1. Zoning Map Amendments to:
 - Extend the existing SSWD boundary to include the Bay Street Corridor as a Subarea; and
 - Within the proposed Bay Street Corridor Subarea, rezone the existing M1-1 zoning district to R6 and R6B zoning districts. The proposed rezoning would also establish new C2-3 and C2-4 commercial overlay districts; and
 - Outside the SSWD, along the Canal Street Corridor, rezone the existing R3-2/C2-2 and R4/C2-2 zoning districts to R6B/C2-3 zoning districts.
2. Zoning Text Amendments to Section 116-00 (Special Stapleton Waterfront District) to:
 - Create a new Subarea within the Special Stapleton Waterfront District comprised of the Bay Street Corridor Study Area. Text amendments will modify the underlying use, bulk, and parking regulations for this Subarea;
 - Within the Stapleton Waterfront Subarea A and B1, modify the existing height controls, including modifying the maximum height of buildings from 55' to 125'.
3. Zoning Text Amendments to Appendix F (Inclusionary Housing) to designate the Bay Street Corridor and Canal Street Corridor areas, subject to a Zoning Map Amendment as described above, as Mandatory Inclusionary Housing Areas (MIHAs).
4. Disposition of City-owned property to EDC and then to a private entity for development through 384(b)(4) approval of the following sites:

5. A City Map Amendment to de-map unimproved portions of the Victory Boulevard Extension on parts of Block 6, Lots 14, 18 and 20, in order to facilitate development at Disposition Site 3, 54 Central Avenue.

The Proposed Actions are anticipated to facilitate new residential, commercial and community facility development on 30 projected development sites by a build year of 2030. On these sites, the Proposed Actions are expected to result in a net increase of 2557 dwelling units; a net increase of 257,159 square feet (sf) of retail, office and restaurant space, and 48,595 sf of community facility space; and a net decrease of 21,322 sf of storage and industrial space. Sites within the rezoning area subject to MIH and will provide between 25% and 30% affordable residential units. Bay Street Corridor will contain between 398 and 620 affordable units, Canal Street will contain between 60 and 72 affordable units. New development could also occur on 30 potential development sites; these sites are considered less likely to be developed by the analysis year.
