NOTES TO FINANCIAL PLAN STATEMENTS

I. <u>Summary of Significant Financial Policies, Procedures and Development</u>

A. Financial Plan Statements

The City's Financial Plan Statements represent the accounts of the General Fund and certain transactions of the Capital Projects Fund of the City, including the Department of Education and the City University of New York. They do not include the total operations of the New York City Health and Hospitals Corporation (HHC) but do include the City's subsidy to HHC and the City's share of payments to the Corporation in connection with its role as a Medicaid provider.

Covered Organization Financial Plans are issued quarterly.

The City's Financial Plan Statements incorporate the policies and procedures discussed in Note B. Such data are unaudited. Prior years' balances for cash, accounts receivable and outstanding obligations are consistent with the FY 2008 audited Comprehensive Annual Financial Report (CAFR). Whenever appropriate, adjustments have been incorporated into the Financial Plan Statements as they relate to the audit of the Comprehensive Annual Financial Report (CAFR). The Financial Plan on which these statements are based was prepared in accordance with generally accepted accounting principles.

B. Basis of Accounting

1. <u>Revenues</u>

Real estate tax revenue is recorded on the modified accrual basis of accounting, which recognizes as revenue payments received against the current year levy and late payments on prior year levies received within the first two months of the following year, reduced by estimated tax refunds to be made in the period.

Taxpayer assessed revenues (e.g. sales, income and certain excise taxes), net of estimated refunds, are recorded on a modified accrual basis. Revenues are susceptible to accrual if they are both measurable and available to be used to finance governmental operations during the year.

All other revenues are recorded when received in cash.

Federal categorical grants except as noted below are recognized as revenue as claims are filed during the year and adjusted at year-end for revenues earned but not claimed. State grants are recognized in the same manner. Advances provided to the City in anticipation of filing of claims by the City for federal and state reimbursement of Medicaid and welfare expenditures are recognized as revenue when received.

2. Expenditures

(a) Debt Service

Debt Service expenditures on general obligation issuances are recorded when City real estate tax collections are deposited into the Debt Service fund in advance of the actual debt service payment.

Debt Service expenditures are net of Transitional Finance Authority (TFA) debt service and City personal income taxes (PIT) are net of PIT deposited into the TFA Debt Service fund in advance of the actual debt service payment.

(b) Fixed Assets

Acquisitions of fixed assets having a useful life of more than five years and costing more than \$15,000 are treated as capital expenditures. All other acquisitions of fixed assets are treated as operating expenditures.

(c) Encumbrances

Encumbrances entered during FY 2009 for OTPS purchase orders and contracts expected to be received by June 30, 2009 are treated as expenditures.

(d) Self-Insurance

The City is self-insured with respect to most risks, including, but not limited to, property damage, personal injury, and workers' compensation. Settlements reached or judgments entered during FY 2009 are recorded when paid and adjusted at year-end for any additional unpaid settlements reached or judgments entered during FY 2009.

(e) Vacation and Sick Leave

The annual costs of actual vacation and sick leave are recorded on a cash basis.

(f) Materials and Supplies

Purchases of materials and supplies are treated as expenditures when encumbered. No inventory accounts are included in the financial statements.

(g) General Reserve

The General Reserve provides for shortfalls in revenues and overruns in uncontrollable expenditures.

3. Capital Commitments

The basis of reporting actual capital commitments, as well as sources and uses of capital expenditures, has been changed. Commitments and expenditures are now reported based upon the accounting period of the transaction. In prior Financial Plan Statements, these actuals were based upon dates transactions were entered in the City's Financial Management System.

C. Pension Plans

The City sponsors or participates in pension plans covering all eligible employees. Most plans require employee contributions. The plans provide pension benefits based on salary and length of service. In the event of disability during employment, participants may receive retirement allowances based on satisfaction of certain service requirements and other plan provisions. The City's main pension systems are the five major actuarial systems - The New York City Employees' Retirement System, The Teachers Retirement System, The Board of Education Retirement System, The New York City Police Pension Fund, Article 2 and the Fire Department Pension Fund Article 1-B.

The City also contributed to three other actuarial systems and sponsors six non-actuarial retirements' systems for certain employees, retirees and beneficiaries not covered by any of the five major actuarial systems. In addition, the City provides cost-of-living and other supplemental pensions to certain retirees of the actuarial and non-actuarial systems.

NOTES TO REPORT #2

REVENUE:

General Property Taxes:

The decrease of \$256 million in General Property Taxes is due to the pay out of the \$400 homeowner rebate in December 2008.

Other Taxes:

The forecast for other taxes decreases by \$731 million from previous level to reflect the latest economic outlook and the latest trends in collections. The decreases in the forecast took place in personal income tax (\$242 million), property transfer tax (\$202 million), general sales tax (\$194 million), mortgage recording tax (\$116 million), general corporation tax (\$86 million) and banking corporation tax (\$70 million), which are offset by increases in tax program (\$77 million), unincorporated business tax (\$71 million), other taxes (\$15 million), utility tax (\$9 million) and STAR tax program (\$77 million).

Miscellaneous Revenue:

The increase of \$124 million in Miscellaneous Revenue is primarily due to increases in miscellaneous revenue of \$53 million, intra-city revenues of \$24 million, licenses and franchises of \$15 million, charges for services of \$12 million, rental income of \$9 million, fines and forfeitures of \$6 million and water and sewer charges of \$5 million.

Unrestricted Intergovernmental Aid:

The decrease of \$86 million in Unrestricted Intergovernmental Aid is primarily due to the state proposed aid reduction of \$328 million, which is offset by the City's proposed restoration of \$242 million.

Other Categorical Grants:

The increase of \$29 million in Other Categorical Grants results primarily from funding adjustments reflected in the expenditure forecast and categorical modifications processed from November 2008 through January 2009.

Federal and State Grants:

The increase of \$221 million in Federal Categorical Grants and \$363 million in State Categorical Grants results primarily from funding adjustments reflected in the expenditure forecast and categorical modifications processed from November 2008 through January 2009.

EXPENDITURES:

The decrease of \$347 million in total expenditures from the previous forecast is summarized on the following table.

1. Beginning Balance

The July 2008 beginning balance is consistent with the FY 2008 audited Comprehensive Annual Financial Report (CAFR).

2. Ending Balances

The actual monthly ending cash balances are subject to restatement after the completion of bank reconciliations. The June 2009 ending balance includes deferred revenue from FY 2010 prepaid Real Estate Taxes.

3. Long Term Borrowings

Long Term Borrowings are comprised of proceeds of City general obligation bonds and Water Authority revenue bonds, exclusive of bonds issued for refunding.

4. Restricted Cash Bond Proceeds

NOTES:

** The Cash and Investment Balance consists of the HAC investment portfolio (at par) and cash and doesn't take into account cost or market value of investments. It fluctuates due to investment maturities, the TAC/Yorkville disbursements, earnings on investments, or new money coming into the portfolio and is not dictated by the surplus/deficit number. There are also several resources held for the City; these are primarily mortgage loans (SECOND MORTGAGE LOANS), the accrued interest on the mortgages and all investments held to fund the TAC payments; these resources, except for the investments, are not featured in this report, although they are a part of the overall fund and investment balance.

ASSUMPTIONS:

The 2009 Plan figures are based on October 2008 actual numbers for all categories, except investment income, due to current market conditions. The Cash/Investment Balance BOP & EOP are the actual cash & investment balances for November 1, 2008 (BOP) and December 31, 2008 (EOP).

** Revenue and expense data are from the January and February 2009 MTA Reports to the Finance Committee. FY08 budget data are from the MTA-2009 Final Proposed Budget November Financial Plan 2009-2012, dated November 2008 and MTA-2009 Adopted Budget Financial Plan 2009-2012, dated February 2009.

*** December Monthly data is derived from November YTD data published in the January 2009 MTA Report to the Finance Committee compared to December YTD data published in the February 2009 MTA Report to the Finance Committee, which failed to report actual monthly numbers.

**** Health and Welfare and OPEB data may have been adjusted mid-year to account for a shift of approximately \$100 million previously reported as health and welfare and currently reported as OPEB expenses. In addition, OPEB actuals reflect quarterly payments while budgeted numbers reflect monthly accrued expenses.
