The 23 two-bedroom and 6 three-bedroom rental units will be affordable to families earning between 40% and 60% of AMI. Eight two-bedroom will be the NSP-designated units and will conform to applicable low-income set-aside restrictions.

The total development cost for the project is expected to be approximately \$10 million, and is expected to be funded by HOME and NSP funds from HPD, Reso A capital funds, and grants from State Senator Martin Dilan, La Raza Development Fund (RDF), TD Bank, Home Depot Foundation, Enterprise Green Communities, and Local Initiatives Support Corporation (LISC) green grants. In addition, CHLDC applied to HPD for a 9% Low Income Housing Tax Credit (LIHTC) allocation of approximately \$725,000 – awards will be announced in late September. Construction financing will be supplied by the Community Preservation Corporation (CPC) and National Equity Fund (NEF) will serve as our syndicator.

In addition, Cypress Village is our greenest project. The project meets and, in some cases, exceeds, NYSERDA's multi-family performance program standards. The sustainable features in the project include: blown-in insulation, Energy Star windows, optimally efficient heating and cooling systems, water-saving fixtures such as dual-flush toilets, as well as recycled-content tiles and countertops and bamboo floors. This would reduce the operating costs of the building, ensuring ongoing affordability for its tenants.

## Location Description:

Site 1: 371 Van Siclen Ave, Brooklyn, NY  
 Site 2: 525 Linwood St, Brooklyn, NY  
 Site 3: 315 Jerome St, Brooklyn, NY

With the exception of the 315 Jerome St site, the sites are all undeveloped, vacant properties that are currently fenced in. The East New York neighborhood has historically had many underdeveloped properties but neighborhood conditions have improved slowly over the last several decades with subsidized affordable housing.

371 Van Siclen Ave is a rectangular-shaped lot on the east side of Van Siclen Avenue between Belmont and Sutter Avenues. The site is generally level at grade and improved with all available public utilities including city sewers. The northern, southern, eastern, and western portions of the block are occupied primarily by residential uses including mainly three-and four-story attached single-family and multi-family residential buildings. In addition, the northern portion of the block contains a church. Van Siclen Avenue is a one-way, northbound thoroughfare carrying light to medium vehicular traffic. The street is improved with an asphalt surface, concrete sidewalks and curbs. On-street, alternate side street parking is permitted.

315 Jerome Street is a rectangular-shaped lot on the east side of Jerome Street between Glenmore and Pitkin Avenues. The site has a two-story concrete block building which has been abandoned for years. CHLDC will demolish the building upon obtaining the permit. Demolition is expected to be done by December, 2009. The site is generally level at grade and improved with all available public utilities including city sewers. The northern, southern, eastern, and western portions of the block are occupied primarily by residential uses including mainly three-and four-story attached single-family and multi-family residential buildings. In addition, the northern part contains some retail establishments including grocery stores. Jerome Street is a one-way, northbound thoroughfare carrying light vehicular traffic. The street is improved with an asphalt surface, concrete sidewalks and curbs. On-street, alternate side street parking is permitted.

525 Linwood Street is a rectangular-shaped lot on the southeast corner of Linwood Street and Belmont Avenue. The site is generally level at grade and improved with all available public utilities including city sewers. The northern, southern, eastern, and western portions of the block are occupied primarily by residential uses including mainly three-and four-story attached single-family and multi-family residential buildings. In addition, the northern portion of the block contains some commercial establishments; the southern portion of the block contains some retail stores, parking lots, and the 75th police precinct. Linwood Street is a one-way, southbound thoroughfare carrying light vehicular traffic and Belmont Avenue is an eastbound street with light vehicular traffic. The street is improved with an asphalt surface, concrete and crushed stone sidewalks and concrete curbs. On-street, alternate side street parking is permitted.

Currently, these sites are used as illegal dumping grounds and destinations for youth to congregate and loiter. In the absence of this project, these lots would continue to remain vacant and underutilized. These properties would not only be an eye sore, but a potential health hazard and devalue the neighborhood. The proposed project would not only fulfill affordable housing needs but also promote area revitalization.

## Activity Progress Narrative:

We are working toward a construction closing that would take place in the second quarter of FY 2012. We anticipate that the sponsor will receive an additional grant of NSP through a subgrant from HFA. We are awaiting HUD's review and approval of the HFA NSP3 application. The sponsor is also providing closing checklist due diligence items for review on an ongoing basis such as financial statements.
