

Project # SANDTWOB | Borough: Manhattan | Date Issued: 07/19/2023

The Brooklyn Bridge - Montgomery Coastal Resilience (BMCR) Project is an initiative to provide long-term flood protection on the south side of Manhattan.

Start of Micropile Installation

**Under the FDR Drive, between Robert F. Wagner Sr. Place and Pier 35
Starting July 31, 2023, and continuing until further notice.**

Micropiles will be installed throughout the esplanade to provide support for the flip up gates which are one part of the larger flood protection system being installed to protect the area.
