C 150381 PQQ

IN THE MATTER OF an application submitted by the Administration for Children's Services and the Department of Citywide Administrative Services, pursuant to Section 197-c of the New York City Charter, for the acquisition of property located at 110-15 164th Place (Block 10193, Lot 1) for continued use as a child care center, Borough of Queens, Community District 12.

This application for acquisition of property was filed on May 19, 2015 by the New York City Administration for Children's Services (ACS) and the Department of Citywide Administrative Services (DCAS) to facilitate the continued use of property located at 110-15 164th Place (Block 10193, Lot 1) as All My Children Daycare 4, a child care center.

BACKGROUND

ACS and DCAS are seeking the acquisition of property to facilitate the continued operation of a child care center in the South Jamaica neighborhood of Queens. This site has been used to provide child care since 1972 and was the subject of a previous acquisition, approved by the Commission on June 29, 1994 (C 910444 PQQ, Cal. No. 36). The previous lease expired in April 2015, and since that time the facility has operated under a month-to-month license agreement. The proposed action would allow for the negotiation of a new lease for the continued use of the property as a child care center.

The project site is located in an R3A zoning district established in 2011 by the South Jamaica Rezoning (C 110145 ZMQ), which amended the zoning map on all or portions of 530 blocks in Queens. The goals of the South Jamaica Rezoning are to protect the lower-density character of the neighborhoods as well as allow for a moderate increase of residential and commercial density along main corridors. Prior to 2011, the project site was mapped with an R3-2 zoning district. Day care centers are allowed as-of-right in R3A zoning districts.

The surrounding area is generally developed with single- and two-family detached homes. Two blocks west of the project area is Guy R. Brewer Boulevard, a major north-south corridor. In addition to residences, additional land uses along this portion of the boulevard include local retail and houses of worship.

The facility is located in a one-story, privately-owned building at 110-15 164th Place between 110th Avenue and 110th Road. The ACS child care facility occupies the entire one-story building, including a rooftop play area. It comprises a total of approximately 27,100 square feet, including approximately 20,600 square feet of interior space and approximately 6,500 square feet of rooftop play area. There are no sprinklers installed at this facility.

The building's primary entrance fronts on 164th Place, and a secondary egress on the first floor leads into an at-grade outdoor play area of approximately 5,730 square feet. The first floor contains nine classrooms, administration offices, a multipurpose room, and a commercial-grade kitchen. The cellar level contains six additional classrooms and administrative offices that are currently used for storage. The rooftop is entirely enclosed and used as a play area.

All My Children Daycare 4 currently serves up to 100 children, who may attend from 8:00 am to 6:00 pm, Monday through Friday. The center provides daily meal service (breakfast, lunch, and a snack), supervised playtime (indoor and outdoor), and education focused on developmentally appropriate practices to enhance children's physical, cognitive, social, and emotional development. The center is currently served by 23 professional, paraprofessional, and support staff.

CONSIDERATION

The Commission believes that the acquisition of a lease of property located at 110-15 164th Place (Block 10193, Lot 1) for continued use as a child care center is appropriate.

A child care center has occupied this space continuously since 1972, serving the community by providing needed child care services. The center serves up to 100 children and provides daily meal service, supervised play time, and education using the Creative Curriculum as a guide. The day care center gives parents of enrolled children time to work, attend school, or acquire vocational training. The use is permitted as-of-right in the R3A zoning district within which the facility is located.

It should be noted that the Commission previously imposed term limits on the use of this and other day care facilities, as a result of continuing concerns expressed by local community boards, borough presidents and the Commission itself about a general pattern of poor maintenance and repairs. The Commission and Department staff have played a significant role in helping to ensure that these important facilities remain in a state of good repair through Commission oversight and taking a ‘second look’ at the progress made on the outstanding repairs and maintenance issues raised during the public review process. ULURP review has been helpful in addressing these issues and the Commission believes it will have an oversight role in direct lease daycare facilities.

The Commission urges ACS to explore installing fire control sprinklers throughout this facility and others as a proactive policy. The Commission also notes the critical importance of ensuring that the exterior appearance of these facilities is welcoming and inviting, in light of their role as a critical neighborhood resource. The Commission encourages DCAS and ACS to pursue streetscape and façade improvements to enhance the center’s appearance, making it a more welcoming and attractive neighborhood asset.

The Commission is also aware that no decision has yet been made concerning the long-term future of this facility. The Commission believes that its unique role in planning for the orderly growth and future development of the City will complement ACS’s needs assessment in determining whether this facility is at an appropriate location given future population demographics and neighborhood land use patterns.

RESOLVED, that the City Planning Commission finds that the action described herein will have no significant impact on the environment; and be it further
