DEPARTMENT OF CORRECTION
Job Posting Notice**

Civil Service Title: Computer System Manager	Level: M-I
Title Code No: 10050	Salary: \$100,000 - \$120,000 Frequency: ANNUAL
Business Title: Senior ETL Developer	Work Location: 75-20 Astoria Boulevard East Elmhurst, New York 11370
Division/Work Unit: Information Technology	Number of Positions: 1
Job ID: 248925	Hours/Shift: Day Tour

Job Description

The New York City Department of Corrections (DOC) is one of the largest municipal jail systems in the United States. It provides for the care, custody, and control of persons accused of crimes or convicted and sentenced to one-year or less of jail time. The DOC operates 12 inmate facilities, nine of which are located on Rikers Island. In addition, the department operates two hospital prison wards (Bellevue and Elmhurst hospitals) and court holding facilities in Criminal, Supreme, and Family Court in each borough.

The Senior ETL Developer will serve as a Senior datastage ETL Developer in the Information Technology Division and will work with a team to deliver ETL jobs that load data warehouse systems, provide production support for existing ETL batch jobs and datawarehouse, create technical design documents, and mentor Junior ETL Developer (s). The successful candidate will have the opportunity to contribute to the evolution of the system's architecture and technology, as well as the continual improvement of development processes. Selected candidate will also be responsible for reviewing functional requirements and technical specifications and documents; ensures that defined architecture, coding standards and best practices are followed. He/she will also perform development and design activities for ETL & Data Integration, Query Optimization as well as supports UAT process and participates in System Integration testing.

Minimum Qualification Requirements

1. A master's degree in computer science from an accredited college and three years of progressively more responsible, full-time, satisfactory experience using information technology in computer applications programming, systems programming, computer systems development data telecommunications, database administration, planning of data/information processing, user services, or area networks at least 18 months of this experience must have been in an administrative, managerial or executive capacity in the areas of computer applications programming, systems programming, computer systems development, data telecommunications, data base administration, or planning of data processing or in the supervision of staff performing these duties; or
2. A baccalaureate degree from an accredited college and four years of experience as described in "1" above; or
3. A four-year high school diploma or its educational equivalent approved by a State's department of education or recognized accrediting organization and six years of experience as described in "1" above; or
4. A satisfactory combination of education and experience which is equivalent to "1", "2" or "3" above. However, all candidates must have at least a four-year high school diploma or its educational equivalent approved by a State's department of education or recognized accrediting organization and must possess at least three years of experience as described in "1" above, including the 18 months of administrative, managerial, executive or supervisory experience as described in "1" above.

Note:

The following types of experience are not acceptable: superficial use of preprogrammed software without complex programming, design, implementation or management of the product; use of word processing packages; use of a hand held calculator; primarily the entering or updating of data in a system; the operation of data processing hardware or consoles.

Preferred Skills

- Experience in Datastage 8.5 and in Unix.
- Experience in DB2 and SQL Server.
- Ensures that defined architecture, coding standards and best practices are followed.
- Knowledge in Kettle is a plus
- Versed in different development methodologies (Iterative, Agile, Scrum etc.).

Residency Requirement

New York City Residency is not required for this position.
