For The Adopted Budget  
Fiscal Year 2016

Bronx

The City of New York  
Bill de Blasio, Mayor

## **FY 2016 Adopted Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Adopted Budget** reports the FY 2016 adopted budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2016 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Adopted Budget recommendation for each budget request.

## **LAYOUT OF EXPENSE REQUEST PAGES**

### **Column 1: Priority Number**

### **Column 2: Tracking Code**

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

### **Column 3: Project Information**

#### **Request, Explanation, Responsible Agency,**

Same as previously described for Capital Requests.

### **Column 4: Response**

Same as preciously described for Capital Requests.

08	103198904E	<p><b>Request:</b> Increase Personnel in District #3 for Effective Operations.</p> <p><b>Explanation:</b> Provide the following additional personnel for effective maintenance and operation of parks and playgrounds within our district. a. Gardener, b. Climber and Pruner, c. Playground Associate, d. Maintenance Worker, e. Park Rangers, f. Recreational Director, g. Recreational Specialists. Bronx Community Board Three urges that DPR increase the number of Climbers and Pruners assigned to Bronx District Three due to evidence of extreme overgrowth at locations in proximity to street lamp-posts in parks and local streets throughout the district area and fronting arterial highways (Interstate 95). Said overgrowth of tree limbs creates a personal liability issue for passersby and compromises the degree of lumens emitted from existing park and local street lamp-posts.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The Adopted Budget includes baseline funding for personnel, programs and equipment. After Adoption, agencies will schedule specific allocations.</p>

This request is justified by the fact that Morrisania's circulation has gone from 90,686 to 101,660, with attendance leaping from 151,232 to 156,442, within the previous fiscal year (FY 2011).</p> <p><b>Responsible Agency:</b> New York Public Library</p> <p><b>Supported by:</b> New York Public Library</p>	<p>Please contact the relevant Agency/Covered Organization after the release of the Adopted Budget for further details concerning this request.</p>

30	104201614C	<p><b>Request:</b> Maintenance of Claremont Park</p> <p><b>Explanation:</b> Structural defects affecting Claremont Park abound commencing with the dilapidated outer retaining walls which are crumbling in various locations. Other structural problems in need of capital fund investment include: swing apparatuses without swings; crumbling step risers and treads; playground apparatuses missing protective coating and needing repair; broken bathroom stalls; missing curb structures; broken and dented pipe fencing; dead and crumbling trees that present a hazard to park patrons; and uneven broken walking surfaces affecting the handball playing courts and basketball facilities.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. 31	104201615C	<p><b>Request:</b> Arcilla Playground.</p> <p><b>Explanation:</b> The playing surfaces and children's playground equipment (jungle-jim apparatus) in Arcilla Park are in need of repair. The playing surfaces which encompass a large open space including basketball courts that are variously cracked, pitted and with sink holes, which can only be properly repaired by resurfacing the entire park. The jungle jim surely has exceeded its intended life-span and is now being repaired with epoxy to cover areas of missing safety coating. 33	104201617C	<p><b>Request:</b> Goble Playground</p> <p><b>Explanation:</b> Despite the fact that the surrounding community has, of its own initiative, undertaken to maintain a substantial amount of the facilities within Goble Playground, there remains structural defects in need of repair and/or replacement. For example, though the community undertakes to repaint the playground's solitary basketball court every year, the court's surface contains cracks (presently filled with resin) and should be resurfaced. Additionally, the nosing on the brick steps and the red brick walking surface and tree well cobblestones are in need of repair and/or replacement. 01	104201101E	<p><b>Request:</b> Increase the annual budget for Community Boards to 350,000 for OTPS and PS.</p> <p><b>Explanation:</b> The budgets for the community boards have remained flat for the last 15 years, seeing no cost of living increases except for union mandated wage adjustments. Community Boards have been and will probably be asked to implement PEG cuts over the next few years in an attempt to balance the budget. The amount of savings garnered (less than 1/10000th of a percent) is miniscule in comparison to the overall city budget, but devastating to the day-to-day operations of the individual community boards. And so we call for no cuts to our annual budget due to increased costs in both salaries, purchases and contracts.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	<p>The FY 2016 budget for the community boards will be increased from its FY 2015 amount.</p>
02	104200201E	<p><b>Request:</b> Funding to Increase the number of Police Officers in the Confines of the 44th Precinct and PSA 7</p> <p><b>Explanation:</b> Because of our unique status as "the Capitol District" of Bronx County, there is an excessive drain on manpower and resources to cover the Yankee Stadium area, the Civic Center, multiple commercial strips, and so on. Our district has seen a major surge in housing units, the creation of commercial development and as a result have seen an increase in pedestrian and vehicular traffic especially from the development of the Gateway Center Mall and Yankee Stadium.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> 44th Precinct Council  44th Precinct Clergy Council</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. As our district's population continues to dramatically increase as a result of new housing developments, additional police personnel, including uniformed and plain clothes officers and specialized units (i.e. narcotic enforcement) are needed to keep our streets and homes safe from crime. Additional clerical/administrative personnel are needed to relieve uniform officers of clerical/desk duties that can be performed more inexpensively by civilians, and additional school crossing guards are needed to ensure our students' safe travel to and from school.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>OMB supports the agency's position as follows: NYPD total staffing levels depend on decisions made in the Preliminary and Executive budget process. 25	107201006C	<p><b>Request:</b> Fund Coles Lane As A Pedestrian Street With ADA Accessibility.</p> <p><b>Explanation:</b> Coles Lane is a deteriorated street with uneven steps, broken pedestrian pavement and poor drainage. It is not accessible to wheelchair-bound individuals who are trying to access the Bronx Library Center from Bainbridge Avenue and who must instead traverse Fordham Road to get to the library. Additionally, Coles Lane does not have any lighting and is an unwelcoming area after sunset. There is little or no green space at any of the medians due to cars parking on the medians, pollution, dumping or pedestrians not crossing at crosswalks. The Grand Concourse is a Special Preservation District and the Board is working with the community for its revitalization. Due to constant shifts in the officers assigned to the precinct due to the Impact Program, the Board believes that there are not enough officers to address these specific issues. 08	107201101E	<p><b>Request:</b> Increase Funding for Homelessness Prevention Programs.</p> <p><b>Explanation:</b> The Board believes that prevention services are a more cost-effective and practical way to deal with the ever-growing homeless crisis currently gripping the city. The board has raised the issue that there are too many shelter and emergency residence programs throughout the district, in turn creating an artificial housing shortage and further exacerbating the number of homeless individuals and families in our communities. Programs that can help individuals experiencing a housing crisis, including those behind on their rent or facing eviction, are greatly needed to truly address the growing homeless population.</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p> <p><b>Supported by:</b> Neighborhood residents Homeless advocates</p>	<p>OMB supports the agency's position as follows: DHS has invested \$40M in prevention services this year, opening 9 new Homebase offices, for a total of 23 citywide. DHS has collected data on the number of applicants for homeless services by community, and has opened Homebase offices in the communities in which there is a high number of applicants. 26	109201604E	<p><b>Request:</b> Seniors Request the Funding of Social Service Programs.</p> <p><b>Explanation:</b> Our seniors, during our public hearing, were very concerned over their quality of life, their limited income and essential services that they require. Therefore, they recommend the funding of social service programs, which would address their needs, to be sponsored at NYCHA sites. Also, seniors recommended sponsoring of more 202 Senior Citizen Housing to be built within the border of community board distirict 9.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>At this time, DFTA has very limited or no funding for this purpose. We will continue to advocate for federal and state funds and to work with other city agencies toward the goal. When funding is available, we are required to conduct an open competition. In FY15 and/or FY16 funding for case management, home care, and elder abuse services will be increased. DFTA is also working closely with the Mayor's office and housing agencies to ensure that the Affordable Housing Plan includes senior housing.</p>

04	110201304E	<p><b>Request:</b> Survey the Ferry Point area for the installation of idling truck signs.</p> <p><b>Explanation:</b> Truckers have been using the Ferry Point area as a rest area for big rigs. This cannot be tolerated. This use promotes littering, air pollution from idling truck engines, and poses security issues and many other issues. The area needs the Narcotics Module to control and thwart drug activity in our neighborhoods.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>NYPD's narcotics enforcement resources are deployed on a borough-wide basis and are available to all precincts within the borough. Companies in order to maintain the highest level of fire safety services.</p> <p><b>Responsible Agency:</b> Fire Department</p> <p><b>Supported by:</b> Community Board 12</p>	<p>OMB supports the agency's position as follows: The roster staffing agreement expired on February 1, 2011. We have operated safely and effectively at such levels since that time and there are no plans on the part of FDNY to increase such staffing.</p>
08	112201605E	<p><b>Request:</b> Increase Funding for Homelessness Prevention Programs.</p> <p><b>Explanation:</b> Community Board 12 has been inundated with a significant number of new homeless shelters and as well as a number of scatter sites housing the homeless. It is the position of Community Board 12 that the homelessness prevention services are a more cost-effective, reasonable, and effective method to deal with the ever-growing homeless crisis currently gripping the city.</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p> <p><b>Supported by:</b> Community Board 12</p>	<p>OMB supports the agency's position as follows: DHS has invested \$40M in prevention services this year, opening 9 new Homebase offices, for a total of 23 citywide. DHS has collected data on the number of applicants for homeless services by community, and has opened Homebase offices in the communities in which there is a high number of applicants. The Bronx now has 10 of the 23 offices. We believe prevention services will help people remain in their homes and avoid shelter.</p>

12	112201609E	<p><b>Request:</b> Provide Additional Funding to Our Neighborhood Senior Centers.</p> <p><b>Explanation:</b> Senior centers operate on a minimal budget and are highly dependent on additional funding from elected officials and other sources. We request DFTA increase basic allowances for senior centers without forcing them to turn to RFPs and other external grants that may no longer be available.</p> <p><b>Responsible Agency:</b> Department for the Aging</p> <p><b>Supported by:</b> Community Board 12</p>	At this time, DFTA has very limited or no funding for this purpose. 24	112201615E	<p><b>Request:</b> Allocate funding for the Appointment of a Borough Commissioner.</p> <p><b>Explanation:</b> Other Municipal Agencies that deal with important quality of life matters, such as the New York City Department of Buildings (DOB), New York City Department of Parks and Recreation (DPR), New York City Department of Transportation (DOT), have a Borough Commissioner in The Bronx. The New York City Department of Environmental Protection (DEP) should adopt this practice. A Borough Commissioner can field inquiries and address Borough needs much more rapidly. A Borough Commissioner can facilitate quicker decision-making and problem-solving as well as better communication. A Borough Commissioner is closer to the various circumstances arising in and affecting the Borough and relieves localities from always reaching out to Central Office for every matter, both serious and small.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p> <p><b>Supported by:</b> Community Board 12</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>

For The Adopted Budget  
Fiscal Year 2016

Brooklyn

The City of New York  
Bill de Blasio, Mayor

## **FY 2016 Adopted Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Adopted Budget** reports the FY 2016 adopted budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2016 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Adopted Budget recommendation for each budget request.

## **LAYOUT OF EXPENSE REQUEST PAGES**

### **Column 1: Priority Number**

### **Column 2: Tracking Code**

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

### **Column 3: Project Information**

#### **Request, Explanation, Responsible Agency,**

Same as previously described for Capital Requests.

### **Column 4: Response**

Same as preciously described for Capital Requests.

01	201200601C	<p><b>Request:</b> Creation of a New Firehouse in the North side Area.</p> <p><b>Explanation:</b> The Greenpoint and Williamsburg communities are growing greatly in population and new businesses. With the pending rezoning and waterfront development there is a tremendous increased need for enhanced public safety. There is no firehouse to serve the North side community and the waterfront area. A new state of the art facility that can house proper modern equipment (such as ladders for high rise buildings) should be created to better service the community.</p> <p><b>Responsible Agency:</b> Fire Department</p>	Further study by the agency of this request is needed.

01	203201108E	<p><b>Request:</b> Allocate Funding for Additional Staff for PSA 3 (NYCHA).</p> <p><b>Explanation:</b> Community Board 3 acknowledges that there has been an increase in officers in PSA3. However, we are still requesting additional officers as gun violence and other crimes like robbery are increasing. Our request is to have an adequate number of officers so that they will not be spread so thinly and can take a proactive stance with NYCHA residents and mend the deteriorating relations with PSA 3 officers. This would eliminate some of the confrontational behaviors that exist, instead of always being reactive. Community Board 3 still requests additional officers for PSA 3.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>OMB supports the agency's position as follows: NYPD total staffing levels depend on decisions made in the Preliminary and Executive budget process. Allocation of uniformed personnel is scheduled by the NYPD only after graduation of Police classes from the Academy. 02	203201203E	<p><b>Request:</b> Increase Maintenance of the Franklin Avenue Shuttle Station.</p> <p><b>Explanation:</b> The Franklin Avenue Shuttle is a major transportation hub. Its physical appearance looks blighted and fosters an unsafe environment. The ridership at this station has increased over the past few years. This station requires daily cleaning on the inside and outside. There needs to be an increase in the number of cleanings by the Power Wash Unit.. The Paint Unit maintenance needs to also increase.</p> <p><b>Responsible Agency:</b> Transit Authority</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

A Bedford-Stuyvesant Community Justice Center would provide a viable alternative system to the current juvenile detention driven programs. The completion of the feasibility study is a first step in fostering a healthier, crime-free community. Community Board 3 is requesting that funding be made for a comprehensive feasibility study for a Community Justice Center.</p> <p><b>Responsible Agency:</b> Office of the Criminal Justice Coordinator</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed. 04	203200902E	<p><b>Request:</b> Increase the Number of Inspectors for Housing Code Violations.</p> <p><b>Explanation:</b> There is a tremendous amount of construction going on in Bedford-Stuyvesant. In light of that, we are requesting that there be funding made available for additional inspectors for housing code compliance. We often hear of collapses, fires, toxic contaminations and such in connection with development projects. It is not uncommon for developers to take short cuts but this city, as a responsible overseer, should provide adequate personnel to monitor development throughout our community. The citizens of this city deserve to be safe.</p> <p><b>Responsible Agency:</b> Department of Buildings</p>	<p>The agency will try to accommodate this issue within existing resources. 05	203200502E	<p><b>Request:</b> Hire Additional Manpower for Sanitation Enforcement.</p> <p><b>Explanation:</b> We need additional manpower to deal with dumping in lots, vacant buildings, parks, closed businesses and even at our litter baskets. This happens late at night or in the early hours of the morning. Dog excrement is everywhere. All of this contributes to dirty sidewalks. Without adequate enforcement covering multiple shifts, this condition cannot be obliterated. Community Board 3 is requesting that funding be made available for enforcement officers.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>Funding for Sanitation Enforcement is baselined in the Agency's Expense Budget. Community Board 3 continues to request Smart Boards in all public elementary, middle and high schools. Smart Boards are unique in that they speak to the way our youth operates in the 21st Century. Our state test scores in English and Math continue to fall. This has not changed for the better. It is time that the children are taught in a way in which they would be most responsive. Smart Boards are the answer, for children are technologically adept and will respond well. We are talking about the future of this nation.</p> <p><b>Responsible Agency:</b> Department of Education</p>	The agency will accommodate part of this request within existing resources.
07	203200914E	<p><b>Request:</b> Continue Funding for Obesity Prevention and Outreach Programs.</p> <p><b>Explanation:</b> We request funding for Obesity Prevention and Outreach Programs. This problem is not going away. As statistics continue to be bleak, our children in Head Start programs and public elementary schools are obese. Public high school students are obese and let's not forget the adults in Bedford-Stuyvesant. In this community, most people and children exercise little or not at all and eat inadequate servings of fruits and vegetables per day. Obesity is a major health concern. It causes health problems across generations, i.e., diabetes, high blood pressure, high cholesterol, cancer and heart disease. It is imperative that DOHMH provide funding to support community based activities that promote active living and healthy eating habits.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	OMB supports the agency's position as follows: DOHMH has a variety of programs with educational components on these issues. We will review and assess the request for additional programming, which would be contingent upon available resources.

Relations with our law enforcement officers is at an all time low. Police/Community relations continue to plummet, especially with PSA 3. Our community affairs have fostered excellent relationships with the residents in the community. We would like to see their model become department-wide. If residents and the police were not mistrustful, crime could be greatly reduced. Many lives would not be foolishly lost. Community Board 3 is aware that there is sensitivity training in place, however we request that a comprehensive new plan be developed that will be effective for the officers and the community.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>OMB supports the agency's position as follows: Additional NYPD resources for this project are unavailable at this time due to funding constraints. Community Board 3 is requesting that programs be developed and funded to eliminate so much idle time, to promote positive behavior and develop responsible community citizenry. 01	206200502C	<p><b>Request:</b> Areawide Repairs to Gowanus Watershed Flooding Problems (9th Street &amp; 2nd Avenue Corridors).</p> <p><b>Explanation:</b> Sufficient funds are requested to fully fund project #SEK20068 for preliminary design investigations, final design and ultimate repair of the 9th Street and Second Avenue corridors abutting the Gowanus Canal. Issues that need to be addressed include negative and insufficient curbs that have resulted in flooding and drainage problems, defective and missing sidewalks and episodic infrastructure failures on 2nd Ave. Frequent and substantial roadway ponding occurs along 9th Street--a mapped Coastal Evacuation Route--which, coupled with new and growing demands in pedestrian and vehicular traffic, requires that the street be a more reliable emergency traffic conveyor and able to withstand rainfall events without flooding.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p> <p><b>Supported by:</b> Gowanus Alliance</p>	<p>This capital project is included within an agency lump sum for the out years. Despite a recent comprehensive station rehabilitation, escalators at this station are still prone to frequent service disruptions which not only inconveniences riders but makes station access impossible for physically-challenged individuals. This station is also the only subway stop nearest to the Red Hook community, a neighborhood woefully underserved by transportation options.</p> <p><b>Responsible Agency:</b> Transit Authority</p>	<p>OMB supports the agency's position as follows: A ramp from the street to the entrance mezzanine is recommended for funding in order to restore accessibility to that portion of the station, as existed prior to the Station Rehabilitation. The tiny cave-like basement cafeteria is the largest open space in the school. The low tin roof and cement walls do little to absorb the loud whir of giant freezers or the noise of the fans used to cool the space due to the lack of air conditioning and window space. When you add more than 350 students during lunchtime the sounds reverberate around the room. The noise drowns out any conversations happening at the tables. 25	206201306C	<p><b>Request:</b> Construction of Pier 6 Approach Build-outs</p> <p><b>Explanation:</b> Sufficient funds are requested for the construction of traffic safety median islands in the Furman-Atlantic-Columbia transition area, the approach to Brooklyn Bridge Park's Pier 6 public park, and area growing in popularity and increasingly traveled by pedestrians and recreation users. Prior to the opening of Pier 6, this area was generally unused by pedestrians and was almost exclusively a southbound route used by commuters seeking to avoid the Brooklyn-Queens Expressway. Now, with the opening of Pier 6 and the two-way conversion of Furman Street, vehicular and pedestrian traffic patterns have completely altered the use and complexion of this bustling area. Immediate in-house improvements have done a lot to improve safety, at the cost of aesthetics.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.</p>
26	206201606C	<p><b>Request:</b> Construction of a Maritime Cultural Use at Atlantic Basin.</p> <p><b>Explanation:</b> Sufficient funds are requested for the design and construction of a maritime cultural use at the Atlantic Basin, as we previously suggested, discussed and promised by EDC during and since the development of their Piers 6-12 study for the Brooklyn Waterfront. Many years have lapsed since the study, yet there is no cultural use in place despite the agency's commitments to the community. Funds are needed to provide suitable docking facilities, upland connections and necessary infrastructure (electrical, water, sewage, etc.) to support such a use.</p> <p><b>Responsible Agency:</b> Economic Development Corporation</p>	<p>EDC is currently investigating the possibility of a project at this site.</p>

27	206201308C	<p><b>Request:</b> Installation of Schedule/Countdown Clocks at Bus Shelters</p> <p><b>Explanation:</b> Sufficient funds are requested for the installation of electronic schedules and countdown clocks at all bus shelters to alert riders to the expected wait times between buses. Printed schedules are often unreadable and do not convey real-time information when there are delays on the bus lines. With the advent of the MTA Bus Time, and the use of GPS technology, the infrastructure exists to transmit real-time bus schedule information to each bus stop shelter to alert all riders whether they have an individual smartphone device or not. Every shelter throughout the system should be equipped with a real-time electronic display.</p> <p><b>Responsible Agency:</b> Transit Authority</p>	<p>OMB supports the agency's position as follows: Currently, the city street furniture franchise does not permit the installation of these devices within bus shelters. However, the agency has initiated a pilot program to replace standard bus stop signs with electronic Bus Time Information signs, with the goal of eventually installing them throughout the boroughs.</p>
28	206201309C	<p><b>Request:</b> Installation of Schedule/Countdown Clocks at Subway Stations</p> <p><b>Explanation:</b> Sufficient funds are requested to install electronic displays at every subway platform to alert riders of the wait time between trains. Existing public address systems are often difficult to understand, and there are no other ways to alert riders to unscheduled delays within the system. Some stations within the system already have such systems in place, which suggests that the technology already exists to roll-out such devices on a system wide basis.</p> <p><b>Responsible Agency:</b> Transit Authority</p>	<p>OMB supports the agency's position as follows: This project is included in the ten-year plan.</p>

29	206201002C	<p><b>Request:</b> Reconstruction of 7th Avenue (between Flatbush Ave and 15th Street) with amenities</p> <p><b>Explanation:</b> Sufficient funds are requested for the design and reconstruction of 7th Avenue between Flatbush Avenue and 15th Street in Park Slope, partially in the Park Slope Historic District. Repairs are necessary on this important, busy commercial corridor to address such items as missing curb sections, spalled and cracked bus pads, and numerous defective sidewalks. Additionally, traffic calming devices are requested by the community to enhance public safety. Further amenities which could include such items as tinted concrete sidewalks, historic street lights and fire hydrants, public benches, hanging planters, banners, etc. should be considered as part of the design process, in consultation with the business and residential communities.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Park Slope Chamber of Commerce Park Slope Civic Council</p>	<p>OMB supports the agency's position as follows: Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.</p>

31	206201503C	<p><b>Request:</b> Expansion of Bike Share Program into District.</p> <p><b>Explanation:</b> Sufficient funds are requested to expand the City's wildly successful Bike Share program into not only the originally envisioned portion of our district, but to also include Red Hook as well. The district already has one of the highest bike lane to roadway mile ratios in the City of New York and has seen a rapid expansion of bicycling infrastructure including the addition of protected and non-protected bike lane miles, hundreds of bike racks, and bike corrals as well. The district serves as both a destination for visitors, particularly our commercial corridors and recreation areas (including the Brooklyn Greenway waterfront areas), and as an important commuter connection to Downtown Brooklyn and Manhattan for daily commuters. If Bike Share should be anywhere, it should be here.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed. 32	206201607C	<p><b>Request:</b> Window Upgrades for 250 Baltic Street.</p> <p><b>Explanation:</b> Sufficient funds are requested for the design and construction of a window replacement project for 250 Baltic Street in the Cobble Hill Historic District. This 1936 building still has the original windows which are single-paned and uninsulated making them highly inefficient energy-wasting devices which negatively contribute to the building tenants' comfort and safety. Modern, energy-efficient windows that would be appropriate designed to fit in to the area's historic district would go a long way toward reducing heating and cooling costs, improving safety, and creating a vastly improved work environment for the State, City and non-profit entities that occupy the space in this City-owned building.</p> <p><b>Responsible Agency:</b> Department of Citywide Administrative Services</p>	<p>This building is expected to be sold to New York State in the near future. New signage will be needed in Park Slope especially with the approved expansion of the historic district in 2012, and the second expansion effort underway.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>
34	206200506C	<p><b>Request:</b> Installation of Historic Replica Street Lights in Cobble Hill and Carroll Gardens.</p> <p><b>Explanation:</b> Sufficient funds are requested to undertake a replacement of the existing standard-issue cobra head street lights with appropriate historic replica street lights in the neighborhoods of Cobble Hill and Carroll Gardens. Currently, only Atlantic Avenue, Clinton Street and Smith Street in these neighborhoods have such amenities. 35	206198412C	<p><b>Request:</b> Expand Sidewalk Replacement Contracts to Include Provisions for Special Treatments (Bluestone).</p> <p><b>Explanation:</b> In addition to the regular cement sidewalk replacement activity, we request that the department broaden its scope to include the option of restoring by contract those sidewalks which include special treatments, notably bluestone material. Not only is bluestone a more durable material with significantly longer life expectancies, but it also serves to enhance the historic integrity and value of the community. Many property owners are willing to pay the extra cost to have this as an option.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Budget Line:</b> HW-200</p> <p><b>Supported by:</b> Park Slope Civic Council Cobble Hill Association</p>	<p>Sidewalk replacement requests should be directed to the Borough Commissioner. 36	206201504C	<p><b>Request:</b> Construction of Gowanus Canal Storm Surge Barrier.</p> <p><b>Explanation:</b> Sufficient funds are requested for the design and construction of a Storm Surge Barrier, as called for in the City's post-Hurricane Sandy Strategic Initiatives for Rebuilding and Resiliency (SIRR) report, to protect against future storm events. The Gowanus Canal is a particularly vulnerable waterway. Based on recent experience over the last few years we have seen a greater frequency of flooding from rising waters. This is particularly dangerous in Gowanus where Combined Sewer Overflow events regularly dump untreated sanitary sewage into the canal waters which, combined with rising tides and storm surges, can become redeposited on upland properties and abutting street ends.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	<p>DEP is not responsible for building a storm surge barrier of this type. 37	206201201C	<p><b>Request:</b> Construction of a Cross Harbor Freight Tunnel</p> <p><b>Explanation:</b> Sufficient funds are requested for the planning and construction of a cross harbor freight tunnel to link New York and New Jersey by rail to 1) provide for the efficient movement of bulk goods through the region, 2) reduce the amount of truck traffic with its corresponding impacts on traffic volumes, air quality, public safety, etc., and 3) expand opportunities for economic growth in the region. Transportation is one of the most significant obstacles to growth in the region, as our bridges, tunnels and highways experience on a daily basis. Without taking advantage of the area's features - its waterfront and untapped rail potential - further economic growth in the region is threatened. Replacing truck use by rail and barge options should be our top priority.</p> <p><b>Responsible Agency:</b> Economic Development Corporation</p>	<p>Securing funding for this request is outside of EDC's jurisdiction; please contact the agency if you have any questions about the EDC budget process.</p>
38	206200703C	<p><b>Request:</b> Construct Conover Street Extension (Pioneer Street to Hamilton Avenue).</p> <p><b>Explanation:</b> Sufficient funds are requested for the acquisition, mapping, design and construction of a new City street which would extend Conover Street northward from Pioneer Street to Hamilton Avenue in Red Hook. This new street will not only provide additional capacity to handle the new traffic volumes destined for the cruise ship terminal under construction at Pier 12, but will also provide an alternative for the relocation of the Van Brunt Street leg of the City's local Truck Route network in Red Hook. It will ensure that the local street grid is not only not negatively impacted by the cruise terminal traffic but that it will benefit from relieving Van Brunt Street of trucks and removing the existing conflict by directing trucks closer to the industrial section of the neighborhood.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> NYC Economic Development Corporation</p>	<p>OMB supports the agency's position as follows: Funds are unavailable for this project. Such amenities could include, but not be limited to, the reintroduction of cobblestone treatments, historic lighting, granite curbs, etc. The scope of the existing project should be expanded to include the length of Van Brunt Street from Hamilton Avenue to the water.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: DOT has requested funding for this project. CS	206201102C	<p><b>Request:</b> Acquisition of Emergency Generators for all Firehouses</p> <p><b>Explanation:</b> Sufficient funds are requested to equip every firehouse with an emergency generator to ensure continuous electrical supply. Firehouses serve as cooling stations during heat emergencies and, in general, serve the public as a critical local public safety facility for emergency and medical services. Maintaining electrical supply is essential both from an operational standpoint and to maintain a high degree of public confidence in the department's ability to provide a safe haven during times of crisis. We lost service to one of our firehouses in Red Hook during Hurricane Sandy, and would suggest that this site become an immediate priority.</p> <p><b>Responsible Agency:</b> Fire Department</p>	<p>Emergency Generators are being installed throughout firehouses on a yearly basis, priority established by Fire Operations. CS	206201103C	<p><b>Request:</b> Installation of Cold-Ironing Technology at Red Hook Container port</p> <p><b>Explanation:</b> Sufficient funds are requested to design, acquire and install cold-ironing technology equipment for all ships docked at Piers 6-11 to enable them to connect to a land-based source of electricity as an alternative to self-generating electricity from the idling of their diesel engines. Cold-ironing would reduce the negative environmental impact that idling ship engines have within their affected area, and improve the ambient environmental quality for the waterfront and adjacent upland areas. Such an initiative should also be coupled with additional port improvements that would include the replacement and/or upgrading of land-based equipment and vehicles that would similarly help "green" port operations.</p> <p><b>Responsible Agency:</b> Economic Development Corporation</p> <p><b>Supported by:</b> Columbia Waterfront Neighborhood Association</p>	<p>Securing funding for this request is outside of EDC's jurisdiction; please contact the agency if you have any questions about the EDC budget process.</p>

01	206200404E	<p><b>Request:</b> Restoration of Police Patrol Strength Personnel.</p> <p><b>Explanation:</b> Sufficient funds are requested to recruit and restore police patrol strength to safeguard the impressive strides in public safety over the past decade. Historically, as crime decreases and budget pressures increase, police staff suffers which begins the downward spiral of public safety and increasing crime. Maintaining a strong police force is even more necessary in the aftermath of 9/11 to ensure public safety and restore a high degree of confidence in keeping and attracting residents, businesses and tourists to the City - all essential to the City's economy. Over the past few years we have seen a dramatic decrease in the size of the police patrol strength at the precinct level and this has the community most alarmed.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> 76th Precinct Community Council 78th Precinct Community Council</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 02	206199901E	<p><b>Request:</b> Increase Operating Budget of Community Boards.</p> <p><b>Explanation:</b> Funding in the amount of \$375,000 is requested in order for Community Boards to fulfill their Charter mandated roles to plan and advocate for neighborhood needs. 03	206201201E	<p><b>Request:</b> Increased Funding for Day Care Centers</p> <p><b>Explanation:</b> Sufficient funds are requested to maintain current levels of day care services provided to the district. ACS had previously suggested that an incredibly disproportionate share of cuts be applied to day care services in the Brooklyn CB6 district. 4 out of the 15 centers citywide slated for closure were specifically targeted to the district. Most of these slots are located in facilities directly adjacent to public housing (Red Hook and Gowanus Houses), whose residents rely on these services to enable them to work and/or attend school. Eliminating day care services removes one of the most important safety nets in the community. ACS had not attempted to renegotiate day care center leases, or otherwise lower their operating costs, before deciding to eliminate the service altogether</p> <p><b>Responsible Agency:</b> Administration for Children's Services</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed. 04	206200511E	<p><b>Request:</b> Increased Funding for Senior Centers.</p> <p><b>Explanation:</b> Sufficient funding is requested to increase baseline operating budget allocations in existing senior centers. At a minimum, additional funding is sought to help keep pace with cost of living increases which over time take more and more resources away from the base operating budgets from programming and salary monies. Effectively, by not providing for regular, modest increases the senior centers' budgets are being decreased over time as basic costs only go up. This need is especially pressing with an aging population, as more and more "baby boomers" will be placing increasing demands on these facilities, which is anticipated to increase in the near future.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>OMB supports the agency's position as follows: DFTA will continue to advocate for increased funding support for aging services.</p>

Overflowing litter baskets create additional work for the department in discretionary cleaning, contributes to the clogging of catch basins, and results in the unfair issuance of summonses to victims of the strewn litter. Litter on commercial strips negatively contributes to the consumer's shopping experience, detracts from the residents' quality of life, and forces the businesses to shoulder the burden for the City after the mess.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Supported by:</b> Park Slope Chamber of Commerce Park Slope Civic Council</p>	<p>Funding for Basket Collection is baselined in the Agency's Expense Budget. 10	206201301E	<p><b>Request:</b> Restoration of NYPD Bicycle Patrols</p> <p><b>Explanation:</b> Sufficient resources are requested to restore NYPD bicycle patrols. Bicycle patrols provide a low-cost option for policing that combines the best elements of vehicular access with flexible patrol routes. With increased bicycling, and the call for better enforcement of bicycling rules, it would also provide a more convenient way for police to engage other bicyclists in the proper education and enforcement of the rules of the road. Since the reduction of personnel we have seen greater degrees of non-compliance with Street Cleaning Regulations, resulting in more instances where streets are not properly swept largely due to department's inability to provide viable enforcement. Having individual foremen responsible for multiple sectors is proving to be too much of a challenge given the significant geography they are now responsible for, and it means that less attention can be paid to problem locations, dump-outs, and other conditions requiring responses by the department.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

14	206201002E	<p><b>Request:</b> Expansion of Permanent Ferry Service to BK-GI-MN+</p> <p><b>Explanation:</b> Sufficient funds are requested for the design, acquisition (if needed) and construction of strategic points along the Brooklyn waterfront, such as but not limited to Red Hook, foot of Atlantic Avenue, etc., for permanent ferry service docks to promote alternative intermodal transportation options between Brooklyn and Manhattan, and additional interborough recreational and tourist opportunities that would also include points within New York Harbor, such as but not limited to Governors Island, Statue of Liberty, Ellis Island, etc.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Due to funding and project capacity constraints, DOT operates only the Staten Island Ferry. The Community Board is encouraged to work with private ferry operators to explore this request for additional ferry service.</p>
15	206201602E	<p><b>Request:</b> Restoration of Funding for Rental Assistance Program.</p> <p><b>Explanation:</b> Sufficient funds are requested to restore the Rental Assistance Program to provide temporary subsidies to individuals and families who are capable of graduating out of the City's shelter system with limited assistance. The Rental Assistance Program has a proven track record of enabling more people to move into permanent, stable housing situations, become self-sufficient and no longer reliant on shelter beds in the City's shelter system. More program support is needed to help people get over the gap and move from shelter spaces into independent living.</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p>	<p>OMB supports the agency's position as follows: DHS has created a rental assistance program, called Living In Communities (LINC), to assist clients, especially working families, those with repeated entry into the shelter system, and domestic violence victims, to assist clients in moving into permanent housing.</p>

16	206201603E	<p><b>Request:</b> Continued Funding for BID Formation Planning.</p> <p><b>Explanation:</b> Sufficient funds are requested to support existing and enable additional groups to embark on feasibility studies and supportive planning activities to move toward the formation of additional Business Improvement Districts (BID) in appropriate commercial and industrial areas. BIDs are proven to be an asset for the City insofar as they provide needed administrative infrastructure designed to support local commerce at the neighborhood level. Furthermore, the expansion of BIDs from the traditional commercial into the industrial sector will enable the City to better protect the fragile manufacturing sector, which often produces higher wage paying jobs, with specialty skills, and reduces the cost of goods in the City by making us less reliant on imports.</p> <p><b>Responsible Agency:</b> Department of Small Business Services</p>	<p>DSBS is available for technical assistance. A sponsor group should apply to the agency through its funding process. For more information go to NYC.gov/neighborhoods.</p>
17	206201502E	<p><b>Request:</b> Restoration of Parks Recreation Personnel.</p> <p><b>Explanation:</b> Sufficient funds are requested to restore Parks Recreation personnel to increase the inventory and range of recreation options available particularly to our teenage youth population. With fewer part-time job opportunities and shrinking afterschool programs we are looking to increase the number of constructive options for this population to keep them engaged in productive, supervised activities.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

While the city allocates sufficient money for the continuous planting of new trees increasing the City's inventory of street trees, particularly with the aggressive Million Trees Initiative, corresponding increases in the Parks Forestry Division are a necessary accompaniment to ensure that sufficient resources are available for ongoing maintenance needs.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Supported by:</b> The Lorax</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>
19	206200003E	<p><b>Request:</b> Expansion of Health/Pest Control Inspectors</p> <p><b>Explanation:</b> Sufficient funds are requested for the hire of additional Health/Pest Control Inspectors for initial field evaluations and compliance inspections. At least one inspector per Community Board ought to be assigned to eliminate bottlenecks in Pest Control servicing, ensure that annual inspections of Health-Licensed facilities can occur, improve agency's productivity and reduce response times for complaint investigation.</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows: DOHMH continues to increase the number of inspections performed annually. We also continue to respond to all 311 complaints and readily participate in walk-through events requested by the community in areas of concern. Feel free to contact us to request a walk-through. Such features as our historic brownstone residential communities (Carroll Gardens, Cobble Hill and Park Slope), Columbia Street, Gowanus and Red Hook waterfront features, Prospect Park, and other local points-of-attraction, are growing in popularity as tourists are flocking more and more to our district. A tourism center that would highlight the cultural, shopping, restaurants and other features of the district will help ensure that marketing and promotion of the district's amenities were fully leveraged.</p> <p><b>Responsible Agency:</b> Economic Development Corporation</p>	<p>Securing funding for this request is outside of EDC's jurisdiction; please contact the agency if you have any questions about the EDC budget process.</p>

01	208200701E	<p><b>Request:</b> Increase Funding for Community Boards.</p> <p><b>Explanation:</b> The 59 Community Boards are vital in the City's operating process. However, Community Boards still woefully lack adequate funding. The City Charter mandates that a planner should be in each Community Board and that it is imperative for us to meet our Charter mandate and to evaluate development projects. The meager budgets provided for the boards do not keep pace with inflation and any increased operating costs. The costs for acquiring much needed newer technology, computer software, upgraded hardware as well as internet/web access capabilities is expensive. In order to continue delivering the most valuable mission per the 1989 revised City Charter, we staunchly advocate for increased budget allocations for all Community Boards in the amount of \$350,000.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	<p>The FY 2016 budget for the community boards will be increased from its FY 2015 amount.</p>

In April 2010, the NYC Bed Bug Advisory Board published policy recommendations on managing bed bug infestations in the City. These recommendations are available at <a href="http://www.nyc.gov/html/om/pdf/2010/dm_07-28-10.pdf">www.nyc.gov/html/om/pdf/2010/dm_07-28-10.pdf</a>. Using funds provided by the City Council DOHMH has an online portal that provides comprehensive information to the public on bed bug prevention and control.</p>

01	214201101E	<p><b>Request:</b> Increase funding for tree pruning and maintenance to meet public safety needs of the people and property in CD 14.</p> <p><b>Explanation:</b> CB14 is one of the greenest community districts in the City of New York. In recent years, the frequency with which the Department prunes and maintains trees has been drastically reduced, creating hazards and creating an inordinate amount of tree debris on a regular basis. The recent increase in the budget is not sufficient to address the backlog. Therefore, funding for street tree pruning and maintenance must be increased to accommodate the needs of our district.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Supported by:</b> Elected officials Community residents</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

To ensure the integrity of NYPD officers' vests, they are routinely tested by a NIJ certified laboratory and where those vests do not perform to the Department's standard, they are replaced accordingly.

02	215200916C	<p><b>Request:</b> Reconstruct, regrade and repave the old section streets south of Gotham Avenue, in Gerritsen Beach.</p> <p><b>Explanation:</b> The old section Streets, particularly those that run north and south, are a navigational and drainage disaster. # Register of Community Board

---

For The Adopted Budget  
Fiscal Year 2016

Manhattan

The City of New York  
Bill de Blasio, Mayor

## **FY 2016 Adopted Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Adopted Budget** reports the FY 2016 adopted budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2016 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Adopted Budget recommendation for each budget request.

## **LAYOUT OF EXPENSE REQUEST PAGES**

### **Column 1: Priority Number**

### **Column 2: Tracking Code**

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

### **Column 3: Project Information**

#### **Request, Explanation, Responsible Agency,**

Same as previously described for Capital Requests.

### **Column 4: Response**

Same as preciously described for Capital Requests.

01	301200701E	<p><b>Request:</b> Increase Community Board budget to \$250,000, which would be the first increase in over 20 years.</p> <p><b>Explanation:</b> The current allocation is woefully inadequate to address the rapidly increasing needs faced by our Lower Manhattan Community Board. Community Boards play a critical role in providing local residents and workers with a voice in determining policies and priorities for their community. An increase would greatly assist us in fulfilling our important mission, particularly at a time when Lower Manhattan is undergoing tremendous construction and redevelopment projects that challenge the quality of life of our residents and workers.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p> <p><b>Supported by:</b> All 59 Community boards</p>	<p>The FY 2016 budget for the community boards will be increased from its FY 2015 amount.</p>
02	301199602E	<p><b>Request:</b> Increase personnel of 1st Precinct for quality of life issues such as bus enforcement, street vendors, crime, traffic enforcement, disruptive bars, and clubs-related noise.</p> <p><b>Explanation:</b> The population in Lower Manhattan is continuing to grow rapidly, and it has become a large, vibrant 24-hour community. One of the effects of this growth is that residents often live adjacent to bars, nightclubs, and other uses that can negatively impact their quality of life. Holiday interruptions to Monday recycling have also been a problem for residents. Overflowing wastebaskets exacerbate the burgeoning rat population downtown. More personnel are needed to service the waste baskets, ensure streets are clean after street fairs, and to manage the rat population downtown. It is important also that resources are in place to monitor commercial waste disposal as it also needs to be effectively managed.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Supported by:</b> Seaport Community Coalition Southbridge Towers</p>	<p>The agency has stated that they will try to accommodate this request with existing resources. 03	302200902C	<p><b>Request:</b> Allocate Funds to Design and Build a New Open Space and Public Recreation Facilities on Land Owned by the NYC Department of Environmental Protection on Hudson Street Between West Houston and Clarkson Streets.</p> <p><b>Explanation:</b> The NYC Department of Environmental Protection purchased this lot with the commitment, starting in 1996, that it would be turned over to the Department of Parks and Recreation upon completion of work on the new water tunnel shaft to be built there. Work on the shaft is now complete. PlaNYC identifies the need for new locations for playgrounds and Community District 2 remains one of the most under-served in both total park area and particularly areas large enough for active recreation. This site is ideal for open space and recreation because of its proximity to J.J. Walker Park, a public high school building and the Dapolito Recreation Center. Community Board 2 is working with community members and groups to develop ideas for the use of this space.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	DEP is determining how much of the site may be made available to Parks in the future.

06	302201602C	<p><b>Request:</b> Allocate Funds for Slow Zone Enhancements Around Schools in Community District 2.</p> <p><b>Explanation:</b> Traffic safety is paramount for everyone, but especially around our schools. A West Village Slow Zone has been approved, but enhancements have not yet materialized. While CB2 looks forward to the comprehensive DOT plan for Slow Zones and Complete Streets, we simultaneously request slow zone early action improvements (which flow into the larger plan), such as signage, painting, speed bumps, rumble strips and other traffic calming features immediately around all our schools in the Slow Zone location.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> P.S. 41</p>	<p>OMB supports the agency's position as follows: This project has been created and is awaiting future scheduling considerations.</p>

08	302201502C	<p><b>Request:</b> Allocate Funds to Study and Institute Safety Improvements at 7th Avenue South and the Carmine, Varick and Clarkson Street Intersections, Including Neckdowns, Traffic Signal Changes and Relocation, Daylighting, Lane Reconfiguration and Other Geometric Improvements.</p> <p><b>Explanation:</b> Excessively long pedestrian crossings, poor visibility, motorists driving on the sidewalk, gridlock, blocked crosswalks, hazardous turning movements, intermittent speeding, irregularly angled design and the chaotic Holland Tunnel-bound traffic create exceptionally dangerous conditions for the many pedestrians (residential, working, tourists/seniors and children) using this area. Awaiting a promised improvement plan presentation.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Hudson Square Connection BID</p>	OMB supports the agency's position as follows: DOT has begun process for implementation of program.
09	302201504C	<p><b>Request:</b> Allocate Funds to Study, Redesign and Reconstruct the Complex Intersection Where 6th Avenue Intersects With 8th Street and Greenwich Avenue, as Well as Where 9th Street Meets 6th Avenue and Greenwich Avenue and Veers Off to Christopher Street. The Goal is to Improve Pedestrian Safety.</p> <p><b>Explanation:</b> Vehicles heading north on 6th Avenue and turning left (with the light) into Greenwich Avenue at the 8th Street intersection are not visible to pedestrians crossing north with the light on Greenwich Avenue at the same time. The uneven, angled alignments at both 8th and 9th Streets, with traffic in many directions, are both confusing and hazardous to crossing pedestrians. Measures such as re-alignment, signal changes, and other traffic calming and geometric approaches need to be considered.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Village Alliance BID</p>	OMB supports the agency's position as follows: DOT has begun process for implementation of program.

10	302201109C	<p><b>Request:</b> Allocate Funds to Renovate the Interior Spaces, Rehabilitate the Lower Level, Upgrade Electrical and ADA Compliance and Purchase New Furniture and Equipment for the Hudson Park Branch.</p> <p><b>Explanation:</b> This library is heavily used by youth, seniors and many others and needs renovation to expand services to various populations. The library has a large amount of underutilized space, in part because of a lack of access. A renovation of the interior space and rehabilitation of the lower level could make the library more hospitable to a broader segment of our community. We support the NYPL's efforts in this area.</p> <p><b>Responsible Agency:</b> New York Public Library</p> <p><b>Supported by:</b> NYPL</p>	This request is partially funded.
11	302201603C	<p><b>Request:</b> Allocate Funds for Sidewalk Repairs at P.S. 3.</p> <p><b>Explanation:</b> Breaks and unevenness in the sidewalk on Grove Street between Bedford and Hudson need to be repaired for the safety of all pedestrians, especially all the children who use the street on a regular basis as part of the PS3 Play Street, previously approved by CB2. Additional breaks and cracks exist around tree beds, which should also be fixed.</p> <p><b>Responsible Agency:</b> Department of Education</p> <p><b>Supported by:</b> P.S. 3</p>	OMB supports the agency's position as follows: The maintenance and repair funding is allocated to borough-based field managers by square feet under management. Each work order is categorized by priority level. This allocated funding is used to address emergencies, critical repairs, hazardous violations and environmental health and safety repairs first. Routine repairs are then addressed based on priority level of each open work order.

They are now in need of replacement to ensure proper insulation from the elements and noise.</p> <p><b>Responsible Agency:</b> Department of Education</p> <p><b>Supported by:</b> P.S. 130</p>	<p>This project was not recommended by the agency at the time of the Departmental Estimates</p>
13	302200401C	<p><b>Request:</b> Allocate Funds to Study and Reconstruct the Complex Intersection of Seventh Avenue South and Christopher, Grove, and West 4th Streets (Sheridan Square); to Improve Pedestrian Safety by Simplifying and Rationalizing These Crossings Through Traffic Calming and Other Geometric Changes to Narrow the Roadway, with the Possible Installation of a Bicycle Lane.</p> <p><b>Explanation:</b> This complex intersection, caused by the widening of Seventh Avenue South several years ago, is both confusing and dangerous to cross because of its irregularity and its influx of traffic coming from so many different directions. CB 2 considers realignment of this intersection of utmost importance to ensure pedestrian safety, comfort and orientation.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: DOT has begun process for implementation of program.</p>
14	302201302C	<p><b>Request:</b> Allocate Funds to Plant Three Hundred Trees in Tree Pits where Trees are Missing or Dead on Streets and in Parks and Playgrounds Within Community District 2.</p> <p><b>Explanation:</b> Trees are very important to the quality of life along our heavily trafficked streets. Many trees have died over the years and have not been replaced. This causes trip hazards to pedestrians and creates an unmanaged appearance. Property owners eventually remove the pits causing the loss of a valuable tree location and an additional cost to the City when the tree is replanted.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

15	302201311C	<p><b>Request:</b> Allocate Funds to Renovate the Interior Spaces, Upgrade the Electrical System and Rehabilitate the HVAC System at the Jefferson Market Library. 16	302200907C	<p><b>Request:</b> Allocate Funds to Improve the Pedestrian Environment, Minimizing Vehicular Use and Using a More Holistic Approach to Integrating Bus Priority, Walking, and Bicycling Through Design and Construction on Broadway Between 14th Street and Canal Street. This Will Enhance this Valuable Retail Area as an Orderly and Attractive People-Gathering Place.</p> <p><b>Explanation:</b> Although the bus bump-outs appear to be working in allowing several buses to stop at once and accommodate both locals and tourists, a less piecemeal approach aimed at reducing traffic and integrating alternate transportation modes can create a more functional, people-friendly and less congested corridor. A pilot program is requested, similar to the one on Market Street in San Francisco, where most cars are being banned, while retaining muni-buses, delivery trucks, taxis and bicycles, to be followed by public art displays in storefronts, concerts, and other events, and the creation of mini-plazas, featuring outdoor seating, tables, food kiosks, and landscaping. The NYC Bicycle Master Plan includes Broadway as a bike lane location.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: The Borough Commissioner's office is reviewing the request. 17	302201305C	<p><b>Request:</b> Allocate Funds to Renovate Pier 40.</p> <p><b>Explanation:</b> Pier 40 has been in serious disrepair for many years and it is getting worse. This is a vital recreational open space for people of all ages, both inside and outside our district, who occupy the playing fields at all hours of the day and night. NYC investment in this asset is critical to its future.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The Department of Parks and Recreation does not maintain this facility.</p>
18	302201208C	<p><b>Request:</b> Allocate Funds to Repair Gansevoort and Little West 12th Streets Between 9A and 8th Avenue With Belgian Blocks. (This Action Should Be Coordinated With the Capital Phase of the 9th Avenue Pedestrian Project.)</p> <p><b>Explanation:</b> The restoration of these streets would be in keeping with the historic nature of the area. The Gansevoort, Greenwich Street, Little West 12th Street convergence represents one of the few remaining artistically paved, large Belgian Block areas that can best be described as a New York City "Piazza". We are hoping to restore the Belgian Blocks, where they are missing and/or damaged, to this historically important area. Current condition is hazardous to pedestrians. The agency previously said it would try to accommodate within existing resources.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: Funds are unavailable for this project. 27	302201402C	<p><b>Request:</b> Allocate Funds for Capital Replacement of Bluestone and Brick Pavers on the Avenue of the Americas from Houston Street to West 14th Street (excluding the Jefferson Market Library and Ruth Wittenberg Blocks) with Tinted Concrete, Along with New Granite Curbs and Uniform Tree Pit Treatment.</p> <p><b>Explanation:</b> Twenty-six years ago, DOT fully funded a capital improvement project at this locale, including 3-ft. bluestone pavers, curbs, tree pits, storm water catch basins, ramps and other amenities, intending to maintain them, but this was not done. At this point, the bluestone and pavers have severely deteriorated. They are not only unattractive, but with many loose and missing pieces, highly dangerous to pedestrians and obstructive to the conduct of business. Tinted concrete provides a highly attractive bluestone substitute that is more durable than bluestone and more compatible with current activities and impacts, including large deliveries, restaurant grease from garbage, and pressure washing.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Village Alliance</p>	Please contact the Borough Commissioner's office to discuss this request.

In Addition, DOT Should Fund the Repair of Existing Pedestrian Ramps that Are Unusable Because of a Degraded Condition or Because They Are Not Even with the Adjacent Street.</p> <p><b>Explanation:</b> In its response to this request previously, DOT stated that this project will be undertaken over the next several years and that it had received additional funding for this purpose. However as DOT is already aware, as a result of the pedestrian ramp study that was completed in CD 2 in 2007, that there are a high number of corners in our district either without a pedestrian ramp or with ramps that are unusable because they are degraded or are not even aligned with the roadbed. We recognize that there are many complex corners throughout our historic districts where it will take more planning and funds to install pedestrian ramps. However, we strongly urge DOT to immediately provide the funds to repair existing, severely damaged pedestrian ramps that are unusable.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Disabled-in-Action</p>	OMB supports the agency's position as follows: DOT has begun process for implementation of program.

01	302200901E	<p><b>Request:</b> Restore Funding to the Fiscal Year 2008 Level to Ensure that the Libraries in Community District 2, Including the Hudson Park Branch, the Mulberry Street Branch and the Jefferson Market Branch are Open Six Days with Expanded Hours, Diverse Programming for Children and Seniors, Strong Collections, Research Services and Sufficient Staff to Support These Functions.</p> <p><b>Explanation:</b> While there was an increase in last year's budget, there is still a net reduction compared to FY 2008. We have a growing population in our district, especially among children and the elderly. Expanded access to our district's libraries is critical to their needs.</p> <p><b>Responsible Agency:</b> New York Public Library</p> <p><b>Supported by:</b> Hudson River Park Mothers Group</p>	<p>The agency has not submitted a proposal to increase funding for this project. Therefore, OMB does not take any position.</p>
02	302201601E	<p><b>Request:</b> Allocate Funding for the Research and Drafting of Proposed Standards and Code Revisions that would Mitigate the Negative Effects of Roof-Top and Other Exterior Mechanical Equipment.</p> <p><b>Explanation:</b> Community Board 2 receives numerous complaints when exterior mechanical equipment is installed that creates unacceptable noise levels in surrounding residences and businesses. More often than not, the problem is discovered only after the equipment is installed, and recourse is complicated and costly. NYC codes should establish standards and procedures, so that the potential negative impacts of such equipment are identified and appropriate solutions are found during the design process and before permits are issued, be they through equipment standards and/or sound attenuation treatments.</p> <p><b>Responsible Agency:</b> Department of Buildings</p>	<p>The agency will try to accommodate this issue within existing resources. 03	302201602E	<p><b>Request:</b> Allocate Funding for Elder Abuse Prevention Services.</p> <p><b>Explanation:</b> As noted on the DFTA website, a recent NYS study found a dramatic gap between the rate of elder abuse events reported by older New Yorkers and the number of cases referred to and served in the formal elder abuse service system. We feel that the agency should more proactively seek to identify seniors who may be victims of abuse and more aggressively educate our senior population and the population as a whole regarding the services that are available.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>At this time, DFTA has very limited or no funding for this purpose. We will continue to advocate for federal and state funds and to work with other city agencies toward the goal. When funding is available, we are required to conduct an open competition. Note: In FY15 and/or FY16 funding for case management, home care, and elder abuse services will be increased.</p>
04	302201501E	<p><b>Request:</b> Allocate Funds to the Arts in CB2 and Citywide.</p> <p><b>Explanation:</b> Skyrocketing rents and other increasing expenses have burdened arts organizations across the City. Community District 2 has a large number of such organizations, including independent theaters and arts facilities. These organizations attract many tourists and add to the wonderful cultural tapestry of our district. We urge the City to fund the impact study as defined in the proposed legislation, Intro 419, for a Comprehensive Cultural Plan for the City of New York.</p> <p><b>Responsible Agency:</b> Department of Cultural Affairs</p>	<p>OMB supports the agency's position as follows: The Department of Cultural Affairs recommends this project be brought to the attention of your local elected official, i.e. Borough President or City Council member.</p>
05	302201401E	<p><b>Request:</b> Allocate Funds for the Installation of a Jenn Swing at J.J. Walker and Minetta Playgrounds.</p> <p><b>Explanation:</b> Neither of these playgrounds have swings that are easily accessible to children who are mobility impaired. For a relatively small amount of money, this situation can be remedied. The agency's response last year that installation is not feasible in these playgrounds does not seem credible.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Supported by:</b> DISABLED IN ACTION OF METROPOLITAN NEW YORK</p>	<p>Our Accessibility Coordinator and a landscape architect who specializes in designing playgrounds inspected J.J. Walker and Minetta playgrounds and determined that there was insufficient space to install Jenn swings at these sites.</p>

06	302201603E	<p><b>Request:</b> Allocate Funding to Study Heavy Traffic Areas, frequented by the Elderly and the Disabled, for the Purpose of Designating Areas for Benches.</p> <p><b>Explanation:</b> Although DOT's CityBench program already addresses some of this need, we encourage the agency to fund a study to identify specific locations where benches should be installed.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: DOT has begun process for implementation of program.</p>
07	302201604E	<p><b>Request:</b> Allocate Funds to Create Curb Cuts into some of the Lawns in Washington Square Park and Provide Ramps Where Necessary.</p> <p><b>Explanation:</b> Some of the park's green spaces are not wheelchair accessible. 08	302201605E	<p><b>Request:</b> Allocate Funding for the Research and Drafting of Proposed Standards and Regulations for Fuel and Engines that are Used on Motor Vehicles for Other than Driving the Vehicle, and Fund Effective Enforcement.</p> <p><b>Explanation:</b> The proliferation of food trucks in CD2 has created a number of issues, some of which relate to the equipment used on those vehicles to power cooking, cooling and other equipment. The emission of exhaust and sound from such motors is a public nuisance and potential health hazard. In addition, the types of fuel, their containers and their locations on the vehicles pose other hazards.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	<p>Further study by the agency of this request is needed. 09	302200904E	<p><b>Request:</b> Allocate Funds for the Hiring of Additional Inspectors to be Regularly Assigned to the Evening, Early Morning, and Weekend Shifts.</p> <p><b>Explanation:</b> A major weakness in the enforcement of the sidewalk cafe rules by the Department of Consumer Affairs is the lack of inspectors working regular shifts on the weekends, at night and on Sunday prior to the noon opening time when many violations occur. These are peak sidewalk café times and it is imperative that DCA has inspectors in the field at these times. Many of the complaints we receive regarding sidewalk cafes pertain to illegal activity at these times. The agency's repeated answer that the NYPD is the primary enforcement agent for nightlife and vending issues, conveniently avoids the fact that the NYPD has never done any enforcement regarding sidewalk cafes.</p> <p><b>Responsible Agency:</b> Department of Consumer Affairs</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed. 11	302201101E	<p><b>Request:</b> Fund Outreach to the LGBTQ Community by Increasing Funding for The Door and Other Groups.</p> <p><b>Explanation:</b> Thousands of LGBTQ find our neighborhood more accepting than most, and many need help with HIV and other problems that they are unable or unwilling to secure in their home neighborhoods. In addition, educational and vocational needs are often unmet, resulting in hostility and distress among the youth as well as our residents. Increased support for groups that help these youth is needed. We applaud DYCD's Family Therapy Intervention Pilot.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>OMB supports the agency's position as follows: DYCD funding is allocated through public solicitations including Requests for Proposals.</p>
12	302201004E	<p><b>Request:</b> Allocate Funds to Hire Additional Enforcement Agents to Address Taxi Violations in Community District 2.</p> <p><b>Explanation:</b> There are many areas in our district, including the Meatpacking District, Bleecker Street area, SoHo, NoHo, Little Italy and Chinatown, that attract a large amount of taxi traffic. We have seen a dramatic increase in the number of complaints about taxi cabs blowing their horns, especially late at night and in the early morning hours, as they cruise the Meatpacking District in search of passengers leaving the late-night clubs. We need more Taxi and Limousine Commission enforcement agents on the street to target violations, particularly noise violations, that adversely impact area residents.</p> <p><b>Responsible Agency:</b> Taxi and Limousine Commission</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

While some funds were allocated in FY 2015, we ask the City to baseline that and provide additional funding to hire more dedicated arts faculty and provide adequate infrastructure for arts education.</p> <p><b>Responsible Agency:</b> Department of Education</p>	The agency will accommodate part of this request within existing resources.
14	302201003E	<p><b>Request:</b> Allocate Funds to Increase Staffing Levels so the Landmarks Preservation Commission Can Respond More Efficiently and Exeditiously to the Concerns and Needs of our Many Landmarked and Historic Areas.</p> <p><b>Explanation:</b> Approximately two-thirds of CD 2 is designated as historic or landmarked. The need for enforcement near the Holland Tunnel (whose entrance is reported to have the highest concentration of particulate matter in the City) continues to be of great concern, as it is throughout District 2, in terms to both alleviate congestion (and thereby air pollution) and avoid pedestrian/vehicular, as well as vehicular/vehicular conflicts. 18	306201603C	<p><b>Request:</b> Repair Fountain in Dag Hammarskjold Park</p> <p><b>Explanation:</b> Most of the fountain equipment has been under water for more than a decade and is hopelessly corroded. This includes both plumbing and electrical wiring. The pumps in two of the six fountains are burned out and require replacement. The Friends of Dag Hammarskjold Plaza raised the problem with the Parks Department and some of the fountains were brought to a repair level that would allow water turn-on. These were rudimentary repairs awaiting an appropriate budget to conduct thorough repairs and replacements. The Friends of Dag Hammarskjold Plaza takes a custodial interest in the Plaza and will do what it can, but the Plaza should be a world-class park and outstanding neighborhood amenity worthy of funding by the City.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

CS	306200302C	<p><b>Request:</b> Build a Full Length 2nd Avenue Subway.</p> <p><b>Explanation:</b> The East Side of Manhattan is underserved by the subway system. The Lexington Avenue lines are grossly over-crowded; many Eastside residents and commuters walk over a half mile to already over-crowded trains. Phases 3 and 4 of the 2nd Avenue Subway are expected to benefit Community District 6. We eagerly await the completion of this work and ask the City to block any efforts to further delay work.</p> <p><b>Responsible Agency:</b> Transit Authority</p> <p><b>Supported by:</b> MTA</p>	<p>OMB supports the agency's position as follows: This project is included in the ten-year plan.</p>

01	306200801E	<p><b>Request:</b> Increase Patrol Staffing Levels for 13th and 17th Precincts.</p> <p><b>Explanation:</b> The 13th &amp; 17th Precincts must be adequately staffed to perform basic public policing, protecting residents from physical harm and economic loss. Some enforcement issues, particularly those related to safety of the aging population in the District, pedestrian safety and quality of life issues cannot be aggressively pursued at current staff levels. We would like to see an increase in Police presence &amp; enforcement against illegal and/or dangerous bike riding; expanded enforcement of traffic &amp; noise violations; expanded number of bicycle equipped Officers; greater vigilance on issues arising from increased homeless population; action against public nuisance &amp; destruction of property related to pub crawls and similar circumstances.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 03	306201207E	<p><b>Request:</b> Fund Full Service Hours at Kips Bay, Epiphany and Grand Central Libraries and Protect Six Day Service in FY 2016.</p> <p><b>Explanation:</b> Community Board 6 asks that all previous library service cuts be restored and baselined in the 2016 budget. The City must maintain a minimum of six day service and increase the number of hours the libraries are open each day. In these challenging economic times, it is particularly important that the libraries' resources, including computer resources, are available to all members of our community when needed. The libraries must have strong collections, diverse programming and sufficient appropriately trained staff to support their functions.</p> <p><b>Responsible Agency:</b> New York Public Library</p>	<p>Please contact the relevant Agency/Covered Organization after the release of the Adopted Budget for further details concerning this request.</p>
04	306201203E	<p><b>Request:</b> Upgrade Security Measures at Schools Including Lighting, Panic Bars, and Other Measures.</p> <p><b>Explanation:</b> The security of our school children is of paramount concern. Inflation alone has eroded the purchasing power of the budgets and despite efforts to reduce expenditures wherever possible, the Boards face ever-increasing costs. 06	306201002E	<p><b>Request:</b> Increase Funding for Parks Enforcement Patrol.</p> <p><b>Explanation:</b> Increased presence of patrols in parks reduces illegal or inappropriate behavior and increases the opportunity for peaceful and safe enjoyment of the parks by children and adult park users. Community Board 6 would like more frequent patrols in our District. Current levels of roving enforcement are not sufficient to address quality of life issues in our parks; more fixed patrols are needed.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The Adopted Budget includes baseline funding for an additional 80 Parks Enforcement Patrol (PEP) Officers in FY 2016 and the out years.</p>

The overcrowded conditions in our schools requires that we provide every opportunity possible to focus on the needs of our school-age children. We recognize that federal and state funding are critical components for financing such projects but we ask that the City take greater responsibility for providing youth services and increase efforts to procure the necessary funding from state, federal and private sources.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p> <p><b>Supported by:</b> Dept of Education</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

08	306201208E	<p><b>Request:</b> Expand the Number of Traffic and Parking Enforcement Agents.</p> <p><b>Explanation:</b> We have elsewhere requested an increase in staffing at the 13th and 17th Precincts. This request is specifically directed at the need for increased enforcement of parking and traffic violations which is under a separate command in the Police Department. Residents are pedestrians and view traffic as a nuisance. Vehicles in pedestrian crosswalks or traveling in a dangerous manner are a threat to all residents but particularly our aging population. In addition, drivers who cause a nuisance through noise from horns or unmuffled exhausts, should be penalized. As a recent development, the new bike and bus lanes are not being respected. Additional enforcement is necessary to prevent illegal parking in the bus and bike lanes.</p> <p><b>Responsible Agency:</b> Police Department</p>	Due to fiscal constraints, the availability of funds is uncertain.
09	306200102E	<p><b>Request:</b> Allocate Additional Funding for Home Assistance Programs for the Elderly in CD6</p> <p><b>Explanation:</b> 15.6% of the population of Community District 6 is over age 65 and the mean age in the district is the oldest in the city. The Community Board requests a higher level of attention to its elderly population. Increased availability of home assistance may become particularly important after the cutbacks in services at senior centers throughout the area. We appreciate the Agency's stated commitment to advocating for federal and state funds and to work with other city agencies.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	Further study by the agency of this request is needed. 10	306201601E	<p><b>Request:</b> Increase Funding for Rat Abatement Activity in Community District Six.</p> <p><b>Explanation:</b> Reports of rats increased significantly in 2014 and despite a multi-agency effort, rat control is still a problem. Increased construction planned in the district in the next few years will only exacerbate the problem. We also take note of the need to coordinate rat abatement activities through adequate park maintenance (see request 02), enforcement of littering and quality of life issues (request 22), and increased sanitation pickup (request 18).</p> <p><b>Responsible Agency:</b> Department of Health and Mental Hygiene</p>	<p>OMB supports the agency's position as follows: DOHMH continues to increase the number of inspections performed annually. 15	306201603E	<p><b>Request:</b> Conduct a District-Wide Traffic Study.</p> <p><b>Explanation:</b> The intersection at 23rd St &amp; 2nd Ave has had a substantial history of pedestrian-automobile incidents, while at 23rd St &amp; 3rd Ave as well as 34th St. &amp; 2nd Ave near the Midtown Tunnel traffic clogs streets. 57th St &amp; 2nd Ave has one of the highest number of accidents in Manhattan. The area near the ferry terminal at 34th St also has one of the highest accident rates in the district. Pedestrian-bicycle incidents must also be addressed. Bus circulation patterns must be evaluated. Only a thorough &amp; comprehensive study will address our issues and is consistent with the Vision Zero initiative. Should funding not be available for a district-wide study, we urge the city to apply additional resources to the individual concerns, mindful of the impact on the district as a whole.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>

16	306200532E	<p><b>Request:</b> Add Air and Noise Pollution Control Inspectors for Community District 6.</p> <p><b>Explanation:</b> 311 records and other City reports indicate that noise is the #1 complaint in the District. In addition to late night noise from bars and other establishments, we are experiencing an increase in noise related traffic congestion due in part to the reduction in traffic lanes when bike lanes and bus lanes were implemented. The result has been slower traffic, more noise, and more pollution. We ask for additional air and noise pollution control inspectors to ensure that the agency can be proactive in addressing violations 24 hours a day. Relying solely on a complaint-based system means that investigations may not provide for a timely response to address on-going violations.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	<p>The agency has stated that they will try to accommodate this request with existing resources. 18	306200703E	<p><b>Request:</b> Fund a Shopping and Companion Service for the Frail and Homebound.</p> <p><b>Explanation:</b> Sometimes the simplest of services can add significantly to the seniors' quality of life. We recognize that city services to the elderly have been impacted by reduction in federal and state funding. A service to assist individuals in taking care of basic activities of daily life in the community is a necessary and, we believe low-cost response to the needs of our elderly neighbors. If city funds are not available to provide these services directly, we ask that the City expend funds to partner with community organizations to provide the services and at least partially reimburse costs incurred by volunteer programs currently operated through the senior centers.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>Further study by the agency of this request is needed. Install Pedestrian Count-Down Timers at 10 Intersections on Central Park West, Riverside Drive and Other Dangerous Locations. --- \$50K</p> <p><b>Explanation:</b> The safety of our pedestrians is paramount. Countdown timers allow pedestrians to more carefully gauge the amount of time left to cross an intersection, and whether they should even attempt the crossing, depending on where in the cycle they arrive. Count-down timers also enable drivers to estimate better how much time remains before they will be required to stop. Many drivers, previously feeling the need to speed up when seeing the flashing red hand, will not need to speed up when given measured time and will easily cross the intersection at normal speeds with a count of 5 or above. Drivers observing the count will not be surprised by a quick signal change to yellow and red due to the advance notice provided by the countdown winding down. This project would also provide two volleyball courts</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. 07	307200102C	<p><b>Request:</b> 2016-- 7. Renovate the Bloomingdale Branch Library --- \$9.6M</p> <p><b>Explanation:</b> The Bloomingdale Branch is among the most heavily used in Manhattan, with dramatic increases in every relevant category including circulation, attendance, and the demographics of users. New residential construction and the lingering effects of the economic downturn compound the increased usage. Bloomingdale, like many branches needs extensive modernization to meet this demand. On-going structural renovation must be paired with a re-imagining of the interior. Needed additional work includes new lighting throughout the facility; renovation of the basement to serve client needs instead of dead storage; a separate and appropriately-equipped teen center; enhanced computer facilities and furniture replacement.</p> <p><b>Responsible Agency:</b> New York Public Library</p>	<p>OMB supports the agency's position as follows: NYPL supports this proposal as requested. However, city funded financial support is necessary to implement this project.</p>
08	307201301C	<p><b>Request:</b> 2016- 8.. Replace Curb-Cuts.</p> <p><b>Explanation:</b> DOT does not have funding to repair existing curb-cuts/pedestrian ramps. CB7 is conducting a survey of all curb-cuts in the district. Phase One of the survey covering 57 curb-cuts from West 60th-89th Streets identified the following conditions: 10 super-bad; i.e.: basically impassable, require immediate fix; 23 severe cases; definitely high-priority and should be repaired as soon as possible; 15 bad but not yet terrible, yet if allowed to deteriorate would probably become severe cases; 9 not great but not good; bear watching.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: DOT has requested funding for this project.</p>

09	307201410C	<p><b>Request:</b> 2016-- 9. Fund Speed Cameras Throughout Manhattan Community District 7.</p> <p><b>Explanation:</b> Speeding near schools continues to be a problem throughout the district, with some areas, such as West 95th/West 96th Street-with nearby entrances/exits to the Henry Hudson Parkway, a particular concern. ADA access would be provided from the street level to the park and café levels. Drainage and electrical infrastructure would be replaced throughout. The inner and outer parapet walls around the traffic circle would be strengthened to meet modern codes.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>

12	307201603C	<p><b>Request:</b> 2016- 12. Install Pedestrian-Initiated Traffic Crossings in Central Park.</p> <p><b>Explanation:</b> We need electric and other infrastructure and programming capacity, to coordinate traffic signals in Central Parks electronically, including providing the ability for pedestrian walk signals to be activated by "push buttons" when pedestrians want to cross the Drives. 14	307201407C	<p><b>Request:</b> 2016-- 14. Renovate the Performing Arts Library (Lincoln Center-- \$5.5M) The Library serves local &amp; City-wide needs. It's ideally located in the Lincoln C. campus, an easy walk from Carnegie H., LaGuardia HS &amp; the Special Music School among other public schools &amp; Fordham, the Manh Schl of Music &amp; Mannes &amp; other colleges/institutions.</p> <p><b>Explanation:</b> The Performing Arts Library boasts a vigorous circulation is heavily used and enhances the cultural identity and resources of our Upper West Side community. The building is in need of extensive need of system-wide structural renovation, including foundation waterproofing; sidewalk replacement and drainage management; safety and security upgrades such as improved exterior lighting, replacement of exterior doors and security cameras; as well as replacement of the HVAC systems including steam pressure stations, air compressors and steam heaters. The huge increase in street cuts for utility work, including fiber optics and cable and construction, has left CD7's streets in dire shape. Side streets and intersections are particularly rutted. Many blocks on Broadway, Amsterdam Avenue and Columbus Avenue have ruts as deep as 6 inches in the parking lanes near the curbs</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>OMB supports the agency's position as follows: Funding constraints preclude the hiring of additional personnel at this time.</p>

01	307200802E	<p><b>Request:</b> 2016-- 1. Increase Community Board Budgets.</p> <p><b>Explanation:</b> Community boards have not received a budget increase for non-personnel costs in more than eleven years. Meanwhile, costs and demands for services have increased dramatically. Salaries, which are based on DC37 contracts, had not increased since 2007. In 2014, DC37 agreed to a contract that modestly increases salaries of its members. Following the usual pattern, salaries of other unions and management will increase by the same amounts as DC37's. Board budgets, which are currently baselined at \$206,895, must be increased to reflect increasing OTPS costs and salary increases for both union members and management staff.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	<p>The FY 2016 budget for the community boards will be increased from its FY 2015 amount.</p>

04	307201201E	<p><b>Request:</b> 2016-- 4. Fund Anti-Hunger Programs. ---- \$20K</p> <p><b>Explanation:</b> The poverty level in New York City is at 20%. At a time when Food Stamps have been lowered for everyone, families and individuals are having to decide between paying for food or rent. They are dependent on community programs for meals and for pantries to provide groceries to take home. In 2014, The West Side Campaign Against Hunger has provided 51,760 households with 1,705,541 meals, an increase of 5% over the previous year. The demand has gone up every year. They are asking for a grant of \$20,000 from the Emergency Food Assistance Program to enable them to secure more food from the City Food Bank. These additional funds are also needed by similar programs.</p> <p><b>Responsible Agency:</b> Human Resources Administration</p>	<p>More information is needed from the community board before making a funding decision. The community board should contact the agency.</p>
05	307200803E	<p><b>Request:</b> 2016-- 5. Allocate Additional Funds for Skilled Trades Personnel at Amsterdam Houses, Frederick Douglass Houses, Wise Towers and DeHostos.</p> <p><b>Explanation:</b> NYCHA developments in CD7 have a significant backlog of repair requests in residents' apartments. Repairs are made when there are enough of them to warrant the issuance of a contract. Having skilled trades (plumbers, electricians, carpenters) do the work at these developments would result in timely repairs, a reduction of the backlogs and increased well-being for the residents.</p> <p><b>Responsible Agency:</b> Housing Authority</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>
06	307201403E	<p><b>Request:</b> 2016-- 6. Pest Control Personnel. --- \$50K</p> <p><b>Explanation:</b> Parks has only one exterminator for all of Manhattan. The rodent population in parks has exploded in recent years. In District 7, Verdi Square, Strauss, Theodore Roosevelt and Riverside Parks, the Broadway Malls, and several playgrounds have had extreme rodent infestations. An additional exterminator for Manhattan would allow Parks to address infestations through a variety of systematic and sustainable measures.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The Adopted Budget includes baseline funding for personnel, programs and equipment. 07	307200901E	<p><b>Request:</b> 2016-- 07. Increase Funding in Order to Maintain and Increase the Number of Positions Available Through the Summer Youth Employment Program.</p> <p><b>Explanation:</b> SYEP was all but decimated in cuts to its budget from 2009 through 2012. The reversal of the trend began in Summer 2012. Even with the recent restorations, over 100,000 applicants in Summer 2014 (FY15) were turned away. The recent, increase in the minimum wage will result in the current level of funding being insufficient to maintain the current number of SYEP positions. It is necessary to increase funding at least so that staffing can be maintained at FY15 levels, and should be expanded so that additional staff positions can be created in FY16.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>OMB supports the agency's position as follows: The agency has worked with the Mayor in funding SYEP through City-tax levy funding and private donations to make up for the significant loss in federal funding. Expansion of the program depends on the availability of state and federal funding.</p>
08	307201505E	<p><b>Request:</b> 2016-- 8. Fund Senior Services.</p> <p><b>Explanation:</b> The coming year's budget has restored many senior services, but will not be helpful unless there is path provided to seniors to learn about them and receive help in accessing them. Most seniors know about Senior Centers, where they already go, but where there is often no social worker who can help them with their specific problems. DFTA should base line funds for social workers in each center: Publicity of senior services \$500K; social workers for senior centers \$5M.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>Further study by the agency of this request is needed. 09	307201502E	<p><b>Request:</b> 2016- 9. Allocate Increased Funding for the DHS Home Base Program.</p> <p><b>Explanation:</b> There are currently 58,000 people sleeping nightly in the City's transitional shelter system. DHS does have programs which help people remain in their own homes when threatened with eviction, but the funds available for them are limited, as DHS continues to eliminate existing affordable housing by paying exorbitant rates to SRO owners who convert their buildings to shelters. DHS policy should be changed to adequately fund their programs such as Home Base.</p> <p><b>Responsible Agency:</b> Department of Homeless Services</p>	<p>OMB supports the agency's position as follows: DHS has invested \$40M in prevention services this year, opening 9 new Homebase offices, for a total of 23 citywide. DHS has collected data on the number of applicants for homeless services by community, and has opened Homebase offices in the communities in which there is a high number of applicants. The Bronx now has 10 of the 23 offices. We believe prevention services will help people remain in their homes and avoid shelter.</p>
10	307201603E	<p><b>Request:</b> 2016-- 10. Fund Dedicated Enforcement Staff for Anti-Idling Law. There is Currently No Routine Enforcement of the Anti-Idling Law, and Only Spotty and Largely Unsuccessful Enforcement of Specific Targeted Violations.</p> <p><b>Explanation:</b> Drivers of motor vehicles park at our curbs and run their motors continuously with impunity. The NYC idling law is intended to reduce pollution that harms our health. It also is addressed to limiting the use of non-renewable fossil fuels. The Upper West Side is particularly vulnerable to asthma and other health problems from pollution because of our high population density and the continued use of polluting fossil fuels for heating our buildings. DEP has no funds budgeted for enforcement of the anti-idling law, and similarly neither the NYPD nor Traffic Enforcement engages in routine enforcement nor responds to individual, specific complaints. 311 complaints are not followed up on, and the 311 system is not suited to addressing this problem.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

11	307199502E	<p><b>Request:</b> 2016--11. Maintain and Increase Baseline Funding for After-School and OST Programs in Public School and in Neighborhood CBOs in MCD7.</p> <p><b>Explanation:</b> For the first time in several budget cycles, \$71M in funding for core programs was baselined in the FY15 budget. The baselining of funding for these programs allows service providers to meet important needs, and allows families to plan work, education and other adult schedules. To deliver on the commitment to meet these needs, baselining of the funds needed for program capacity at least at current levels must be a priority. Even with these enhanced baseline funds, there are children who remain without these essential services. It is essential that the stability afforded by continued baselining be augmented with additional program funding for (1) additional program capacity, and (2) additional outreach.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	Due to fiscal constraints, the availability of funds is uncertain.
12	307200003E	<p><b>Request:</b> 2016-- 12. Park Enforcement Personnel for Riverside Park and District 7. --- \$600K</p> <p><b>Explanation:</b> No PEP officers are available to be assigned to patrol on regular beats in CD7 parks for quality of life and other offenses. An additional ten officers for Manhattan would increase safety and help address graffiti and other vandalism, littering, skateboarding, homeless, alcohol, off-leash, smoking, motor idling and other conditions throughout Riverside Park and in district parks and playgrounds.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	The Adopted Budget includes baseline funding for an additional 80 Parks Enforcement Patrol (PEP) Officers in FY 2016 and the out years.
13	307200911E	<p><b>Request:</b> 2016-- 13. Restore the Number of Police Officers in Precincts and PSAs.</p> <p><b>Explanation:</b> The number of uniformed officers in our precincts and housing developments has been reduced to minimal levels (121 in the 20th; 127 in the 24th; and 128 in PSA6). CB7 seeks a restoration of the overall headcount to 50,000 and the number of uniformed patrol officers to 40,000, which would fully staff community policing, sector patrols, enforcement of traffic and bicycle regulations and special units.</p> <p><b>Responsible Agency:</b> Police Department</p>	OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.

14	307201604E	<p><b>Request:</b> 2016-- 14. Increase Staff for Gertrude Ederle Recreation Center (West 60th Street.)</p> <p><b>Explanation:</b> Reinstate two playground associates and two recreation specialists to run various programs, including programs for teens and adult fitness. Attrition policies resulted in the elimination of these staff lines and cuts in programming. It is essential that this new and thriving center be fully staffed.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The Adopted Budget includes baseline funding for personnel, programs and equipment. After Adoption, agencies will schedule specific allocations.</p>
15	307201503E	<p><b>Request:</b> 2016- 15. Fund Accessibility Programs.</p> <p><b>Explanation:</b> Compliance with the ADA needs to be monitored. All West Side residents should be able to enjoy its resources. All agencies should have staff insuring that: Traffic lights should reflect the pace at which the elderly and disabled are able to move. They should also alert the visually handicapped to red lights. (DOT) ; Stores and public buildings should be accessible to wheelchairs. (CHR) ; ADA compliance needs to be enforced. (DOB) ; Resources for seniors and the disabled should be widely publicized. (DFTA, DOH) ; Playgrounds in schools and parks should include facilities for the disabled. (DOE)</p> <p><b>Responsible Agency:</b> Commission on Human Rights</p>	<p>In compliance with the ADA Laws, the Commission on Human Rights is enforcing all necessities for all the Five (5) Boroughs.</p>

16	307200401E	<p><b>Request:</b> 2016-- 16. Restore Staff and Operating Budget --- \$19.3M</p> <p><b>Explanation:</b> While the operation of branch and research libraries have been stabilized, and 6-day service at most locations has been restored, after the drastic cuts to the NYPL operating budget in FY10 and FY11, service at most locations continues to suffer from the lingering effects of the cuts that have not been restored (a current shortfall of approximately 13%). Ensuring adequate levels of circulation, reference, preservation and outreach services, and continuing to enhance the service provided in the ways in which our branch libraries meet a plethora of new needs as a wider cross-section of our diverse communities turn to the libraries for traditional and new media resources, requires restoration of the expense budget at least to 2008 levels.</p> <p><b>Responsible Agency:</b> New York Public Library</p>	<p>The agency has not submitted a proposal to increase funding for this project. Therefore, OMB does not take any position.</p>
17	307201205E	<p><b>Request:</b> 2016-- 17. 18	307201605E	<p><b>Request:</b> 2016--18. Fund Primary Day Security in Schools Used as Polling Places. --- \$20K</p> <p><b>Explanation:</b> Unlike general elections, schools used as polling sites for primary elections are not closed to students. While all polling sites have a police presence, the officers properly are expected to focus their attention on the room(s) within the venue at which the voting takes place. Schools used as primary day polling sites have reported voters either intentionally or mistakenly going unsupervised access to portions of the school building unrelated to voting where children are found including restrooms, hallways and other spaces. Additional security, whether School Safety Officers, per diem DOE staff, or others, are needed to ensure that voters leaving the polling site proceed immediately to leave the building using only the designated route.</p> <p><b>Responsible Agency:</b> Department of Education</p>	<p>Funding for this type of program is decided at the local level. Contact your local community board or Children First Network.</p>
19	307201606E	<p><b>Request:</b> 2016-- 19. Fund Coordination of City Regulations/Services for Small Businesses. --- \$2M</p> <p><b>Explanation:</b> Small businesses face a myriad of regulatory inspections each year, all managed by different city departments. Fees and fines are inconsistent. Schedules are not coordinated, so businesses are often interrupted by random visits. Coordination of these regulations would go a long way to improving NYC as a fertile environment for small business to grow.</p> <p><b>Responsible Agency:</b> Department of Small Business Services</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>

20	307201202E	<p><b>Request:</b> 2016-- 20. Provide Permanent Staffing for Districts #7 and #14 (Riverside Park).</p> <p><b>Explanation:</b> Parks full-time workforce is responsible for park maintenance and cleanliness. While the FY'15 budget provided funding for increased staff (Associate Park Service Workers, City Parks Workers, and Gardeners), additional funds are needed to rebuild the agency's permanent, year-round workforce, which has been substantially reduced because of budget cuts from its former baseline.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The Adopted Budget includes baseline funding for personnel, programs and equipment. After Adoption, agencies will schedule specific allocations.</p>
21	307201407E	<p><b>Request:</b> 2016-- 21.Fund Physical Fitness Programs --- \$55K/school</p> <p><b>Explanation:</b> Regular physical fitness is acknowledged as necessary for both physical and mental well-being. Due to overcrowding and scheduling changes around curriculum pressures and testing, schools have reduced gym classes and recess time. Most school playgrounds operated by the Department of Education are locked after the school day because there is no staff to supervise them. It is recommended that two school playgrounds in the CB 7 district receive funding of \$55K for personnel allowing the playgrounds to remain open.</p> <p><b>Responsible Agency:</b> Department of Education</p>	<p>Funding for this type of program is decided at the local level. Contact your local community board or Children First Network.</p>
22	307201607E	<p><b>Request:</b> 2016-- 22. Fund Data Integration/Accessibility By NYC Agencies. --- \$2M</p> <p><b>Explanation:</b> Since passage of the open data law in 2012, New York City agencies are now required to make data relevant to the public available online. The potential to use this data to inform public policy is enormous. However, much of the data is not in searchable format, nor can it be combined effectively with data from other departments. CB7 would like funds allocated to update and integrate data so it is searchable and useful in identifying trends and analyzing city policy.</p> <p><b>Responsible Agency:</b> Dept of Information Technology &amp; Telecommunication</p>	<p>The agency has not submitted a proposal to increase funding for this project. 23	307201608E	<p><b>Request:</b> 2016-- 23. 24	307201301E	<p><b>Request:</b> 2016--24. Fund Tree Pruning and Stump Removal. --- \$2M Citywide</p> <p><b>Explanation:</b> DPR has more than 8,400 street trees in District 7. This does not include Central and Riverside Parks. Many of these street trees have dead branches; most have not been trimmed for a long time. Funding for emergency pruning and a 10-year pruning cycle would make it possible for Parks to respond more rapidly to requests for tree pruning and stump removal, and would reduce safety concerns.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The Adopted Budget includes baseline funding for personnel, programs and equipment. 25	307200915E	<p><b>Request:</b> 2016-- 25. Maintain Funding for Baselined Early Learn Programs, Including UPK and Head Start</p> <p><b>Explanation:</b> It is essential that the funding for these programs, newly baselined in FY15, be continued at least at the current programming levels to deliver both the services as well as good planning by service providers, families and ancillary services. In addition, many of ACS's programs are funded on a district-wide allocation based on indicia of need on a Census tract or zip code basis that continues to leave pockets of significant unmet need in our District for publicly-funded child care, pre-K and Head Start. Either an overall funding increase to the baseline, or reform of the allocation system is needed to ensure those with equivalent needs have equivalent access to programs and services.</p> <p><b>Responsible Agency:</b> Administration for Children's Services</p>	<p>Use the agency's application/RFP procedure. 26	307199311E	<p><b>Request:</b> 2016-- 26. Funding for Additional Basket Service at Night and on Weekends and Holidays.</p> <p><b>Explanation:</b> CD7's 1,000 litter baskets are never empty and often they are overflowing. DSNY cut a Sunday basket truck, making it impossible to service all of the district's baskets. Additional basket service is needed from 4PM to midnight on Sundays and from midnight to 8AM on weekdays. The current service helps keep streets and sidewalks clean, with fewer incidents of rodent infestation and clogged catch basins and street drains, and reduces floatables in the Hudson River. Additional service on the night shift, weekends and holidays would improve conditions when thousands of tourists are in the district</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>Funding for Basket Collection is baselined in the Agency's Expense Budget. The frequency of collection and location of litter baskets is determined by the Agency.</p>
27	307201303E	<p><b>Request:</b> 2016-- 27. Hire Civilian Personnel to Perform Administrative and Clerical Positions in NYPD.</p> <p><b>Explanation:</b> The goals of crime reduction and greater public confidence in the police have been realized in great measure through increased patrol strength. Patrol strength and its positive community impacts are being jeopardized as more officers must perform administrative work or are moved into special initiatives. To maintain patrol strength without breaking the budget, the NYPD should rescind the hiring freeze for civilians in administrative and clerical positions, restore civilian personnel to 14,400, and free uniformed officers for precinct patrol.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>OMB supports the agency's position as follows: NYPD total staffing levels depend on decisions made in the Preliminary and Executive budget process. Allocation of uniformed personnel is scheduled by the NYPD only after graduation of Police classes from the Academy. The availability of future funding for civilian personnel depends on the decisions made in the Preliminary and Executive budget process.</p>

28	307201609E	<p><b>Request:</b> 2016-- 28. Fund &amp; Place "NYC Law-No Right on Red", "NYC Speed Limit 25mph Unless Otherwise Posted" Signs.</p> <p><b>Explanation:</b> There is a lack of signage where the Henry Hudson Parkway exits on to West Side streets, at the 79th Street &amp; 95th-96th Street exits. As this may be the first place vehicles are actually on NYC streets from their point of origin, it is essential that New York City's rules &amp; regulations be visible to motorists who may not be aware of them. Additionally, there is a paucity of speed limit signage throughout the West Side.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>
29	307201302E	<p><b>Request:</b> 2016-- 29. Provide Funding for Additional Appraisers, Assessors, Tax Auditors.</p> <p><b>Explanation:</b> As the City continues to face budget deficits and a hiring freeze, we need to single out a few job titles in the Department of Finance which are a benefit for the city's bottom line. Property Assessors, Appraisers, and all Tax Auditors add significantly more revenue for NYC than they will cost the city in compensation. Units within the DoF, which employ these revenue generating job titles, should always be fully staffed and never subject to across the board staffing cuts. Hiring additional revenue generating workers within the DoF will help address systemic issues within the DoF which allow tax exemptions and abatements to be misapplied to NYC real estate, costing the city \$100s of millions in uncollected revenue -- revenue that can be applied to other budget priorities on this list.</p> <p><b>Responsible Agency:</b> Department of Finance</p>	<p>OMB supports the agency's position as follows: The statement does not reflect the current budget climate. While DOF continues to hire Auditors, Appraisers, and Assessors, the Department has other programs that work to generate revenue, and as such, the statement is no longer valid.</p>

# Register of Community Board

---

For The Adopted Budget  
Fiscal Year 2016

Queens

The City of New York  
Bill de Blasio, Mayor

## **FY 2016 Adopted Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Adopted Budget** reports the FY 2016 adopted budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2016 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Adopted Budget recommendation for each budget request.

## **LAYOUT OF EXPENSE REQUEST PAGES**

### **Column 1: Priority Number**

### **Column 2: Tracking Code**

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

### **Column 3: Project Information**

#### **Request, Explanation, Responsible Agency,**

Same as previously described for Capital Requests.

### **Column 4: Response**

Same as preciously described for Capital Requests.

13	405201403C	<p><b>Request:</b> Repower Polluting Stage Zero Freight Engines Hauling NYC Municipal Waste Through District 5, Queens.</p> <p><b>Explanation:</b> The use of freight rail has increased tremendously in recent years, but the communities of Glendale, Middle Village, Ridgewood and Maspeth have suffered as a result. Conditions are compounded considering that the amount of NYC municipal waste planned for freight transport is scheduled to grow greatly, with the current expansion of the Review Avenue Transfer Facility in the CB2Q area. This request is for the repowering of the very old stage zero locomotives, leased by NY and Atlantic Railway from the LIRR/MTA. These locomotives are polluting our communities, and they desperately need to be repowered which is much less costly than replacement of the locomotives.</p> <p><b>Responsible Agency:</b> Economic Development Corporation</p> <p><b>Supported by:</b> Civics United for Railroad Environmental Solutions (CURE)</p>	EDC is currently investigating the possibility of a project at this site.
14	405200801C	<p><b>Request:</b> Continue a Comprehensive Study of the Sewer System in the Community Board 5Q Area and Throughout Queens County, Considering Excessive Street and Household Flooding Problems and Anticipating Future Growth.</p> <p><b>Explanation:</b> A thorough sewer system study, including analysis of flow patterns to treatment plants, needs to proceed and be accomplished in the very near future so that street flooding and basement sewer backups can be greatly reduced. The sewer system links our communities with those of other community districts throughout Queens. Solutions to flooding are especially needed in the area of Cooper Avenue (btw 74 St and 78 St), and along 77 Avenue and 78 Avenue (btw 80 St and 88 St).</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p> <p><b>Supported by:</b> Glendale Property Owners Association Middle Village Property Owners &amp; Civic Association</p>	Further study by the agency of this request is needed. 15	405200601C	<p><b>Request:</b> Reconstruct Soft Surface Ball fields, Jogging Path and Add Security Lighting at Francis J. Principe Park in Maspeth.</p> <p><b>Explanation:</b> The existing dirt baseball fields at Principe Pk (formerly Maurice Pk), which were reconstructed in the mid-1990's, have deteriorated significantly. The jogging path around the ball fields is very narrow and there isn't any security lighting in this part of the park. These fields need to be reconstructed, and the best option for multiple sports use (such as, baseball, football, soccer) may be to install a safe artificial field turf-type surface which reportedly will give much better wear. This project is important as Principe Pk has the only soft surface ball fields in Maspeth or northern Ridgewood. Soccer has become extremely popular and groups like Blau Weiss Gottscheer Soccer unfortunately have numerous teams that have to travel far to play soccer outdoors.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Supported by:</b> Blau Weiss Gottscheer Soccer League</p>	<p>OMB supports the agency's position as follows: This Parks project was funded in a prior fiscal year and the scope is now underway.</p>
16	405200301C	<p><b>Request:</b> Reconstruct Dry Harbor Playground, Glendale - Phase II, to Also Include Nearby Tunnel and Pathways Into Forest Park.</p> <p><b>Explanation:</b> This City park is located on Myrtle Avenue at 80 Street, and is the only park-playground for eastern Glendale. This Phase II request is for the rehabilitation of the asphalt softball field, including possible provision of recreational lighting, the park house/ bathrooms rehabilitation, and improved fencing around the children's playground. The reconstruction of the children's playground was completed in Phase I. Funding is also needed to rehabilitate the tunnel and bicycle path under the Jackie Robinson Parkway and the connecting bicycle/golf cart pathway to its easterly connecting point of Forest Park Drive. Drainage, signage and lighting improvements are important along these pathways.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Budget Line:</b> P-C019, P-0245Q</p> <p><b>Project Id(s):</b> P-409DRYH, P-409DRYH, P-409DHPG</p> <p><b>Supported by:</b> Glendale Property Owners Association</p>	<p>OMB supports the agency's position as follows: Department of Parks and Recreation funds are insufficient for this project. 17	405200504C	<p><b>Request:</b> Extend Street/Roadway Widening Along the South Side of Metropolitan Avenue, from Woodhaven Boulevard to Aubrey Avenue in Glendale.</p> <p><b>Explanation:</b> Some roadway widening was done, just west of Woodhaven Boulevard, when Home Depot opened on the east side of the Boulevard. But more needs to be done to reduce the traffic back-ups, especially considering the commercial development at nearby Atlas Terminals. The need is even greater now that several large chain stores have opened and are prospering on Metropolitan Avenue, east of Woodhaven Blvd. In addition, Metropolitan High School and an adjacent intermediate school have been in session for three years now.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Glendale Property Owners Association Glendale Civic Association</p>	<p>OMB supports the agency's position as follows: Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.</p>
18	405201405C	<p><b>Request:</b> Reconstruct Edsall Avenue from 71 Place to 73 Place, in Glendale.</p> <p><b>Explanation:</b> Edsall Avenue has extensive ponding conditions because of a poor roadway surface, no catch basins and no curbing on the north side of this street. Rainwater lays in the roadway, between 71 Place and 72 Place, for many days after even a moderate rain. This promotes unhealthy conditions. This street needs to be reconstructed with a new sewer line, catch basins, curbing and a new roadway surface.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Glendale Property Owners Association</p>	<p>OMB supports the agency's position as follows: Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.</p>

19	405201102C	<p><b>Request:</b> Provide Funding for Restoration and Renovation of the Historic Onderdonk House in Ridgewood.</p> <p><b>Explanation:</b> The historic Onderdonk House, located at 1820 Flushing Avenue in Ridgewood, is in need of significant repairs. Needs include a new roof (which is now being replaced); heating system upgrades prioritizing energy efficiency; new insulation for walls, floors and the second floor attic; drainage system upgrades to correct flooding in the property yard; fencing upgrades; and replacement of sidewalk flags surrounding the property.</p> <p><b>Responsible Agency:</b> Department of Cultural Affairs</p> <p><b>Supported by:</b> Ridgewood Property Owners Civic Association Greater Ridgewood Historical Society</p>	Use the agency's application/RFP procedure. 20	405201503C	<p><b>Request:</b> Replace the Grand Street Bridge over Newtown Creek in Maspeth, Queens and Williamsburg, Brooklyn.</p> <p><b>Explanation:</b> Due to the deteriorated conditions of this 2-lane bridge, which only worsened in the aftermath of Super Storm Sandy in 2012, and the increased vehicular traffic over this facility, replacement of the existing bridge over Newtown Creek in the Maspeth Industrial Area is needed. The Grand Street Bridge is too narrow to accommodate trucks and buses in opposite directions. Truckers and bus drivers have to wait for traffic to pass in the opposite direction, posing dangerous conditions and traffic delays.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Maspeth Industrial Business Association</p>	OMB supports the agency's position as follows: This capital project is included in the agency's departmental estimates for the out years. 22	405200403C	<p><b>Request:</b> Provide Traffic Facilitation Improvements and Reconstruct Fresh Pond Road, from Metropolitan Avenue to Myrtle Avenue in Ridgewood.</p> <p><b>Explanation:</b> Fresh Pond Road is a major north/south artery in the CB5Q area. This request includes planning/implementation of better traffic facilitation, by cutting into curb areas (where possible) to enable trucks and buses to get to the curb. 23	405200505C	<p><b>Request:</b> Reconstruct the DeKalb Avenue, Halsey Street and Jefferson Street Train Stations (BMT- L Line).</p> <p><b>Explanation:</b> Only the Halsey Street Train Station is in Queens, but many of our Ridgewood residents either use these stations, or would use them, if they were not so deteriorated and if they were more inviting. An elevator is needed at the busy DeKalb Avenue station. There is significant development along the Brooklyn/Queens border, which has brought an increase in train ridership to these stations. We are informed that, in 2012, the Halsey St. station had the largest percentage growth in passengers of any "L" train stations.</p> <p><b>Responsible Agency:</b> Transit Authority</p> <p><b>Supported by:</b> Ridgewood Property Owners and Civic Assn.</p>	<p>OMB supports the agency's position as follows: The ten-year plan includes project(s) to address deficient station components at some or all of these location.</p>

Unfortunately, this retaining wall project did not include reconstruction of the bridge abutment, painting the vehicular bridge or construction of a long sought pedestrian bridge crossing in the area of 76 Street. One of the main problems has been tree roots lifting the bricks and the sidewalk flags. The last major improvement was in 1984/1985. This section of Myrtle Avenue receives extensive pedestrian traffic with people from Ridgewood and nearby communities shopping on Myrtle Avenue.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Myrtle Avenue Business Improvement District Ridgewood Local Development Corporation</p>	<p>Sidewalk replacement requests should be directed to the Borough Commissioner. 28	405200103C	<p><b>Request:</b> Reconstruct 75th Street from Eliot Avenue to Juniper Boulevard North, in Middle Village.</p> <p><b>Explanation:</b> Although the Bureau of Highways crews have resurfaced 75th Street in the past 7 years, it is quite evident that this street needs reconstruction. Due to extensive roadway and sidewalk settlement, resurfacing is but a short-term solution. The portion of the roadway adjacent to the Learning Tree Day Care Center is higher than the sidewalk, causing unhealthy water accumulation.</p> <p><b>Responsible Agency:</b> Department of Transportation</p> <p><b>Supported by:</b> Juniper Park Civic Association</p>	<p>OMB supports the agency's position as follows: Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.</p>
29	405201103C	<p><b>Request:</b> Reconstruct Palmetto Street Between St. Nicholas Avenue and Seneca Avenue, and from Onderdonk Avenue to Forest Avenue, in Ridgewood.</p> <p><b>Explanation:</b> Palmetto Street serves as an important local artery, especially for numerous bus lines that take passengers to and from the Myrtle and Wyckoff Avenues Transit Hub. Engineered resurfacing at a minimum is needed along Palmetto Street, from St. Nicholas Avenue to Seneca Avenue, as the roadway is in disrepair. Street conditions are complicated by the fact that the pillars supporting the elevated "M" Train are located in the bed of the roadway. Recent cost estimates are projected to be somewhere in the range of \$750,000. It is questionable whether there is sufficient open space to accommodate a dog run inside Juniper Valley Park since there are so many competing uses there including seven (7) ball fields, a running track, two (2) children's playgrounds, a football/soccer field, bocce, tennis and basketball courts, and a roller hockey rink, in addition to landscaped areas. 05	405199204E	<p><b>Request:</b> Provide Funding for Educational and Recreational Programs, for Children and Teens.</p> <p><b>Explanation:</b> Funding for after school, evening and weekend delinquency prevention programs should be maintained locally. This is especially critical at a time when far too many children and teenagers are unsupervised by parents or guardians after the school day ends and on weekends. These programs are very critical as they increase the self-esteem levels of participants, thereby preventing substance abuse and delinquent behavior. While Beacon Programs are welcome, it is vital that funding for other quality "local" education and recreation programs be a priority. Thankfully, Mayor de Blasio and City Council Members have increased youth program funding substantially.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p> <p><b>Supported by:</b> Numerous Local Civic &amp; Community Organizations</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

07	405199205E	<p><b>Request:</b> Provide Needed Services for Senior Citizens.</p> <p><b>Explanation:</b> Community District 5, Queens has a very large senior citizen population, many of whom are frail, without adequate care and living alone. The following are necessary programs to meet some of the needs of senior citizens: 1) Provide adequate funding for Meals-on-Wheels programs; 2) Provide adequate funding for congregate meals programs; 3) Provide funding for senior transportation programs; 4) Fund Health Care Programs for the Elderly and Senior Home Care; 5) Fund Emergency Food Programs for Seniors.</p> <p><b>Responsible Agency:</b> Department for the Aging</p> <p><b>Supported by:</b> Numerous Local Civics &amp; Community Organizations</p>	<p>Further study by the agency of this request is needed. 08	405199302E	<p><b>Request:</b> Continue 5 Times Per Week Garbage Collection and Begin 5 Day a Week Recycling Collection for Schools.</p> <p><b>Explanation:</b> The reduction to 2 days per week garbage collection caused unsanitary conditions around many local schools. School collection, 5 days per week, is critical during the school year and during the Summer. It is also important that recycling collection at schools be increased. Five times a week recycling collection is needed for many public schools as the current conditions result in recyclables crowding school sidewalks.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>This is not a budget request. 09	405198704E	<p><b>Request:</b> Allocate Funds for the Operation and Enhancement of the Division of Forestry in Queens.</p> <p><b>Explanation:</b> There are extensive needs for pruning of trees on city streets and in city parks, which are too numerous for the Division of Forestry to keep up with. There are currently more than 20,000 street tree stumps that need to be removed in Queens. The following budget allocations are needed to address these conditions, and the need to remove dead trees and limbs on an emergency basis: \$4.5 Million for county-wide pruning contract; \$3.5 Million for removal of tree stumps in Queens; \$500,000 for removal of dead trees and limbs. Trees are aging, and risks of falling limbs and dead trees pose dangerous conditions.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Supported by:</b> Ridgewood Property Owners Civic Assoc. 13	405199305E	<p><b>Request:</b> Increase the Number of Sanitation Police and Enforcement Agents, Especially in Plain Clothes, to Significantly Reduce Excessive Abuse of Litter Baskets and Illegal Dumping.</p> <p><b>Explanation:</b> Because of previous lay-offs, there are now fewer Sanitation Police citywide for illegal dumping. Sanitation Police positions should be greatly increased for illegal dumping, especially since they are revenue producing, and dumping is severely hurting communities. One SEA agent is needed daily in Q5. Severe fines, vehicle impoundments and more publicity, such as frequent press releases to TV and radio stations and major newspapers, are needed to make an example of dumpers and curtail illegal dumping. The abuse of litter baskets on commercial strips has become deplorable, basket collections in Q5 are severely reduced, and related enforcement absent.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p> <p><b>Supported by:</b> Ridgewood Property Owners and Civic Assn. 14	405198311E	<p><b>Request:</b> Assign Sufficient Personnel for Maintenance of Parks in District 5, Queens.</p> <p><b>Explanation:</b> Sufficient park workers are needed to meet work requirements for the cleaning and maintenance of the 229.7 acres of parks in CD5Q. Currently, there are only 12 Parks Dept. maintenance staff, including supervisors, assigned for this massive parkland. Skilled maintenance workers (there are only 2 for all of Queens Districts 5, 9, 10 &amp; Forest Park) should be funded year-round. Depending almost totally on POP workers to maintain parks shows a lack of concern for what to many is a most important community asset. Reseeding, aerating and fertilizing ball fields and grassy areas need to be priorities so that large capital expenditures are not wasted. Funding is also needed to hire seasonal workers and playground associates during months of greatest park use.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p> <p><b>Supported by:</b> Numerous Local Civic &amp; Community Organizations</p>	<p>The Adopted Budget includes baseline funding for personnel, programs and equipment. A van is needed for the Conditions Unit and for special events. RMP's are needed to assure necessary patrol strength. Four-Wheel- Drive vehicles are needed in our extensive parklands and hilly areas. Unmarked vehicles are integral to the ability of our excellent NYPD to be proactive against crime.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> Numerous Local Civic and Community Organizations</p>	<p>OMB supports the agency's position as follows: New equipment must be requested by the NYPD commanding officer. 17	405199603E	<p><b>Request:</b> Hire Traffic Control Agents, School Crossing Guards and Additional School Safety Officers.</p> <p><b>Explanation:</b> The City should earmark funding to hire additional traffic control agents: (Traffic Enforcement Agents-Level II), so that heavily travelled Queens intersections can be staffed. This will diminish the need to assign police officers, who are paid more. In consideration of dangerous traffic conditions, funding is needed to hire at least 2 additional school crossing guards for District 5, Queens schools. Most elementary schools have only 1 or 2 School Safety Officers; intermediate schools only have 3 officers, which in many schools is very insufficient.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> Juniper Park Civic Assn. 18	405199507E	<p><b>Request:</b> Continue Funding of Ridgewood Communicare Health Center Located at 769 Onderdonk Avenue, Ridgewood.</p> <p><b>Explanation:</b> The Ridgewood Communicare Health Center (formerly known as the Maspeth Child Health Station) provides important health services to many children, families and senior citizens. Ridgewood and neighboring communities have seen an increase in the number of working poor and residents on public assistance. The need to expand services beyond the hours of Monday to Friday, 8:30am to 4:30pm, should be seriously considered. Saturday hours and evening hours should be a priority considering that working families, with school-age children and teens, are mostly low-wage earners who cannot afford to take time off from work for medical appointments.</p> <p><b>Responsible Agency:</b> Health and Hospitals Corporation</p>	<p>OMB supports the agency's position as follows: Funding for this center is currently included in the agency's budget.</p>

CS	407200101C	<p><b>Request:</b> Establish an Additional Police Precinct for Community District #7.</p> <p><b>Explanation:</b> Community Board #7 having the largest population of the 59 Community Boards, and one of the largest in geographic area, there is a need for an additional Police Precinct for our district. According to information the 109th Precinct is 4th in overall index crime complaints in the city and 1st in Queens for radio runs (approximately 6,000 per month). The Fair Share Allocation for manpower has to take into consideration the quality of life issues that the precinct has to deal with. This requires time and manpower of which our precinct is being stretched far beyond their limit.</p> <p><b>Responsible Agency:</b> Police Department</p> <p><b>Supported by:</b> Friends for Fort Totten Park                      Bay Terrace Community Alliance</p>	<p>This is not recommended for funding because it is not an efficient use of resources to open a new police precinct or substation. To establish an additional precinct requires splitting personnel resources (including additional administrative positions) between the existing precinct and the new precinct. Consequently, the net effect may result in a reduction of officers available for patrol in the precinct because the new facility would require adequate administrative and support staff.</p>

01	408198801E	<p><b>Request:</b> Increase personnel for maintenance of catch basins, sewers, and water mains in CD8.</p> <p><b>Explanation:</b> Additional maintenance personnel are needed to reduce the long backlog for repair of broken catch basins, water mains, and sewers, and for cleaning of clogged catch basins and sewers. Sewer maintenance and seepage and catch basin cleaning should be done on a regular annual basis to reduce many instances of flooding. This program will reduce many costly icing conditions and sewer backups.</p> <p><b>Responsible Agency:</b> Department of Environmental Protection</p>	<p>The agency has stated that they will try to accommodate this request with existing resources. OMB supports this.</p>
02	408198401E	<p><b>Request:</b> Increase funding for the Community Board.</p> <p><b>Explanation:</b> Increase C.B. funding to cover inflation and for merit raises. The Board provides a critical service to the community by improving the operational efficiency of other agencies. The Board's workload increases as the community gets more involved.</p> <p><b>Responsible Agency:</b> Office of Management and Budget</p>	<p>The FY 2016 budget for the community boards will be increased from its FY 2015 amount.</p>
03	408198503E	<p><b>Request:</b> Increase funding for Youth activities in CD8 - after-school programs and employment.</p> <p><b>Explanation:</b> An increase in minimum fair-share funding base is needed to maintain existing services while providing additional services, such as: jobs programs for those above poverty level, apprenticeship programs to combat truancy, 5 day a week after-school child care for latchkey children, evening centers and outreach workers to reduce teen crime and hanging-out, increased school-based substance abuse services, insured continuance of information and referral services of Queens teen pregnancy network and increased ACD vouchers for child care. 05	408200201E	<p><b>Request:</b> Increase funding for Beacon Programs.</p> <p><b>Explanation:</b> These programs need increased funding to provide services for our youth and keep them positively engaged from 3 p.m. to 6 p.m.</p> <p><b>Responsible Agency:</b> Department of Youth &amp; Community Development</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>
06	408199301E	<p><b>Request:</b> Institute dedicated basket pick up for CD 8 and center mall cleaning.</p> <p><b>Explanation:</b> With no Clean Team personnel in CD 8 Queens, commercial strips have overflowing litter baskets. Clean team is also necessary for street cleaning operations in the 8 square miles of streets in the district. Subway stations, large institutions, and commercial areas attract many pedestrians to the district with resulting litter. The many center malls in CD 8 require regular cleaning and weed removal. The weeds trap litter. Need to maintain the approximately 12 miles of center malls.</p> <p><b>Responsible Agency:</b> Department of Sanitation</p>	<p>Funding for Basket Collection is baselined in the Agency's Expense Budget. The frequency of collection and location of litter baskets is determined by the Agency.</p>

07	408200409E	<p><b>Request:</b> Increase asphalt allocation of Highway Resurfacing in CD 8.</p> <p><b>Explanation:</b> Increase asphalt allocation in Community District 8 for FY '13 and future years. At the present allocation rate, it will take over 200 years to resurface all roads in district. Resurfaced roadways reduce maintenance work (potholes) and claims against the City.</p> <p><b>Responsible Agency:</b> Department of Transportation</p>	<p>Resurfacing and milling requests should be directed to the respective NYCDOT Borough Directors of Maintenance. Each year, the boroughs plan the next season's resurfacing.</p>
08	408200402E	<p><b>Request:</b> Enhance funding for senior services: A) Queens Community House aka Pomonok Neighborhood Center B) Adult Day Care Program C) Increase funding for In-Home services and transportation for the seniors D) Provide funding to establish NORCs (Naturally Occurring Retirement Communities) in CD 8.</p> <p><b>Explanation:</b> Additional funds are needed for senior services.</p> <p><b>Responsible Agency:</b> Department for the Aging</p>	<p>At this time, DFTA has very limited or no funding for this purpose. We will continue to advocate for federal and state funds and to work with other city agencies toward the goal. When funding is available, we are required to conduct an open competition. Note: In FY15 and/or FY16 funding for case management, home care, and elder abuse services will be increased.</p>
09	408198205E	<p><b>Request:</b> Assign additional personnel to Parks and Forestry for work in CD 8 (including pruning and planting).</p> <p><b>Explanation:</b> 1) Parks needs additional maintenance personnel for all of its parks and playgrounds in CB8. There are 372 acres of parkland to maintain. 2) Forestry personnel are needed on a regular on-going basis in CD 8 which has a large tree population. There is a tremendous backlog of work needed on these city owned trees (e.g. Pruning, and stump removal). The present sector-crew program is not adequate to eliminate the back log as well as deal with new complaints. Many hazardous conditions exist which need prompt attention such as trees dropping branches, blocking street lights, as well as long dead trees. Would reduce claims against the City.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The Adopted Budget includes baseline funding for personnel, programs and equipment. 13	408198903E	<p><b>Request:</b> Increase arterial highway forces for cleaning areas adjacent to highways and assign additional personnel for highway operations (maintenance).</p> <p><b>Explanation:</b> 1) More personnel are needed for the cleaning and moving of the right-of-way areas adjacent to highways. Insufficient maintenance invites dumping and rat infestations and turns these areas into eye-sores. 2) Additional personnel is needed to ensure the safety of the streets in CD8. Personnel is needed for pothole repair work, resurfacing, regrading and wear and tear work. Fifty additional people are required for the Queens office. 01	409201601E	<p><b>Request:</b> Increase Police Manpower.</p> <p><b>Explanation:</b> Since 9/11, there is a constant drain on manpower and a rise in crime in the 102nd Precinct. We must receive our fair share of Police Officers. Our district includes Queens Borough Hall, Forest Park and a number of churches, synagogues and temples that are in need of constant attention.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. Allocation of uniformed personnel is scheduled by the agency only after graduation of police classes from the Academy.</p>
02	409201602E	<p><b>Request:</b> Return the Mounted Unit to the 102 Precinct.</p> <p><b>Explanation:</b> It is ten years since Mounted Unit "G" was temporarily redeployed from the 102 PCT stables into oblivion. This was "a tempory redeployment". PEP is now located in Forest Park. All local legislators support a return of the unit to Forest Park.</p> <p><b>Responsible Agency:</b> Police Department</p>	<p>The Department's Mounted resources are deployed on a citywide basis and are available to all precincts as they are needed.</p>
03	409201603E	<p><b>Request:</b> Fund Park Enforcement Patrol Unit for Forest Park.</p> <p><b>Explanation:</b> Forest park is host to many athletic facilities, recreational programs, and special events. It also has 543 acres of forest, which feature numerous hiking trails and a 4-mile equestrian path. Our park has a high volume of events and activities. Problems such as user conflicts permit violations, crowd control, vandalism, deviant behavior and other enforcement issues are in need of attention. Often, PEP units are not available to repond to Forest Park's needs due to citywide distribution of their staff, and summer staffing of pools and beaches. This has created a rise in misuse of and vandalism to park facilities, damage to the landscape, criminal activitiy and mischief. The Forest Park Administrator's Office is looking to hire their own security to patrol the park.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The Adopted Budget includes baseline funding for an additional 80 Parks Enforcement Patrol (PEP) Officers in FY 2016 and the out years.</p>

Auxiliary officers are not trained in emergency response and rescue operations and are not qualified to operate Rescue vehicles. Auxiliary units are issued standard Sedans and 12 passenger vans that are converted from end of life cycle NYPD marked vehicles. 01	411199002E	<p><b>Request:</b> Increase funding for the pruning of street trees</p> <p><b>Explanation:</b> CB 11 streets are lined with City trees. The requests for pruning of the trees is one of the most frequent requests made to 3-1-1 and our office. The 7 year pruning cycle often continues to expand to over a 10 year pruning cycle. Breaking limbs and falling trees are dangerous causing personal and property injuries and a liability to the City as demonstrated by tree damage caused during storms. The Comptroller's report also showed that as the pruning cycle expands, the claims increase.</p> <p><b>Responsible Agency:</b> Department of Parks and Recreation</p>	<p>The Adopted Budget includes baseline funding for personnel, programs and equipment. # Register of Community Board

---

For The Adopted Budget  
Fiscal Year 2016

Staten Island

The City of New York  
Bill de Blasio, Mayor

## **FY 2016 Adopted Budget Register of Community Board Budget Priorities**

**The Register of Community Board Budget Requests for the Adopted Budget** reports the FY 2016 adopted budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2016 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

## FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

### LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

#### Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

#### Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

#### Column 3: Project Information

**Request:** A brief description of the project.

**Explanation:** Supporting information detailing the project, and its potential benefits.

**Responsible Agency:** The City agency which would implement the project.

**Budget Line Number:** The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

**PROJECT ID:** The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

**Source of Request:** Any group(s) which support the request.

#### Column 4: Response

The Adopted Budget recommendation for each budget request.

## **LAYOUT OF EXPENSE REQUEST PAGES**

### **Column 1: Priority Number**

### **Column 2: Tracking Code**

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

### **Column 3: Project Information**

#### **Request, Explanation, Responsible Agency,**

Same as previously described for Capital Requests.

### **Column 4: Response**

Same as preciously described for Capital Requests.

The DPR is Responsible for Maintaining Street Trees and Insuring that Trees Do Not Create Hazards for the Public.</p> <p><b>Explanation:</b> Street trees, sidewalks and curb trees are positive components of Staten Island's infrastructure: however these features often come into conflict with one another.
