|               |  | Contract Start            | Contract End | Procurement Method     | Fiscal Quarter | Job Titles           | Headcount |
| FY16NDEPBEP1  | WQDC-DCM: Green Infrastructure demo projects for water quality and drainage control in MS4 areas and SE Queens - Design and construction management services   | 12/1/2015                 | 12/1/2021    | Request for Proposal   | 3              | None                 | 0         |
| FY16NDEPBEP2  | PPGH-MS4: Pollution prevention and good housekeeping for MS4 - Municipal facilities inspections  | 12/1/2015                 | 12/1/2021    | Request for Proposal   | 3              | None                 | 0         |
| FY16NDEPBEP3  | Oakwood Beach Wetland: Work with NYS Regional Economic Development Council (REDC) to design up to 53-acres of tidal wetlands and protective dune project along the South Shore of Staten Island - DEP portion of grant match   | 12/1/2015                 | 5/1/2017     | Intergovernmental      | 3              | None                 | 0         |
| FY16NDEPBEP4  | Oyster Restoration at Jamaica Bay: Work with Department of Interior/National Fish and Wildlife Foundation for an oyster restoration project in Jamaica Bay - DEP portion of grant match  | 12/1/2015                 | 5/1/2017     | Intergovernmental      | 3              | None                 | 0         |
| FY16NDEPBEP5  | Wetland Maintenance: Maintain DEP constructed wetlands and other Best Management Practices   | 3/1/2016                  | 3/1/2019     | Request for Proposal   | 3              | None                 | 0         |
| FY16NDEPBEP6  | Alley Creek Environmental Benefits Project: DEC Environmental Benefits Project - 1.5 acres of wetland restoration in Alley Creek   | 3/1/2016                  | 8/1/2017     | Intergovernmental      | 3              | None                 | 0         |
| FY16NDEPBEP7  | Floatables Study: Utilize trash survey template from pilot and incorporate information from municipal operations (catch basins, street sweeping, etc.)   | 3/1/2016                  | 3/1/2017     | Request for Proposal   | 3              | None                 | 0         |
| FY16NDEPBEP8  | Water-Quality Forecasting Model: Development of a comprehensive water quality model to test different combined sewer overflow (CSO) and stormwater control scenarios and determine receiving water quality standard attainments for planning efforts such as Long Term Control Plan and Stormwater Management Plan as required by 2012 Consent Order and Municipal Separate Sewer System Permit, respectively. | 12/1/2015                 | 12/1/2017    | Sole Source            | 3              | None                 | 0         |
| FY16NDEPBEP9  | DEP-ENS - Energy Neutrality Study: Analyze DEP's current capabilities to become energy neutral, evaluate strategies to reach that goal, and provide robust cost analysis of alternative paths.   | 3/1/2016                  | 3/1/2017     | Request for Proposal   | 3              | None                 | 0         |
| FY16NDEPBEP11 | Operations - DEP Recycle Porcelain Aggregate Facility: Will operate facility owned by DEP, specifically: provide all labor, equipment and materials necessary to receive, crush, process and store the discarded toilets (porcelain).  | 12/1/2015                 | 12/31/2016   | Competitive Sealed Bid | 2              | None                 | 0         |
| FY16NDEPBEP10 | DEP-EPC - Energy Performance Contract: Will perform investment grade energy audits at selected facilities and develop a project plan (scope, schedule, and cost) for recommended energy conservation measures. The energy service company (ESCO) will then design, implement and guarantee the energy savings of the project plan.   | 9/1/2015                  | 9/1/2017     | Request for Proposal   | 2              | None                 | 0         |
| FY16NDEPOG1   | GGEO-01, Geotechnical Services for Design and construction Right of Way Bioswales and green streets  | 10/1/2015                 | 11/1/2019    | Competitive Sealed Bid | 2              | None                 | 0         |
| FY16NDEPOG2   | Various Green Infrastructure design consultant services as needed by the Office of Green Infrastructure  | 1/1/2016                  | 10/1/2018    | Request for Proposal   | 3              | None                 | 0         |
| FY16NDEPBWS01 | VAC-16 Services of a vector-jet flusher machine  | 11/14/2016                | 11/13/2018   | Competitive Sealed Bid | 4              | None                 | 0         |
| FY16NDEPBWS02 | TL-16 Removal & Disposal of Debris/Residuals   | 8/1/2015                  | 7/31/2017    | Competitive Sealed Bid | 3              | None                 | 0         |
| FY16NDEPBWS03 | BHOE-16 Services of Backhoe Loader W/Operating Engineer(1-M)   | 5/2/2016                  | 4/19/2018    | Competitive Sealed Bid | 2              | None                 | 0         |
| FY16NDEPBWS04 | BHOE-16 Services of Backhoe Loader W/Operating Engineer(2-X)   | 5/2/2016                  | 4/19/2018    | Competitive Sealed Bid | 2              | None                 | 0         |
| FY16NDEPBWS05 | BHOE-16 Services of Backhoe Loader W/Operating Engineer(3-Q)   | 4/15/2016                 | 4/14/2018    | Competitive Sealed Bid | 2              | None                 | 0         |
| FY16NDEPBWS06 | BHOE-16 Services of Backhoe Loader W/Operating Engineer(4-K)   | 4/15/2016                 | 4/14/2018    | Competitive Sealed Bid | 2              | None                 | 0         |

| FY16NDEPBED&C5 | EE-EPC-B Professional Service for the Agency's Project Management Information System (PMIS), based on a Microsoft Azure hosted Program Portal and e-Builder. Will include Project Management, Project Startup, Capital Program Controls Support, development, testing and rollout support for additional business process workflows and additional functionality within PMIS and within e-Builder to develop an information technology environment that will support the management of the Department's Capital Improvement Program.   | 4/1/2016                  | 4/1/2020     | Request for Proposal | 4              | None                 | 0         |
| FY16NDEPBED&C6 | EE-CM4A-D Construction Management Professional Service contract for all Engineering disciplines with specific experience in construction management projects assigned to NYC Department of Environmental Protection (DEP) in fields which the agency is not readily knowledgeable, such as, but not limited to particular areas in Wastewater treatment, Large pumps, Pump stations, Water mains, Force mains, Hazardous materials, Sewer construction, Hydraulic flow, Open channel flow, Ultraviolet and Water filtration treatment, Tunnel and shaft design and construction, Dam construction, Ground Water pumping and treatment, HVAC upgrades, Electrical upgrades, Structural upgrades, Mechanical upgrades, Architectural upgrades. | 6/1/2016                  | 6/1/2019     | Request for Proposal | 4              | None                 | 0         |
| FY16NDEPBED&C7 | MET-TOC – CM Construction Management Professional Service contract for the construction, Installation of Water Meters at Various Developments of the New York City Housing Authority, with experience in Hazardous materials and abatement.  | 7/1/2015                  | 7/30/2017    | Request for Proposal | 1              | None                 | 0         |
| FY16NDEPBED&C8 | CAT-457 Professional Engineering Services for the design of those elements that can not be managed by in-house staff and the environmental assessment and other permits for the new tunnel and associated facilities between Kensico Reservoir and the Cat-Del Ultraviolet Light Disinfection Facility. DEP does not have the expertise to develop an Environmental Impact Statement (EIS) and permitting requirements of the town of Mt Pleasant.   | 6/28/2016                 | 6/28/2025    | Request for Proposal | 4              | None                 | 0         |
| FY16NDEPBED&C9 | CAT-213-DES Professional Engineering Services for the design and design services during construction of certain projects at Ashokan Reservoir. This design work requires Professional Engineering services with competency in Dam Safety engineering practices.  | 6/30/2016                 | 6/13/2028    | Request for Proposal | 4              | None                 | 0         |

| Plan ID #       | Description of Services to be Procured  | Anticipated Contract Info |              |                      |                | Similar Agency Roles |           |
|-----------------|---|---------------------------|--------------|----------------------|----------------|----------------------|-----------|
|                 |   | Contract Start            | Contract End | Procurement Method   | Fiscal Quarter | Job Titles           | Headcount |
| FY16NDEPBED&C10 | RESAMSAF-DES Professional Engineering Design Service contract for the reconstruction of 4 In-City Dams (Central Park, Silver Lake, Hillview, and Jerome Park Reservoir) This design work requires Professional Engineering services with competency in Dam Safety engineering   | 6/28/2016                 | 6/28/2021    | Request for Proposal | 4              | None                 | 0         |
| FY16NDEPBED&C11 | QBT-ES-DES Design Management Professional Service contract requiring all Engineering disciplines with experience in water supply projects, underground infrastructure Design, specializing in water tunnel shafts and shaft water main design for City Tunnel No.3 Shafts 17B and 18B.  | 4/1/2016                  | 4/2/2026     | Request for Proposal | 4              | None                 | 0         |
| FY16NDEPBED&C12 | EE-RRC-DES2: Design Professional Services contract for Electrical, Mechanical, Civil, Structural, Chemical engineering, with experience with wastewater treatment plants and residual chlorine reduction.   | 1/1/2016                  | 8/27/2020    | Request for Proposal | 3              | None                 | 0         |
| FY16NDEPBED&C13 | CT3CORR Design Professional Service contract for Mechanical, Civil, Structural engineering, with experience with corrosion issues with large diameter water mains.  | 2/1/2016                  | 2/1/2022     | Request for Proposal | 3              | None                 | 0         |
| FY16NDEPBED&C14 | PR-135-DES Professional Engineering Services for the design of the replacement of the outdoor substation and related electrical equipment.  | 2/1/2016                  | 2/14/2022    | Request for Proposal | 3              | None                 | 0         |
| FY16NDEPBED&C15 | PR-138-DES Professional Engineering Services for the design of the replacement the seal water system, suction isolation valves and repair or replacement of suction piping, as well as the demolition of the ring flushing system and installation of a blower cooling water system.  | 2/1/2016                  | 8/30/2020    | Request for Proposal | 3              | None                 | 0         |
| FY16NDEPBED&C16 | TI-167 Design and Design Services During Construction Professional Services contract for the inspection and repair and/or replacement of the marine bulkhead that surrounds the plant and repairs to Pier 3 and 4. Miscellaneous improvements include replacing pier sludge valves, lighting, power, and water piping; raising the elevation of the sludge boat connection; installing sludge spill containment on Pier 4; and replacing sludge valves at the sludge tank.  | 7/1/2015                  | 6/30/2020    | Request for Proposal | 1              | None                 | 0         |
| FY16NDEPBED&C17 | TI-168 Design and Design Services During Construction Professional Services contract for the replacement of the four headworks influent sluice gates and actuators, four mechanical screens, screenings conveyor, four velocity gates, all associated control panels; HVAC improvements throughout the headworks; and miscellaneous structural and architectural improvements to the conveyor room. There would be hydraulic modeling required along with process and treatment level impact analyses.  | 7/1/2015                  | 6/30/2020    | Request for Proposal | 1              | None                 | 0         |
| FY16NDEPBED&C18 | TI-169 Design and Design Services During Construction Professional Services contract for the replacement of four switchgear installations and replacement and/or consolidation of approximately 25 motor control centers (MCCs).  | 7/1/2016                  | 6/30/2021    | Request for Proposal | 1              | None                 | 0         |
| FY16NDEPBED&C19 | WI-284 Design Professional Service contract for Reconstruction of Primary Settling Tanks at Wards Island WWTP with experience with replacement of mechanical equipment: longitudinal and cross collectors (flights, sprockets, wall bearings, shafts, chains, rails, etc.); concrete tank repairs, improvements to the distribution, influent, and effluent channels, effluent weirs, scum troughs, and grease pits; installation of compressed air and water connections; and site work including new concrete walkways, handrail repairs, paving, and lighting. | 4/17/2016                 | 10/16/2017   | Request for Proposal | 4              | None                 | 0         |
| FY16NDEPBED&C20 | WI-292 Design and Construction Management Professional Service contract requiring all Engineering disciplines with experience in main transformers and large power distributions at wastewater facilities – Wards Island WPCP   | 4/17/2016                 | 11/27/2021   | Request for Proposal | 4              | None                 | 0         |

| Plan ID #       | Description of Services to be Procured  | Anticipated Contract Info |              |                      |                | Similar Agency Roles |           |
|-----------------|---|---------------------------|--------------|----------------------|----------------|----------------------|-----------|
|                 |   | Contract Start            | Contract End | Procurement Method   | Fiscal Quarter | Job Titles           | Headcount |
| FY16NDEPBED&C21 | <p>CS-GC-SFS-DES Design Professional Service for the Construction Of Gowanus CSO Retention Facility Superfund Site. The various measures which have been identified and are intended to be the focus of the design work where DEP may not have the expertise under this contract are:</p> <ul style="list-style-type: none"> <li>- Federal Superfund project remedial design process requirements</li> <li>- Perform complex hydraulic analysis to divert flow and incorporate new infrastructure into the existing network of combined storm water and sewage infrastructure over two service areas</li> <li>- Design of large-scale excavation and construction project in location with highly contaminated subsurface conditions subject to State and Federal Superfund program oversight and deadlines</li> <li>- Design and planning for excavation, handling, treatment and disposal of significant volumes of contaminated soil and groundwater in a densely populated area</li> <li>- Measurement and management of environmental health and safety risks associated with human exposure to contaminated media during long-term remedial operations</li> <li>- Coordination with ongoing remedial actions of on-site and adjacent properties</li> <li>- Design and construction of deep excavation and excavation support system for facility and conveyance construction in area known to be congested with existing underground utilities, with varying age and condition, possibly dating back 100 years</li> </ul> | 10/31/2015                | 10/28/2024   | Request for Proposal | 2              | None                 | 0         |
| FY16NDEPBED&C22 | <p>CSO-HR-DF-DES is a design professional services contract we'll procure for the Hutchinson River Disinfection project. Proper experience is required to design the scope of this project, which includes: construction of a 50-MGD disinfection facility; 1,200 feet of 10-foot diameter pipe; new outfall to Hutchinson River; and evaluation &amp; implementation of floatables control. In order to adequately perform the design work, the designer must possess expertise in the area of: utilities mapping &amp; relocation; environmental &amp; geotechnical assessment; easement issues; chemical storage; coordination with assorted stakeholders such as DEC, DPR, DOT, DSBS, DOB, Con Ed, National Grid, etc.; chlorination (&amp; possibly de-chlorination) requirements; traffic impact &amp; requirements; zoning/waterfront issues; navigational issues; wetlands issues; bulkhead issues; site acquisition; floatable control options, etc.</p>   | 6/30/2016                 | 6/30/2020    | Request for Proposal | 4              | None                 | 0         |
| FY16NDEPBED&C23 | <p>DEL-194-DES The purpose of this contract is to provide for Professional Engineering Design Design Services During Construction for the Reconstruction of the Merriman Dam Spillway. This design work requires Professional Engineering services with competency in Dam Safety engineering practices.</p>   | 2/16/2016                 | 2/11/2022    | Request for Proposal | 3              | None                 | 0         |
| FY16NDEPBED&C24 | <p>GW-REHAB-CM Construction Management Professional Service contract for Mechanical, Civil, Hydraulic Engineering with experience in tunnel construction and open channel flow of existing open channel and deep rock tunnels for the Catskill Aqueduct and facilities</p>  | 1/7/2016                  | 1/7/2022     | Request for Proposal | 3              | None                 | 0         |
| FY16NDEPBED&C25 | <p>DEL-209-CM Construction Management Professional Service for the Reconstruction of the Port Jervis Wastewater Treatment Plant</p>   | 6/15/2016                 | 6/15/2021    | Request for Proposal | 4              | None                 | 0         |
| FY16NDEPBED&C26 | <p>WI-281 Construction Management Professional Service contract for Electrical, Mechanical, Civil, Structural, engineering, with experience with replacement of sewage final settling tanks, concrete repair, while maintaining regulatory permits at a large wastewater treatment facility – Wards Island WWTP.</p>  | 12/1/2015                 | 11/30/2021   | Request for Proposal | 2              | None                 | 0         |
