#### RESOLUTION

**Approving the 281-311 Marcus Garvey Boulevard ULURP Application (C230146ZMK)** 

Committee of Origin: Housing & Land Use Committee Re: Application submitted by Omni New York LLC pursuant to Sections 197-c and 201 of the New York City Charter for an amendment to the Zoning Map, Section No.17a

- A. changing from an R6A District to an R7A District property (C230146ZMK) bounded by a line midway between Quincy Street and Gates Avenue, a line 100 feet easterly of Marcus Garvey Boulevard, a line midway between Gates Avenue and Monroe Street, and Marcus Garvey Boulevard;
- B. changing from an R6B District to an R7A District property bounded by:
  - 1. Quincy Street, a line 100 feet easterly of Marcus Garvey Boulevard, a line midway between Quincy Street and Gates Avenue, and Marcus Garvey Boulevard; and
  - 2. a line midway between Gates Avenue and Monroe Street, a line 100 feet easterly of Marcus Garvey Boulevard, Monroe Street, and Marcus Garvey Boulevard; and
- C. establishing within the proposed R7A District a C2-4 District bounded by Gates Avenue, a line 100 feet easterly of Marcus Garvey Boulevard, Monroe Street, and Marcus Garvey Boulevard;

to create a new Mandatory Inclusionary Housing Area and provide a City Planning Commission Special Permit for a Large-Scale General Development for the development of two proposed 10-story mixed-use buildings, at the corners of Quincy Street and Monroe Street, including 84 dwelling units at 281 Marcus Garvey Boulevard and 71 dwelling units at 311 Marcus Garvey Boulevard, in Bedford Stuyvesant, Community District 3, Brooklyn.

The proposed project was presented for a public hearing at a regularly scheduled, in-person Brooklyn Community 3 Full Board meeting on January 3, 2024. It was presented by representatives of the Applicant, Omni New York LLC.

The presentation included a site plan, neighborhood images, and proposed design drawings including unit counts and proposed affordability levels. Committee members in attendance caucused after the hearing to finalize its recommendation to the Full Board.

# **Committee Observations**

The proposed zoning change was previously presented to the Committee at its December 13, 2023 meeting. The proposal is to create 155 units of 100% permanently affordable housing with income requirements not to exceed 80% AMI under applicant NYC MIH program regulations.

Improvements to the existing multi-family adjacent housing will be made including open space, recreational programming, and facilities for all residents of the existing adjacent housing.

The two new buildings are to be 10 stories each, with ground floor commercial space planned for the existing boxing training facility and grocery uses.

#### **Committee Comments**

Affordable housing is a critical issue in Community District 3. Studies show that affordability impacts housing stability for adults and children and helps them address challenges and pursue goals. Household with affordable rents generally have improved outcomes in employment, health, and education. According to the most recent data from the NYU Furman Center, 54.9% of renters in Bedford-Stuyvesant are rent burdened – paying more than 30% of the income toward rent. 27.5% are "severely rent burdened" which means they allocate at least 50% of their income to rent.

Rent burdened tenants are the most housing insecure and at high risk of homelessness if they experience job loss. With the median asking rent \$2,500 per month for two-bedroom apartment, housing costs are becoming less affordable for both low- and middle-income residents. Most families would need a minimum annual income of \$100,000 qualify to rent apartments at the median asking rent. The median income for renters in Bedford-Stuyvesant was \$46,600; an affordable rent rate would be \$1,165.

Community District 3 is experiencing steady population growth at the rate of 14.4% between 2010 and 2020., outpacing NYC's overall growth rate of 7.7% in that same period. While the majority (62.5%) of the population is of Black/African American and/or Hispanic origin, there has been a 22.4% decline among Black/African American residents.

The proposed Zoning Change and MIH area expansion appears to be responsive to the CD3's Needs Assessment's "Most Pressing Issue" of Affordable Housing.

Therefore, with due consideration to Committee Comments, Brooklyn Community Board 3 resolves to APPROVE the proposed Zoning Map Amendment and Zoning Text Amendment described above.

281-311 MARCUS GARVEY BLVD - C230152ZSK, C230146ZMK, N230147ZRK, C230148ZSK

IN THE MATTER OF a private application submitted by Omni New York LLC pursuant to Sections 197-c and 201 of the New York City Charter for a zoning map amendment, zoning text amendment, a special permit, and the reduction of existing parking to facilitate the development of two mixed-use buildings with 154 affordable units at 281-311 Marcus Garvey Boulevard, in the Bedford-Stuyvesant neighborhood of Community District 3.

**RECOMMENDATION FOR:** 281-311 MARCUS GARVEY BLVD - C230152ZSK, C230146ZMK, N230147ZRK, C230148ZSK

The proposed project is in central Bed-Stuy, an area with a high concentration of multi-family, three-to four-story attached row houses. Numerous mixed-use developments with various community facilities are located nearby along Marcus Garvey Boulevard. The proposed development is in an approximately 20-minute walk from several subway stations, including the Utica Avenue and Kingston-Throop stations on the A and C lines along Fulton Street, the Gates Avenue station on the J and Z lines along Broadway, and the Bedford-Nostrand station on the G line along Lafayette Avenue. The area is also served by the B15, B38, B43, and B52 bus lines.

The Project Area includes two separate zoning lots, which consist of existing five existing six-story residential buildings, with 315 rent regulated units, a one-story parking garage for the residents, and two non-residential buildings. The applicant is seeking to redevelop the two non-residential buildings: 281 Marcus Garvey Boulevard is a two-story building that contains a boxing gym and day care center. 311 Marcus Garvey Boulevard is a one-story building with a medical office, restaurant, and supermarket. The current zoning is R6B, R6A, R6B/C2-4, R6A/C2-4, established by the Bedford-Stuyvesant contextual rezoning of 2007.

The applicant proposes a zoning map amendment to R7A/C2-4, a zoning text amendment to map Mandatory Inclusionary Housing (MIH), a City Planning Commission Special Permit for a Large-Scale General Development (LSGD), and the reduction of existing parking. The proposed project would contain two mixed-used buildings with a total of 154 affordable units (35 studios, 72 one-bedroom, 39 two-bedroom, and nine three-bedroom apartments). Twenty-four units would be set aside for formerly homeless individuals and families making below 40% of the Area Median Income (AMI), 63 units will be available for households earning between 30%-50% AMI, and 67 units will be available for households earning between 60%-80% AMI. The applicant will also create and improve 27,000 sq. ft. of open space through courtyards and sidewalk widening for residents of the proposed and existing developments.

Borough President Reynoso held a public hearing on this application on January 16, 2024. Two members of the public testified in favor of this item.

# **Community Board Position**

Community Board 3 unanimously voted to approve this application on January 3, 2024.

# **Approval Rationale**

Borough President Reynoso believes the applicant's proposed development is appropriate. The development directly addresses the Housing Growth & Parking Demand Management Framework of the Comprehensive Plan for Brookyln by increasing access to safe and healthy affordable housing (Goal 2). In creating a 100% income restricted development that goes beyond the affordability requirements of MIH, this application plays its role in creating a more affordable Brooklyn (Recs. 2.1.1 and 2.1.1). The applicant's Equity Report on Housing and Opportunity found that this is a neighborhood with an "intermediate" displacement risk, with a median income below that of the entire city. It also found that from 2010 to 2020, the Stuyvesant Heights neighborhood saw a dramatic 24 percent decrease in the Black non-Hispanic population, significantly more than the percent change in all of Brooklyn and NYC. Simultaneously, the White non-Hispanic population has increased by 130%. The Borough President supports affordable housing construction to help Brooklynites remain in their neighborhood.

Additionally, this project's aim to reduce the existing parking requirements supports the Comprehensive Plan's recommendation to developers to use all allowable Floor Area Ratio (FAR) and seek parking waivers to maximize housing unit production (Rec. 2.2.5).

This application aligns with the Plan's Healthy Streets & Environment Framework, and aspects of Goal 4: Active Living and Transit, by beautifying over 27,000 sq ft of open space (Rec. 4.2.1). The Borough President also understands the existing boxing gym is a critical community asset. To that end, he supports the gym returning to the site post-construction and requests that the applicants find a nearby temporary relocation space during construction.

# **Recommendation**

Be it resolved that the Brooklyn Borough President, pursuant to Sections 197-c and 201 of the New York City Charter, recommends that the City Planning Commission and City Council <u>approve this application</u>.
