

Project # SANDTWOBOR | Borough: Manhattan | Date Updated: 02/27/2023

The Brooklyn Bridge - Montgomery Coastal Resilience (BMCR) Project is an initiative to provide long-term flood protection on the south side of Manhattan.

Greenway Closure and Bike Detour John Street to Market Street Starting on or about the week of March 11, 2024, ongoing until 2026.

Construction of flood protection, new waterfront amenities, and an enhanced East River Greenway necessitates the closure of the existing two-way Greenway bike path along South St. between Dover St. and Catherine Slip. Cyclists are strongly encouraged to seek alternate routes or follow the new detour between John Street and Market Street. For northbound travel, use the East Side Coastal Resiliency (ESCR) detour at Pike St./Allen St. Please follow posted signage.
