DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS - Competitive Sealed Proposals / Judgment required - PIN# 071-00S-003-262 - DUE 12-30-2004 AT 5:00 PM

The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgement is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13 Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up only Monday through Friday on business days between the hours of 9 a.m. to 5 p.m.

SUPPORT SERVICES - Demonstration Project / Testing or experiment required - PIN# 071-04s-003-738 - DUE 1-9-2004 AT 5:00 PM

To enter into negotiations with Good Shepherd Services to conduct a demonstration project to provide on-site supportive services for the first Foyer transitional supportive housing model in New York City for 40 young adults referred by DHS between the ages of 18 and 24 who are homeless or at a high risk of homelessness, and need intensive short-term support to build the skills and access the resources necessary to obtain permanent housing and employment.

Located at the Chelsea Residence located at 206 W. 24th Street in Manhattan, the Foyer is a pioneering housing based career development program targeting young adults who are “aging-out” of foster or residential care, are homeless, or at risk of becoming homeless. Designed to prevent homelessness by offering a comprehensive transitional experience to independent adulthood, residents will participate in an 18-24 month personalized program. These young people will live in a dormitory-type setting and have access to employment linkages, educational mentoring and life-skills workshops. Good Shepherd Services will be providing case management, youth development, educational and vocational planning, and creation and utilization of a comprehensive network of linkages with service providers to help residents access the services needed to move them to healthy and productive independent living.

It is anticipated that the term of the contract will be for three years. DHS has determined that the proposed study approach is not currently in use in the City and should this approach be proven to successfully reduce entry into the shelter system, its benefits would have a significant impact on strategies to develop future homelessness prevention models.

In addition, DHS has determined this demonstration project to be longer than one year because of the following: an array of different types of services to be offered on-site; need to collect and analyze statistical data collected from the services rendered to the residents; and multiple funding sources which require a longer period of 12 months

The estimated value of the demonstration is not-to exceed \$200,000/year.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department Of Homeless Services at 33 Beaver St., 13 Floor NY, NY 10004. at (212) 361-8413. The due date and time for submission of expressions of interest is 5:00 p.m. on Friday, January 9, 2004.

CONEY ISLAND STRATEGIC DEVELOPMENT PLAN – Request for Proposals – DUE 01-29-04 AT 4:00 P.M. – The New York City Economic Development Corporation (“NYCEDC”) on behalf of the Coney Island Development Corporation (“CIDC”) is seeking a multi disciplined consultant team to complete a strategic development plan for Coney Island. Building on work that has been done to date, the team will devise a strategy for the implementation of short and longer term improvements to the Coney Island community that encompass physical and economic changes. The plan will consider all aspects of the community, with a focus on building on the existing business base, developing vacant property for a variety of uses including housing, and marketing the area for year round use.

The strategic plan will comprise four tasks: assessment of current conditions in the Coney Island community and as compared with other urban seaside communities; a real estate analysis to identify development opportunities; recommendations for area-wide physical improvements; and, crafting an implementation strategy for the plan.

LEGAL SERVICES - Competitive Sealed Proposals / Judgment required - PIN# 071-04S-003-669 - DUE 1-26-2004 AT 5:00 PM

Seeking one or more qualified vendors to provide an array of legal and related services to help ensure that low income families facing eviction or other potential loss of housing remain housed and avoid becoming homeless. Contractors will serve households who are self-referred, as well as families referred by housing court personnel and city and private agencies.

Proposers may propose to provide either Program Option #1 or Program Option # 2 below:

Program Option # 1 - Anti-eviction legal services for families only.

Program Option # 2 - Anti-eviction legal services for families + Innovative Project for families or individuals or both.

Proposers should note that DHS will only consider funding an innovative project proposed by a proposer that it has selected to provide anti-eviction legal services for families.

The services area options are (1) the Bronx, (2) Brooklyn, (3) Queens, (4) Manhattan and Staten Island. Proposers may propose to target one or more options within the same proposals

Proposer must propose to provide anti-eviction legal services for families to a minimum total of 300 cases per year. The minimum may be achieved through subcontracting with other providers.

It is anticipated that the term of the contract(s) awarded from this RFP will be two years, from July 1, 2004 through June 30, 2006. The contract may also include up to one option to renew for an additional two year period, contingent on additional funding. DHS reserves the right, prior to contract award, to determine the length of the initial contract term and each option to renew, if any.

The payment structure of the contract(s) award from this RFP for anti-eviction legal services will be performance-based (i.e. will be based on a combination of a fee per case and liquidated damages). The maximum flat rates for anti-eviction legal services for families will be up to \$1,200 per case for full case representation and up to \$350 per case for the provision of "brief services," as defined in Section III Scope of Services of this RFP.

Vendors who believe they can provide these services described are invited to submit a proposal which is available for pick-up only beginning Monday, December 15, 2003 at the Department Of Homeless Services at 33 Beaver Street., 13th Floor, Bid Desk, NY.NY 10004.

An optional pre-proposal conference will be held at 33 Beaver Street, 17th Floor Conference Room on Wednesday, January 7, 2004 at 2:00 PM and proposers are strongly recommended to attend.

CORRECTION: The New York City Office of Emergency Management intends to enter into a Negotiated Acquisition with Titan Corporation. The contractor would be responsible for developing and implementing emergency preparedness exercises. It is anticipated that the contract term will be from April 1, 2004 to March 31, 2005 with two options to renew for one year each. The ACCO has determined pursuant to Section 3-04(b)(2)(i)(B) of the Procurement Policy Board Rules that there is a time sensitive situation where a supplier must be retained quickly because funds available from a source outside the City will be lost to the City. Any firm that believes it could provide the subject service is invited to do so in a letter, which must be received by December 22, 2003 at 5:00 pm. All expressions of interest should be sent to Stacy Rosenfeld, ACCO, Office of Emergency Management, 11 Water Street, Brooklyn, NY 11201.

Special Case: Pursuant to Section 3-04(b)(2)(i)(B) of the Procurement Policy Board Rules there is a time sensitive situation where a supplier must be retained quickly because funds available from a source outside the City will be lost to the City.

CONSTRUCTION MANAGEMENT-BUILD PROGRAM - Request for Proposals - PIN# NOT AVAILABLE - DUE 10-17-2003 AT 4:00 PM

The New York City Housing Authority (NYCHA) is issuing a addendum to its RFP for the Construction Management-Build Program for a variety of capital projects (e.g. new construction, renovation of existing NYCHA buildings, site improvements, and underground utilities). The addendum changes minimum financial requirements and provides additional time for interested firms to submit proposals.

Firms will be expected to provide services on an as-needed basis in accordance with the terms and conditions of an on-call services contract. NYCHA plans to award six (6), three-year contracts, each worth approximately \$90 million under a new Construction Management-Build Program.

A copy of the RFP may be obtained, without charge, from NYCHA's Executive Department, 12th floor reception desk, 250 Broadway, New York, New York 10007, between 10AM and 4PM or from NYCHA's Website (www.nyc.gov/nycha) under Doing Business with NYCHA.

A mandatory proposer's conference (for firms who did not attend a prior proposer's conference) will be held on September 30 at 12:30PM in the Board Room, 12th floor, at 250 Broadway. This conference will provide the only opportunity to have questions answered.

Firms who have already responded to the CM/Build RFP may withdraw, modify and re-submit their proposals. Any firm interested in modifying its proposal must notify NYCHA in writing.

DEBT-BASED ECONOMICALLY TARGETED INVESTMENT PROGRAMS – CP/2 – PIN# 0150387800 TF – for the Defined Benefit Assets of the New York City Retirement Systems.

The New York City Pension Funds seek new ETI programs. Your firm may propose one or more programs, but a separate proposal must be submitted for each. Given the unique nature of ETI, the Comptroller's Office encourages all proposers to meet with its targeted investment staff prior to submitting a proposal. Please call Ms. Kathy Martino, Deputy Director, Economically Targeted Investments, at (212) 669-8177 to schedule such a meeting or send an e-mail to her at kmartin@comptroller.nyc.gov. Proposers may be, but are not limited to, financial institutions, insurance companies, not-for-profit corporations and foundations.

New ETI programs should provide the Funds a market rate of return that is commensurate with the risk assumed, offer financing not currently available through existing market mechanisms, and provide quantitative and/or qualitative benefits to New York City's low-, moderate- and middle-income communities. Collateral benefits may include housing rehabilitation or creation, economic development, or job creation. Current ETI programs of the Funds include agreements with several lending institutions to originate mortgages or invest in mortgage-backed securities.

Proposals may be submitted any time, subject to a future determination by the Funds to no longer accept proposals.

Description

SUPPORT SERVICES - Demonstration Project / Testing or experiment required - PIN# 071-03S-003583 - DUE 8-11-2003 AT 5:00 PM

The Department of Homeless Services (DHS) intends to enter into negotiations with the Center for Urban Community Services (CUCS) to conduct a demonstration project to provide on-site supportive services to fifteen families referred by the Department of Homeless Services to a 70-unit permanent housing residence located at 583 Riverside Drive (AKA "Dorothy Day" Apartments) in Manhattan. CUCS will focus on demonstrating the efficacy of providing supportive services to families with special needs including but not limited to: families with a mentally-ill member; families with a member disabled due to domestic violence; and families where a member has aged out of the foster care system.

It is anticipated that the term of the contract will be for three years. DHS has determined that the proposed study approach is not currently in use in the City and should this approach be proven to successfully reduce recidivism into the shelter system and strengthen family reunification, its benefits would have a significant impact on strategies to develop future permanent housing models.

In addition, DHS has determined this demonstration project to be longer than one year because of the following: an array of different types of services to be offered on-site; need to maintain continuity to a very diverse and difficult population who are transitioning from institutional settings into permanent housing; need to collect and analyze statistical data collected from the services rendered to the residents; and multiple funding sources which require a longer period of 12 months.

The estimated value of the demonstration is not to exceed \$75,000. / year.

Any vendor who is interested in providing such services may contact in writing Calvin Pitter, Deputy Chief Contracting Officer, Department of Homeless Services at 33 Beaver St., 13th Floor, N.Y., N.Y. 10004 at (212) 361-8413. SUPPORT SERVICES – Demonstrated Project – Testing or experimentation is required - PIN# 071-03S-003583 – DUE 08-11-03 AT 5:00 P.M. – To enter into negotiations with the Center for Urban Community Services (CUCS) to conduct a demonstration project to provide on-site supportive services to fifteen families referred by the Department of Homeless Services to a 70-unit permanent housing residence located at 583 Riverside Drive (AKA “Dorothy Day” Apartments) in Manhattan. CUCS will focus on demonstrating the efficacy of providing supportive services to families with special needs including but not limited to: families with a mentally-ill member; families with a member disabled due to domestic violence; and families where a member has aged out of the foster care system.

It is anticipated that the term of the contract will be for three years. EXISTING SCATTER SITES HOUSING AND SUPPORTIVE SERVICES FOR PEOPLE WITH AIDS AND THEIR FAMILIES WITH CHILDREN - Competitive Sealed Proposals / Judgment required - PIN# 06904H039800 - DUE 8-28-2003 AT 2:00 PM

The Human Resources Administration (HRA) is seeking one or more qualified proposers to operate and maintain apartments for Persons with AIDS (PWA's), and their families with children. The intent of the program is to provide intensive case management services to assist clients to achieve financial independence and self-sufficiency, known as "independent resident status".

HRA is committed to a housing continuum that will reduce the number of clients residing in commercial Single Room Occupancy (SRO) facilities; provide clients with opportunities to address activities for daily living; and emphasize client responsibility. As part of its commitment, HRA plans for clients to receive a full assessment to determine their most appropriate level of housing and to place them accordingly. Transitional and permanent congregate facilities, scatter site housing, and independent housing are all-important options in this continuum. Clients who need intensive services may require referrals to more appropriate housing, such as a New York/New York facility, a skilled nursing or health facility.

A Pre-Proposal Conference will be held on Wednesday, August 6, 2003 at 180 Water Street, 12th Floor, New York, NY 10038 from 10:00 to 12:00 noon. Attendance is optional but strongly recommended. Vendor Source ID is 12285.

LEGAL REPRESENTATION IN SUPPORT OF FLSA-RELATED LITIGATION - Negotiated Acquisition / Other - PIN# 02503X100072 - DUE 7-21-2003 AT 5:00 PM

The City of New York Law Department (“Department”) intends to enter into negotiations with one or more law firms in order to award a contract for the provision of legal representation in support of FLSA-related litigation. The Department has determined that it is in the City’s best interest to retain outside counsel to assist in this litigation.

Contract award will be by the Negotiated Acquisition method of source selection, pursuant to City of New York Procurement Policy Board Rules (“PPB Rules”) §§ 3-04(b)(2)(iv)(A), 3-04(b)(2)(i)(D), 3-04(b)(4) and 3-04(b)(6), because it has been determined that it is not practical or not advantageous to award the proposed contract by competitive sealed bids or competitive sealed proposals, that there is a time-sensitive situation where a supplier must be retained quickly, that there is a limited number of suppliers available and able to perform the work, and that award of the proposed contract by the Negotiated Acquisition method of source selection is in the City’s best interest.

It is anticipated that the contract to be awarded through this Negotiated Acquisition will have a term commencing as of March 20, 2003 and continuing through the final disposition of the case.

As a result of its market research, the Department has determined to enter into negotiations with a limited number of law firms with expertise in the Fair Labor Standards Acct (“FLSA”). Due to severe litigation-related time constraints, the Department has determined to solicit Statements of Qualification from firms it believes to be well qualified to provide the legal representation. The firms solicited for this procurement are as follows: (1) Bryan Cave, (2) Morgan Lewis, (3) Epstein Becker, (4) Seyfarth Shaw, and (5) Littler Mendelsohn.

Any qualified firm which wishes to express interest in being considered for such procurements in the future, and in being placed on the Department’s bidders list for such services, is invited to so indicate by letter to the following address: Samuel A. Moriber, Agency Chief Contracting Officer, New York City Law Department, 100 Church Street, Room 6-222, New York, NY 10007.

Contract award will be by the Negotiated Acquisition method of source selection, pursuant to City of New York Procurement Policy Board Rules (“PPB Rules”) §§ 3-04(b)(2)(iv)(A), 3-04(b)(2)(i)(D), 3-04(b)(4) and 3-04(b)(6), because it has been determined that it is not practical or not advantageous to award the proposed contract by competitive sealed bids or competitive sealed proposals, that there is a time-sensitive situation where a supplier must be retained quickly, that there is a limited number of suppliers available and able to perform the work, and that award of the proposed contract by the Negotiated Acquisition method of source selection is in the City’s best interest.

INDUSTRIAL DEVELOPMENT SITES – Request For Proposals – DUE 08-20-03 AT 4:00 P.M. – New York City Economic Development Corporation (NYCEDC) is seeking proposals for the sale and redevelopment of ten City-owned industrial sites located in The Bronx and Brooklyn. Through this targeted RFP effort, NYCEDC seeks to encourage the development of quality space for industrial firms in New York City and enhance the growth of the City’s industrial base. All response to this RFP must be from an industrial firm (production or distribution); or a developer/development entity committed to the development and maintenance of rental space for industrial use (production or distribution). Retail or other non-industrial uses will not be considered.

- 1 East NY In-Place Industrial Park Site 34 - 2,280 SF
- 1 Saratoga Square Urban Renewal Area - 25,800 SF

Any selection of NYCEDC of development teams for the various sites will be based on evaluation of the proposals submitted, factoring in the economic return to the City, financial feasibility of the proposed projects, and other criteria as noted in the RFP. The RFP is available as of June 27, 2003. You may request the RFP packet and obtain further detail about the sites by visiting www.nycedc.com/IndustrialRFP, or by calling (212) 312-3969. WORLD TRADE CENTER LITIGATION SUPPORT PROJECT MANAGEMENT SERVICES - Negotiated Acquisition / Other - PIN# 02503X100054 - DUE 6-24-2003 AT 5:00 PM

The City of New York Law Department (“Department”) intends to enter into negotiations with one or more qualified consulting firms in order to award a contract for the provision of World Trade Center litigation support project management services. The Department is currently facing numerous claims for personal injuries and property damage arising out of the World Trade Center (“WTC”) catastrophe. In order to deal with projected litigation of this magnitude, it has become necessary for the Department to contract out for the services of a project manager to assist the Department in immediately completing the following tasks:

1. Development of a comprehensive litigation management and support solution to scan, code, organize and maintain access to an estimated 5-7 million documents.
2. Augmentation of the Department’s existing infrastructure to accommodate the additional staffing and computing demands created by WTC-related litigation.
3. Design and installation of a collaboration and knowledge management platform to establish a means of accessing and managing WTC-related information and attorney work product.
4. Training of end users and administrators.
5. Deployment and management of the litigation support solution.

The project manager will be charged with responsibility for development of the overall scope of work, resource and labor estimates and project plan, and will be responsible for the purchase of goods and services needed to complete the project, management of the project itself, and the timely delivery and implementation of the litigation management and support solution.

Contract award will be by the Negotiated Acquisition method of source selection, pursuant to City of New York Procurement Policy Board Rules (“PPB Rules”) §§ 3-04(b)(2)(iv)(A), 3-04(b)(2)(i)(D), 3-04(b)(4) and 3-04(b)(6), because it has been determined that it is not practical or not advantageous to award the proposed contract by competitive sealed bids or competitive sealed proposals, that there is a time-sensitive situation where a supplier must be retained quickly, that there is a limited number of suppliers available and able to perform the work, and that award of the proposed contract by the Negotiated Acquisition method of source selection is in the City’s best interest.

It is anticipated that the contract to be awarded through this Negotiated Acquisition will have a term commencing as of July 1, 2003 and continuing through the final disposition of all WTC-related litigation.

As a result of its market research, the Department has determined that the number of qualified vendors with the resources and successful previous experience in managing projects of this magnitude in the context of mass tort litigation is exceedingly small. Due to severe litigation-related time constraints, the Department has determined to solicit proposals for this procurement from the firms it believes are best qualified to perform the projected services. The firms to be solicited for this procurement are as follows: (1) Baker Robbins & Company, Inc., (2) Kraft Kennedy & Lesser, Inc. and (3) PricewaterhouseCoopers, LLP.

Any qualified firm which wishes to express interest in being considered for such procurements in the future, and in being placed on the Department’s bidders list for such services, is invited to so indicate by letter to the following address: Samuel A. Moriber, Agency Chief Contracting Officer, New York City Law Department, 100 Church Street, Room 6-222, New York, NY 10007.

Pursuant to City of New York Procurement Policy Board Rules (“PPB Rules”) §§ 3-04(b)(2)(iv)(A), 3-04(b)(2)(i)(D), 3-04(b)(4) and 3-04(b)(6), because it has been determined that it is not practical or not advantageous to award the proposed contract by competitive sealed bids or competitive sealed proposals, that there is a time-sensitive situation where a supplier must be retained quickly, that there is a limited number of suppliers available and able to perform the work, and that award of the proposed contract by the Negotiated Acquisition method of source selection is in the City’s best interest.

Pursuant to Section 3-13 of the PPB Rules, The Office of the Mayor/AIDS Policy Coordination intends to enter into an agreement with the County of Putnam to provide housing assistance and related supportive services to persons with Human Immunodeficiency Virus (“HIV”) and Acquired Immunodeficiency Syndrome (“AIDS”) within the County. Description

PASSENGER SHIP TERMINAL PLAN EVALUATION AND STUDY FOR TERMINAL REDEVELOPMENT – Request for Proposals – DUE 07-01-03 AT 3:00 P.M. – The New York City Economic Development Corporation (“NYCEDC”) requests proposals from qualified firms with expertise in the design and planning of cruise ship terminals to complete an evaluation of an existing terminal redevelopment plan, and provide an independent assessment of the NYC Passenger Ship Terminal needs for redeveloping the terminal and integrating future trade show and cruise ship businesses. The purpose for this study is to ensure that New York serves the needs of the existing cruise ship business and their passengers, and provides sufficient port capacity to capture future growth in the cruise ship industry.

It is anticipated that subconsultants may be used for providing certain services including, but not limited to, costs estimating and analysis of trade show operations.

Located approximately between 47th and 53rd Streets along the Hudson River in Manhattan, PST (Piers 88, 90, and 92). The existing pier buildings are outdated and incompatible with many types of ship operation, including the following: embarkation/disembarkation, luggage delivery, ship tie down, and ADA compliance. Although not an exact definition, the PST is clearly at or very close to total capacity.

Qualified firms must demonstrate experience in the with i) the design and planning of cruise terminals, ii) cruise port operations, iii) cruise ship design, and knowledge of the overall cruise ship industry.

Detailed submission guidelines and requirements are outlined in the RFP package, which is available from NYCEDC. To receive a copy, please call (212) 312-3969 or e-mail your name, address and telephone number to PSTRFP@nycedc.com. Please note the RFP cannot be e-mailed or faxed. All proposals must be submitted to NYCEDC, 110 William Street, 6th Fl., New York, NY 10038, by 3:00 PM, Tuesday, July 1, 2003.

Description

SHELTER SERVICES - Competitive Sealed Proposals / Judgment required - PIN# 071-04S-003-609 - DUE 6-9-2003 AT 5:00 PM

The Department of Homeless Services (DHS) is seeking a qualified vendor to operate a seasonal transitional shelter at 651 River Avenue in the Bronx (Community Board 1). Use will be dependent on capacity issues and determined at the discretion of the Agency.

At the Department's discretion, the seasonal shelter will operate as a facility to accommodate single adults during winter months or as an overnight placement for families during peak capacity periods. The Adult Winter Capacity Program will provide services for adults that will include, but not limited to, short-term case management services such as on-going assessment and referrals to other DHS facilities as well as community-based programs.

The Family Overnight Placement Program will provide overnight accommodations for families who have not completed the intake process at the DHS Emergency Assistance Unit (EAU) located at 151 East 151 Street in the Bronx. Minimal social services will be provided.

It is anticipated that the term of the contract will be for three years from October 1, 2003 to September 30, 2006, with an option to renew for an additional three year term subject to the availability of funding. Although the term of the contract will be three years, the facility will only be operated at the request of the Department.

It is anticipated that the payment structure of the contract awarded from this RFP will be based on a combination of a line-item reimbursement and performance outcomes measures and related financial incentives and/or disincentives.

Any vendor who believes it can provide these services described are invited to submit a proposal which is available for pick-up only beginning Thursday, May 1, 2003 at the Department of Homeless Services at 33 Beaver Street, 13th Floor, Reception Desk, NY NY 10004. A SITE VISIT IS SCHEDULED FOR THURSDAY, MAY 15, 2003, BEGINNING AT 10:00 A.M., FOLLOWED BY A PRE-PROPOSAL CONFERENCE IMMEDIATELY FOLLOWING THE SITE TOUR. ATTENDANCE IS OPTIONAL BUT PROPOSERS ARE STRONGLY RECOMMENDED TO ATTEND.

Emergency/Transitional Housing Program for individuals released from City or State correctional institutions who are living with AIDS/Symptomatic HIV Disease.

As the Housing Opportunities for Persons with AIDS (“HOPWA”) Master Contractor, PCMH has been directed by the Mayor’s Office of AIDS Policy Coordination (“MOAPC”) to manage this sealed competitive proposal process and award contracts to qualified proposers. MOAPC is the HOPWA grantee for the New York City Eligible Metropolitan Statistical Area (“EMSA”) as designated by the United States Department of Housing and Urban Development (“HUD”).
