WHEREAS, HPD states in its application that:

The Project Area consists of underutilized vacant property which tends to impair or arrest the sound development of the surrounding community, with or without tangible physical blight. Incentives are needed in order to induce the correction of these substandard, insanitary, and blighting conditions. The project activities would protect and promote health and safety and would promote sound growth and development. The Project Area is therefore eligible to be an Urban Development Action Area and the proposed project is therefore eligible to be an Urban Development Action Area Project pursuant to Article 16 of the General Municipal Law.

WHEREAS, this application (N 090144 HAM) was reviewed pursuant to the New York State Environmental Quality Review Act (SEQRA), and the SEQRA regulations set forth in Volume 6 of the New York Code of Rules and Regulations, Section 617.00 et seq. and the City Environmental Quality Review (CEQR) Rules of Procedure of 1991 and Executive Order No. 91 of 1977. WHEREAS, there were four speakers in favor of the application and two in opposition at the

public hearing; and

WHEREAS, a representative from HPD spoke in favor of the proposed project. She described the history of the selection of the developer, and the affordability associated with the project. She also spoke about the project's affordability, the programmatic structure and social programs associated with the proposed project and the remediation plan to address the concerns of the tenant association in the adjacent building. The project's developer spoke in favor and described the project's design and the structural and financial constraints associated with the project. A representative from the Manhattan Borough President Office reiterated the borough president's support for the project; and

WHEREAS, speaking in opposition was the chair of the community board's Land Use Committee who believed that the developer did not provide enough information regarding the development strategy and felt the developer did not lay out a clear strategy for the abatement of the asbestos. Additionally, a member from the community spoke in opposition of the project, stating there were some concerns regarding the remediation plan; and

WHEREAS, there were no other speakers and the hearing was closed; and

WHEREAS, this application would facilitate the conversion of a vacant film storage building into an eight-story residential building for seniors located at 203 West 146th Street (Block 2032, Lot 23) Site 23 of the Bradhurst Urban Renewal Area in an R7-2 zoning district; and

THEREFORE, be it **RESOLVED** that the City Planning Commission, after due consideration of the appropriateness of the actions, certifies its unqualified approval of the following matters pursuant to the Urban Development Action Area Act:

- 1) the designation of 203 West 146th Street (Block 2032, Lot 23) Site 23 of the Bradhurst Urban Renewal Area as an Urban Development Action Area; and
