NYC's Commercial Lease Assistance Program with Brooklyn Legal Services Corporation A (also known as BKA) to offer any members of your Board and community free legal help with

- Reviewing and signing a new lease.
- Amending, renewing, or terminating a current lease.
- Drafting/negotiating lease terms.
- Rent arrears
- Repair issues
- Any other commercial-lease-related issues.
- If you are in litigation, they can provide you with advice and guidance but not represent them in court. In such cases, they advise you on the next steps to be taken, and if necessary, they can provide them with a list of low-fee attorneys.

All of their legal services are completely FREE to all who own small businesses and qualify except for representing you in court.

More information below!

**Need help  
with a  
business  
lease in NYC?**

**Free legal services  
are available to help  
eligible\* businesses  
with the following:**

- 1** Signing a new commercial lease
- 2** Amending, renewing, or terminating an existing commercial lease
- 3** Addressing a commercial lease-related issue

To be eligible to participate, your business must be a small business located in NYC, not be a franchise establishment, and you must meet the income eligibility requirements of the legal service provider.

[Click Here](#) to learn about the many ways you can save energy and money on your energy bill!

### Save Energy & Money While Making Your Home More Comfortable

There are hidden opportunities in every nook and cranny of your home. We'll show you how to find them.

#### Insulation & Air Sealing

With proper insulation and air sealing, you can maximize your home's efficiency and comfort, saving energy and money year-round. We'll cover some of the upfront costs when you weatherize your home with one of our participating contractors.

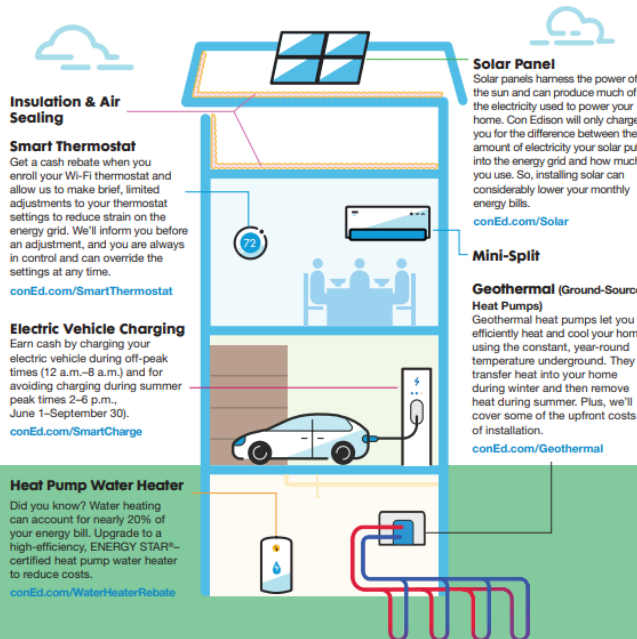

No more drafty rooms in winter or sweating in summer!

[conEd.com/Weatherization](http://conEd.com/Weatherization)

#### Mini-Split

Efficient air-source heat pumps, also known as mini-splits, move existing heat in the air from one place to another using electricity. In summer, they remove heat from your home like an air conditioner. In winter, they work in reverse, extracting heat from outside and bringing it into your home. We'll cover some of the upfront costs of replacing your gas, oil, or electric baseboard heating with mini-splits.

[conEd.com/MiniSplit](http://conEd.com/MiniSplit)

#### Insulation & Air Sealing

##### Smart Thermostat

Get a cash rebate when you enroll your Wi-Fi thermostat and allow us to make brief, limited adjustments to your thermostat settings to reduce strain on the energy grid. We'll inform you before an adjustment, and you are always in control and can override the settings at any time.

[conEd.com/SmartThermostat](http://conEd.com/SmartThermostat)

##### Electric Vehicle Charging

Earn cash by charging your electric vehicle during off-peak times (12 a.m.–9 a.m.) and for avoiding charging during summer peak times 2–6 p.m., June 1–September 30).

[conEd.com/SmartCharge](http://conEd.com/SmartCharge)

##### Heat Pump Water Heater

Did you know? Water heating can account for nearly 20% of your energy bill. Upgrade to a high-efficiency, ENERGY STAR™-certified heat pump water heater to reduce costs.

[conEd.com/WaterHeaterRebate](http://conEd.com/WaterHeaterRebate)

#### Solar Panel

Solar panels harness the power of the sun and can produce much of the electricity used to power your home. Con Edison will only charge you for the difference between the amount of electricity your solar puts into the energy grid and how much you use. So, installing solar can considerably lower your monthly energy bills.

[conEd.com/Solar](http://conEd.com/Solar)

#### Mini-Split

##### Geothermal (Ground-Source Heat Pumps)

Geothermal heat pumps let you efficiently heat and cool your home using the constant, year-round temperature underground. They transfer heat into your home during winter and then remove heat during summer. Plus, we'll cover some of the upfront costs of installation.

[conEd.com/Geothermal](http://conEd.com/Geothermal)

### More Ways to Save!

#### Already Have a Heat Pump?

Our **Select Pricing Plan** is a billing option that rewards you for spreading out your energy use throughout the day. You'll be paying for electricity based on *when* you use it and *how much* you use at different points in the day.

When you enroll, you'll receive a one year price guarantee. After a year on the plan, we'll compare your bills versus what you would have paid with your prior rate. If your bills were higher on the plan, we'll credit your account the difference—you'll never pay more than you would have on your old rate. Also, if you aren't satisfied with the new rate, you can always return to your old rate whenever you like.

[conEd.com/SelectPricing](http://conEd.com/SelectPricing)

#### Retail Products:

Get instant discounts on energy-efficient windows and other products at your local store, courtesy of Con Edison. Find a retailer at [conEd.com/ProductSavings](http://conEd.com/ProductSavings)

#### Own a Multifamily Building?

Take advantage of our energy-saving equipment incentives and financing. [conEd.com/Multifamily](http://conEd.com/Multifamily)

Con Edison has the Energy Affordability Program and you may qualify for a discount on your monthly energy bill.

[Click here for the full PDF Form](#)

### Eligibility Requirements

To prove participation in one of the above programs, customers must submit an award letter or a document that includes their name or the name of their Benefit Qualifying Person (BQP), the name of the qualifying program and the government Tribal entity, or program administrator that issued the document. All documentation must have an issue date within the last 12 months or a future expiration date that aligns with the benefit period.

If the name of the Benefit Qualifying Person (BQP) is different than the name on the Con Edison account, we will accept and enroll customers into the program as long as the address on the award letter or document is the same as what is on the account.

### Customer/Benefit Qualifying Person Certification and Authorization

(If the customer is applying based on BQP's enrollment in a qualifying program, both the customer and BQP must sign below.)

I certify that the information above is correct. By signing this form, I allow Con Edison to share and verify information in my application or documentation for this program with third parties. I also allow third parties to give Con Edison, or representatives or agencies of the federal, state, or local government, information or documentation requested about me related to this and related programs. This information will be shared to help process my application and for ongoing participation and compliance with the program. Information that Con Edison and a third party may share about me:

- Information about my application, program participation, and eligibility.
- Information and documentation about utilities, payment history, employment history, income, application status, and award information for benefits or utilities assistance.

## 28th Annual Evening of Fine Food

**TUESDAY - FEBRUARY 27th**

6:30 pm at Terrace on the Park

Eligible homeowners, whose homes are located in flood-prone areas, can take advantage of a low-cost home improvement loan to make their homes more resilient and if desired, improve its energy efficiency at the same time.

Please review the information on The Homes and Community Renewal website [www.homehq.org](http://www.homehq.org) to ensure that you are requesting funding for eligible uses under this program.

# Resilient Retrofit

## Prepare Your Home to Better Weather Future Storms

New York State Homes and Community Renewal is making available a loan and/or grant program of up to **\$50,000** to help homeowners at risk of flooding or who have sustained property damage due to heavy rainfalls, or other flooding events.

The program allows for **home improvements** to **mitigate flood damage**, make climate-ready improvements, and other non-luxury improvements to make a home safe.

### Program Benefits:

Eligible homeowners may receive a **free assessment and certification** that the home has been improved to better withstand future flood damage.

### Projects Can Include:

- Repairing Flood Damage
- Floodproofing Interior Systems
  - Installing Flood Vents
  - Sump Pumps
  - Backwater Valve
  - Backflow Preventers

- Elevating Electrical Equipment
- Purchase and Installation of Energy/Electrification Improvements
  - Energy efficient appliances
  - High efficiency windows
  - Insulation to Walls and/or ceilings
  - Replace existing Systems with All Electric Heat Pump
- Other Flood Mitigation Improvements

### Who is Eligible?

- ✓ Owner-occupied, 1-4 unit buildings
- ✓ Low to moderate income (120% of area median)

### Apply Now!
