Appendix U

Chapter 22, "Noise and Vibration" assesses the potential effects of the Proposed Action on noise and vibration, including (1) potential effects of introducing new noise-sensitive land uses (i.e., residences and community facilities) into an already noisy environment and (2) effects of noise-generating activities associated with the Proposed Action on existing noise-sensitive uses in the area. The chapter describes the existing noise and vibration conditions within the Project Area, predicts future changes that would occur in the Project Area with and without the Proposed Action in 2010 and 2025, and identifies potential significant adverse impacts based on CEQR Noise Exposure Guidelines, as well as Federal Transit Administration (FTA) Guidelines for subway operations. This appendix includes supplementary information pertaining to Chapter 22, "Noise and Vibration."

1. NOISE MONITORING AND VIBRATION DATA SHEETS

Field data sheets prepared during the noise and vibration monitoring of Existing Conditions are included in this section.

2. TRAFFIC NOISE MODEL (TNM V2.5) INPUT AND OUTPUT FILES

Estimates of noise levels within the study area under Existing Conditions, Future Without the Proposed Action, and Future With the Proposed Action were arrived at using the TNM model with data generated from the traffic assessment (see Chapter 19, "Traffic and Parking" and Appendix S.1 – S.3). Due to the number of input and output TNM files (more than 2,500 pages) resulting from the noise analysis, the TNM files are not included in this appendix, but can be made available upon request. The TNM model which is a copyrighted FHWA model is required to view the input and output files; the model is available from:

Mc*Trans*: (352) 392-0378 Toll Free: (800) 226-1013 McFAX: (352) 392-6629 Email: mctrans@ce.ufl.edu

3. MAP OF NOISE ATTENUATION SITES

This section includes a map of residential and community facility sites that would require noise attenuation as a result of the Proposed Action. Chapter 22, "Noise and Vibration" also provides a table of residential and community facility sites that would require noise attenuation as a result of the Proposed Action.

4. DOCUMENTATION OF EXISTING RESIDENTIAL BUILDINGS

This section includes a table and photograph inventory of existing residential and community facilities within the Project Area.
