- (ii) compliance with all applicable requirements in sections 31-04 and 31-05 of this Rule.
- (2) For sewer certifications with multiple permits, a certificate of inspection shall be issued for each unit.
- (3) No certificate of inspection shall be issued unless all sewer work shown on the certified house connection proposal or site connection proposal has been completed and inspected.
- §31-06 Repair Order**
- (a) **General Requirements.**
- (1) When a sewer connection, private pumping station, private sanitary ejector or a private force main is found to be leaking, inoperative or defective at a particular premises, the DEP shall issue a repair order to the Owner of such premises. The repair order shall instruct the Owner to make all necessary repairs and otherwise comply with the requirements of such order within 30 days of the date of issuance of such order, except when the DEP determines that there is an immediate danger to public health, property or to the environment, in which case such order may provide that repairs shall be made immediately upon issuance of such order. For purposes of this section, "ejector" shall mean a mechanical device used to pump or eject sewage.
- (2) If the Owner has not complied with the repair order in the period allowed, the DEP shall shut off the water service tap/wet connection of the premises. All repair work concerning a sewer connection shall be performed by a Licensed Master Plumber, as provided herein.
- (3) If an Owner believes that a repair order has been issued in error or that exigent circumstances exist such that shutting off the tap/wet connection of the premises would result in extreme hardship, the Owner may apply by letter to the Commissioner who shall make a final determination as to whether the repair order was issued in error or whether exigent circumstances exist warranting an abeyance of issuance of the repair order.
- (4) A Licensed Master Plumber shall obtain a sewer connection repair permit prior to performing work pursuant to a repair order on a sewer connection or in compliance with sections 25-03(a)(4) and 25-05(a) of this Rule. Upon completion of all necessary repairs by the Licensed Master Plumber and approval by the DEP, a Licensed Master Plumber shall obtain a tap/wet connection permit to restore the water service.
- (5) When the water service is shut off by the DEP, the Owner must engage a Licensed Master Plumber to assume responsibility for the excavation over the tap or wet connection. If the Owner fails to engage a Licensed Master Plumber, the water service will remain shut off, the excavation will be backfilled, and the street will be properly restored.

HEALTH AND MENTAL HYGIENE

■ NOTICE

NOTICE OF THE ESTABLISHMENT OF MOBILE FOOD VENDOR PERMIT WAITING LISTS BY THE NEW YORK CITY DEPARTMENT OF HEALTH AND MENTAL HYGIENE

On November 12, 2010, the Department of Health and Mental Hygiene (DOHMH) will establish, utilizing a random selection process, three (3) separate waiting lists for Green Cart permits, which are two-year, full-term mobile food vendor unit permits authorizing the holders thereof to sell only raw fresh fruits and vegetables within designated areas in three of the five boroughs of the City. A Green Cart permit waiting list will be created for three of the five boroughs (Bronx, Brooklyn, and Staten Island).

Application packages with detailed instructions for inclusion in the selection process for the Green Cart permit waiting lists may be obtained via the internet at www.nyc.gov/greencarts, by calling 311, or in person at the New York City Department of Consumer Affairs Licensing Center, located at 42 Broadway, 5th Floor, New York, New York 10004, Monday through Friday from 9:00 A.M. to 5:00 P.M.

In order to be eligible for inclusion in the selection process to establish these waiting lists,
 - the applicant must have a valid mobile food vendor license (ID badge) issued by the Department of Health and Mental Hygiene **on or before Monday, November 1, 2010**, and
 - the applicant must submit a completed waiting list application form by mail only to the address listed on the application form with a postmark dated **on or before Monday, November 1, 2010**.

All eligible waiting list applications will secure a waiting list position.

In accordance with Local Law No. 9 of 2008, preference or priority for a waiting list position will be given to those applicants who are members of a "preference category" listed in Local Law No.9. This preference or priority will be established by the giving of additional points to those applicants who are:

- already on an existing DOHMH mobile food vending permit waiting list
- United States veterans
- disabled persons

Applicants who do not belong to a preference category/priority group will secure a waiting list position after those who belong to a preference category/priority group.

For each borough list, all applications will be randomly assigned a number on each waiting list. Preference category/priority group applicants will be randomized separately and prioritized accordingly. If the applicant secures a waiting list position based upon a claim of being in one or more of the preference categories/priority groups mentioned above, the applicant will have to provide proof of such claim when the applicant is notified to apply for the Green Cart permit. If an applicant fails to do so, he or she will be disqualified from all Green Cart waiting lists.

Mobile Food Vendor License Applications: Application packages for a mobile food vendor operator's license (ID badge) may also be obtained via the internet at www.nyc.gov/greencarts, by calling 311, or in person at the New York City Department of Consumer Affairs Licensing Center, located at 42 Broadway, 5th Floor, New York, New York 10004, Monday through Friday from 9:00 A.M. to 5:00 P.M. Interested persons should allow at least twenty-five (25) business days to receive the necessary tax documentation and register for and pass the Department's "Mobile Food Vendor Food Protection Course", both of which are required prior to applying for a mobile food vending license.
