COURT NOTICES

SUPREME COURT

NOTICE

**KINGS COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER 6398/08**

In the Matter of the Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute in certain real property, where not heretofore acquired, for

ULMER PARK BRANCH LIBRARY (2602 Bath Avenue, Brooklyn)

within an area generally bounded by Bath Avenue, Bay 43rd Street, Harway Avenue, and 26th Avenue, in the Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, in the Borough of Brooklyn, City and State of New York, on March 28, 2008 at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

- 1) authorizing the City to file an acquisition map in the Office of the City Register;
- 2) directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;
- 3) providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
- 4) providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the Ulmer Park Branch Library in the Borough of Brooklyn, City and State of New York. The property to be acquired consists of Tax Lot 35 in Block 6897 shown on the Tax Map of The City of New York for the Borough of Brooklyn as said Tax Map existed on February 21, 2008.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL §402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

Dated: February 26, 2008, New York, New York

ARCHITECTURE AND ENGINEERING DESIGN SERVICES FOR THE HISTORIC PRESERVATION FOR THE RENOVATION OF CITY HALL – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 8502008PW0008P – DUE 03-25-08 AT 4:00 P.M. – Notice of Intent to Enter into Negotiations:

The City’s Department of Design and Construction (“DDC”) is responsible for providing design and construction services to various City agencies within the five Boroughs. DDC is publishing this Notice of Intent because there is a need to procure construction-related services for the renovation of the City’s City Hall. Time is of the essences in making the selection of the Consultant and time is of the essence in performing the services described below.

Project Objective:

The selected Consultant will have two main functions: (1) provide overall architectural and engineering services, and (2) provide program management services for the overall project and work with the construction management firm procured independently by DDC. Due to the historic nature of the City Hall building, DDC seeks a Consultant, with historic preservation experience, to provide the following services: oversee, integrate, and coordinate a number of ongoing capital improvement projects at City Hall, and provide full design services for select components as requested. During design and construction of the project, it is both anticipated and expected that the City’s Executive and Legislative Branches will be occupying the space, except for a brief, but yet to be determined, time, and both Branches of the City government will need use of the space to conduct the City’s government functions.

Brief Description of City Hall:

New York City’s City Hall is one of the oldest continuously used City Hall buildings in the nation that still houses its original government functions. City Hall is a designated New York City landmark. Moreover, its rotunda is a designated interior landmark.

Both the City’s Executive and Legislative branches use the building for offices and meetings. In addition, the Legislative Branch conducts legislative hearings and meetings in City Hall. Today, New York’s City Hall is considered one of the finest architectural achievements of its period. The building was constructed from 1803 to 1812 and it is an early expression of the City’s cosmopolitanism.

City Hall is a three-story building with a functioning basement that has been converted into office space. The building was designed in the Federal style with clear French influences that can be seen in the large arched windows, delicate ornamental swags, and more decorative Corinthian- and Ionic-style columns and pilasters. The building is entered by a formal staircase that sweeps up to the one-story portico fronting the building. The roof of the portico, surrounded by a balustrade, forms a balcony outside the Governor’s Room’s five large arched windows. A cupola, topped by a copper statue of Justice, rises above the attic, which has partly been converted into office space. The soaring rotunda dominates the interior, which is dramatically encircled by a keystone-cantilevered staircase. Ten Corinthian columns on the second floor support the coffered dome.

Proposed Scope of Work and Requirement of Two Key Roles: First role - architectural and engineering services. Overall, the Consultant will be responsible for the design of the entire renovation project of City Hall.

Currently, there are a number of capital projects at various stages of development that have already been assigned to several independently retained consultant teams. In considering the best approach to achieve design excellence, DDC is seeking two distinct proposals from the vendors to be discussed during the Negotiations.

The first proposal shall deal with the Consultant proposing how it would approach the project in total with the requirement that the Consultant retain under contract the services of one or all three consultant firms currently under contract with the City. These independent consultants have already started developing certain designs, but it would be a contractual requirement that the Consultant enter into direct contracts with these firms as subconsultants. DDC is interested in seeing in the proposal, at a minimum, the issues, both positive and negative to completing the project in a timely manner, by going this route. Please describe in detail how the vendor would make this proposal work.

The second proposal shall deal with the Consultant proposing how it would approach the project in total without being required to retain the consultants currently under contract with the City. DDC is interested in seeing in the proposal, at a minimum, the issues, both positive and negative to completing the project in a timely manner, by going this route. Please

describe in the proposal how the vendor would make this proposal work and whether a new team can comply with and meet the tight completion schedule. Include a list of proposed subconsultants who would be made part of Consultant’s team.

If the City determines it is in the City’s best interest to have the current subconsultants continue to work on this project, then the selected firm will be responsible for retaining under contract these firms as subconsultants. The selected firm will be responsible for coordinating and integrating the scopes of work of the current subconsultants and any other subconsultants the Consultant decides to retain into a single cohesive capital program.

Second role - program management services. Overall, the Consultant will act as an agent for the City in coordinating and overseeing the entire design. The Consultant will have contractual responsibility for the entire design of the renovation project, and will have responsibility over the construction administration process. DDC will award an independent contract to a construction management firm and that firm will bid the individual construction contracts. The bid documents, including drawings and specifications, will be prepared by the Consultant. The Consultant’s services will also include an ongoing review of the scope and interrelation of the overall work as developed in design, and, if necessary, may require rearrangement of the distribution of scope items and project schedules in design with either the current subconsultants or other subconsultants brought on the job by the Consultant, in order to attain a cohesive whole project that can be managed efficiently, smoothly, and in a timely manner.

It is critical that the program management plan for, and anticipate, that during construction there will be critical occupancies and that these occupants must not be disturbed throughout the construction process.

It is expected as a program manager that the Consultant will be able to demonstrate experience with retrofitting and integrating new building mechanical systems in a historically significant building. It is further expected as a program manager that the Consultant will be able to demonstrate experience with phasing construction work due to critical building occupancies.

This project will use BIM (Building Information Modeling) software to coordinate and track all aspects of the work. The base model will be provided by DDC, and the Consultant must demonstrate previous experience with using BIM to integrate, model, and interference-check complex building projects.

As described above, the actual construction project will have a construction management independently retained by DDC. The selected Consultant will be required to coordinate with DDC’s construction management firm and will act as the central point of architectural and engineering contact for the entire project.

Project Background:

Currently, there are a number of capital improvement projects planned for City Hall. The projects include:

- Restoration of the City Council Chamber ceiling;
- Replacement of the elevator.
- Renovation of the City Council areas on the ground floor and the basement;
- Building-wide fire alarm system and HVAC components; and
- Replacement of City Hall’s exterior front entrance steps.

Project components that deal with design and restoration of historically important areas may be removed from the scope of the existing consultant teams and assigned to the Consultant selected via this Negotiated Acquisition for full design services. It is important for the vendors to propose how they would handle the project under both scenarios, as described above.

Below is a brief description of the projects:

HVAC Phase II

Current Consultant: Stantec
 Replacement of four air handlers, ductwork, return air fans and two cooling towers servicing the City Council Chambers, the Public Hearing Room, and the Committee of the Whole. Scope includes installation of a fresh air intake system and drip pan detection system with remote alarm over the Public Hearing Room in order to give the area museum quality ventilation.

This project is currently in Design Development.

HVAC Phase III

Current Consultant: DMJM Harris
 Installation of new HVAC system for areas throughout City Hall not previously upgraded. Work includes the installation of vertical and horizontal distribution and fan coil units. Scope includes the replacement of a back up chiller to provide cooling to all fan coil units in case of black outs and other emergency conditions, and the installation of switch-over connections in areas not already utilizing dual temperature system.

This project is currently in Schematic Design.

Fire Alarm and Electrical Upgrade -
 Current Consultant: DMJM Harris
 The upgrade of the building-wide fire alarm system, and required electrical work.

This project is currently in Construction Documents phase.

Elevator Modernization

Current Consultant: DMJM Harris
 Replacement of the Council Chamber elevator in order to upgrade cab, controls, motors, and hardware. Scope includes related electrical and HVAC requirements.

This project is currently in Construction Documents phase.

Renovation of City Hall Steps

Current Consultant: Urbahn Architects
 The replacement of the existing limestone steps and portico pavers with new granite steps and pavers and reinstallation of brass railings. Scope includes minor audio visual requirements in order to integrate with the City’s broadcast systems.

This project is currently in Construction Documents phase.
 Restoration of the Council Chambers Area
 Current Consultant: Stantec

Restoration of the plaster ceilings and mural, walls, and wood wainscoting, refurbishing the Chambers balcony, and replacing the current flooring with a more historically accurate material. In addition, the lighting and audio visual systems will be upgraded to meet current standards. The restoration of this space requires expertise in historic

preservation. It is likely that this project will require full design services from the Consultant.

As part of the HVAC Phase II project, upgraded mechanical equipment will be installed in the attic and roof in order to provide appropriate ventilation to prevent the recurrence of mural deterioration. Coordination with this work is of extreme importance.

This project is currently in Schematic Design. City Council Area Restoration Current Consultant: Stantec Current Consultant: DMJM Harris

This project addresses the following areas: Council lounge, Council Speaker's Office, Committee Room, first floor conference room, second floor toilet, and public staircase from first to second floors. Scope includes the restoration of plaster work, wood doors, casings, and moldings, door hardware, chandeliers, and the public marble staircase. New carpet and toilet fixtures and upgraded power and data are included.

It is likely that this project will require full design services from the Consultant.

This project is currently in Schematic Design.

Design Services:

The following parameters apply to those projects that require full design and construction administration services:

Design Phase:

The Consultant shall perform all work in conformance with all provisions of the contract and the DDC "Design Consultant Guide", dated August 2003, Appendix G, and the DDC High Performance Building Guidelines.

In addition, the Consultant shall provide Basic Preservation Services as set forth below.

1. Research: The Consultant shall provide research services which shall include historic and cultural research of existing documents, technical research of original materials and construction methods. All readily available archives shall be used.

2. Conditions Survey: The Consultant shall provide a conditions survey, which shall include on-site visual observation, non-destructive and destructive investigation of visible and concealed conditions.

3. Documentation: The Consultant shall provide documentation, including preparation of measured drawings, mapping of conditions, photography and other graphic representation of findings.

4. Preservation Plan: The Consultant shall develop a Preservation Plan specifying an approach to preservation issues.

Construction Phase:

The Consultant shall perform all work in conformance with all provisions of the contract and the DDC "Design Consultant Guide" dated August 2003, Appendix G, and the DDC High Performance Building Guidelines.

In addition, the Consultant shall provide the services set forth below during the construction phase.

1. The Consultant shall keep a Record of Field Changes to note changes to the materials and methods specified in the Contract Documents. This record shall include all significant changes affecting historic elements and materials that may influence maintenance procedures and future capital work. The Consultant shall submit the Record of Field Changes to DDC at the completion of construction.

The overall integrated project must comply with LL86 (Local Law 86 of 2005) and, to the extent achievable, will strive to obtain LEED EB (Existing Building) Certification.

Local Law 86 Compliance

Projects designed under this contract may be subject to one or more environmental laws. The agency will inform the consultant whether these requirements apply. In particular, projects may be subjected to Local Law 86 of 2005 (the Green Building Law) or one or more of the following local laws on environmentally preferable purchasing (EPP), including: Local Law 118 of 2005, Local Law 119 of 2005, Local Law 120 of 2005, and Local Law 121 of 2005.

Local Law 86 applies to capital projects for or in new buildings, for additions to existing buildings and in existing buildings subject to substantial reconstruction, including fit-outs of condominium units and leased space, costing \$2 million or more. Most covered projects must be built to achieve a "Silver" rating under the Leadership in Energy and Environmental Design (LEED) rating system of the U.S. Green Building Council (LEED "Certified" rating for educational and certain types institutional projects). There are additional requirements in the law regarding energy and water efficiency: including those for plumbing systems, boiler replacements, and/or lighting and HVAC comfort control systems, above certain dollar thresholds. The law does not apply to projects within spaces classified in certain occupancy groups, including residential and industrial, and is subject to certain exemptions.

The EPP laws apply to certain construction projects not covered by Local Law 86, subject to certain exemptions and waivers. In general, the requirements in the EPP laws for construction projects relate to Energy Star certified products, bathroom fixtures, lighting products, carpets, architectural coatings and construction or furnishing materials. A list of these products/materials and their minimum standards are available in the New York City EPP Minimum Standards for Construction Products. A hard copy of the standards may be obtained from the agency or on the web, at http://www.nyc.gov/html/mocs/html/programs/other_epp.shtml.

For LL86, in addition to preparing the required documentation for LEED certification, if applicable, the consultant will be required to provide project data for the purposes of project reporting using the Local Law 86 reporting worksheet, as requested by the agency. Such data includes project description, construction costs, LEED credits sought and earned (if applicable), reductions in energy cost and in water use, and incremental constructions costs.

For the EPP laws, the consultant will be required to provide a report, for any period requested by an agency, on products specified by or for the City that appear in the New York City EPP Minimum Standards for Construction Products. The report must contain the following information: agency, item description, quantity ordered and dollar value of all items ordered over the period requested.

If your firm is interested in being considered for award of the subject contract, please hand deliver a written expression of

interest addressed to Carlo Di Fava, Contract Manager, at 30-30 Thomson Avenue, 4th Floor, Long Island City, NY 11101. The expression of interest should specifically include the following:

1. A Cover Letter of no more than three pages, indicating the company name and address, and the name, address and telephone number of the person authorized to represent the firm (Be sure to refer to the proper DDC PIN number and title). Include a brief history of the firm, the overall firm organization, its goals and objectives and a statement of design philosophy.

2. Experience of Firm

● Submit SF-254 Form, which lists the number of full-time staff currently employed and the projects on which the firm is currently working, has completed and future projects and commitments. Provide the value of these contracts and their schedules. (This form is available at <http://nyc.gov/html/ddc/html/otherfrm.html>).

● Submit SF-255 Form which identifies the proposed Project Executive, Project Manager, Assistant Project Manager, and Project Superintendent on the subject project. A resume of each person on the project team should also be submitted in the SF-255 form (This form is available at <http://nyc.gov/html/ddc/html/otherfrm.html>).

● Provide examples of up to five completed projects similar in scope and type to this project completed within the last ten years. Visual materials can take the form of a printed brochure, photographs, drawings or similar images. For each project, the proposer shall provide information indicating whether the project was completed on time and within budget.

3. Completed Local Law 34 of 2007 - Doing Business Data Form (This form is available at <http://www.nyc.gov/html/ddc/html/forms.html>).

All Expressions of Interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Responsive submissions will include at least three (3) projects similar in scope and type to the required work in historically significant or landmark quality buildings, completed within the last five (5) years. Compliance with this requirement will be determined solely by the Department. Expressions of interest determined to be non-responsive will not be further considered.

All qualified firms will be evaluated based on the following criteria:

Quality and relevance of the firm experience - 50 percent
Quality and experience of the firm personnel - 50 percent

The Department will enter into negotiations with the vendor determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor whose offer is determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

CITYHALL2, CONSTRUCTION MANAGEMENT SERVICES AND CONSTRUCTION FOR THE RENOVATION OF CITY HALL – Negotiated Acquisition –

Judgment required in evaluating proposals - PIN# 8502008PW0007P – DUE 03-25-08 AT 4:00 P.M. – The NYC Department of Design and Construction is intending to enter into negotiations with appropriately qualified vendors for construction management services and construction for the renovation of City Hall.

Brief description of City Hall

New York City's City Hall is one of the oldest continuously used city hall buildings in the nation that still houses its original government functions. City Hall is a designated New York City landmark. Moreover, its rotunda is a designated interior landmark.

Both the City's Executive and Legislative branches use the building for offices and meetings. In addition, the Legislative Branch conducts legislative hearings and meetings in City Hall. Today, New York's City Hall is considered one of the finest architectural achievements of its period. The building was constructed from 1803 to 1812 and is an early expression of the City's cosmopolitanism.

City Hall is a three-story building with a functioning basement that has been converted into office space. The building was designed in the Federal style with clear French influences that can be seen in the large arched windows, delicate ornamental swags, and more decorative Corinthian- and Ionic-style columns and pilasters. The building is entered by a formal staircase that sweeps up to the one-story portico fronting the building. The roof of the portico, surrounded by a balustrade, forms a balcony outside the Governor's Room's five large arched windows. A cupola, topped by a copper statue of Justice, rises above the attic, which has partly been converted into office space. The soaring rotunda dominates the interior, which is dramatically encircled by a keystone-cantilevered staircase. Ten Corinthian columns on the second floor support the coffered dome.

The Scope of Services will include, but not limited to, the following:

1. HVAC Phase III

The work includes the installation of new riser chases; under flooring and above ceiling pipes; conduits and ducts; wall opening for ductwork and pipes; and fan coil units enclosures. The finishing or refinishing of wood flooring is also included in this phase. Work also includes installing a replacement back up chiller with a new chiller to provide cooling to all fan coil units in case of black-outs and/or emergency conditions; and the installation of switch-over connections in areas not already utilizing dual temperature system.

2. Council Chambers Area

The work includes the restoration of the Chambers plaster ceilings and walls; wood wainscoting; refurbishment of the Chambers balcony; and replacement of existing Council desks and other furniture. The existing floor treatment in the

Chambers is historically inappropriate and will be replaced. In addition, lighting and A/V systems will be upgraded to meet current standards. In order to prevent the recurrence of mural deterioration, attach area, and roof improvements will be made to accommodate the upgraded mechanical equipment in that area.

3. Fire Alarm and Electrical Upgrade

The upgrade of the fire alarm system includes: the installation of annunciation devices; a voice communication system; graphic display; system printers; fire detection visible and audible signals; fire alarm pull stations; strobe lights; and speakers. The electrical power upgrade includes the installation of a new 800 amp service with new risers, conduits, branch circuit panels, and associated connections.

4. Elevator Modernization

This project replaces the current elevator with new upgraded controls, motors, hardware, and cab. It also includes required HVAC environmental controls within dedicated spaces; and electrical power supply to maintain the new equipment.

5. City Hall Steps

The existing limestone steps (approximately 950 lf) and portico pavers (approximately 750sf) will be replaced with new granite steps and pavers. At least two brass railings will be removed and reinstalled. This project also includes the replacement of two audio/video connection boxes with related conduits and wiring to be coordinated and integrated with the city's broadcast systems.

6. HVAC Phase II

Four air handlers and accessories will be replaced along with ductwork and return air fans servicing the City Council Chambers, Public hearing Room, and committee of the Whole. Two cooling towers will be replaced. A roof level fresh air intake system will be installed in addition to a control system and a drip pan detection system with remote alarm over the public hearing room. This will give the area museum quality ventilation.

7. City Council Space

The restoration will address wood moldings, doors and hardware, plaster work on walls and ceilings, chandeliers, the addition of power and date lines, new carpeting, new toilet room fixtures, and marble stairs of the public circulation area up to the intermediate level (between 1st and 2nd floors).

8. Interior Spaces

This restoration or renovation will address ceilings, walls and flooring in the basement and various other areas throughout the building.

9. Local Law 86 Compliance

Projects designed under this contract may be subject to one or more environmental laws. The agency will inform the consultant whether these requirements apply. In particular, projects may be subjected to Local Law 86 of 2005 (the Green Building Law) or one or more of the following local laws on environmentally preferable purchasing (EPP), including: Local Law 118 of 2005, Local Law 119 of 2005, Local Law 120 of 2005, and Local Law 121 of 2005.

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS - Negotiated Acquisition - Judgment required in evaluating proposals - PIN# 13007DJJ001 - DUE 11-14-08 AT 3:00 P.M. - CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations

promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be \$1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 110 William Street, 13th Floor, New York, NY 10038. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.
2. Describe each proposed facility, its location, and proposed date of operation.
3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.
4. For each proposed facility,
 - a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
 - b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.
5. Demonstrate the vendor's organizational capability to:
 - a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
 - b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.
6. Demonstrate the quantity and quality of the vendor's successful relevant experience.
7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility is fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

INVESTIGATIVE STUDY OF THE OPERATIONS IN CONNECTION WITH THE DIVISION OF BRIDGES

Negotiated Acquisition – PIN# 84108MNBR207 – DUE 03-14-08 AT 4:00 P.M. – The Department intends to enter into a negotiated acquisition with the American Association of State Highway and Transportation Officials (“AASHTO”) to study the operations of its Division of Bridges, including examining its financial controls and its involvement in the procurement and contract administration processes with the Division of Bridges programs. Due to recent events, it is in the best interests of the City to have an independent organization committed to the implementation of transportation standards to provide the services mentioned above immediately, so as to not interfere with the Division of Bridges’ capital program. As the American Association of State Transportation Officials represents the transportation departments in all fifty states. It is uniquely able to meet the Agency’s needs at this time. The contract term shall commence on or about April 10, 2008, and shall be completed 180 days thereafter.

Prospective vendors may express interest in this procurement or may indicate their interest in future procurements of the New York City Department of Transportation by writing to Vincent Pullo, Agency Chief Contracting Officer, Department of Transportation, 40 Worth Street, Room 1228, New York, New York 10013, no later than March 15, 2008.

Environmental Assessment and Review Division
New York City Department of City Planning

Pursuant to City Environmental Quality Review (CEQR), Mayoral Executive Order No. 91 of 1977, CEQR Rules of Procedure of 1991 and the regulations of Article 8 of the State Environmental Conservation Law, State Environmental Quality Review Act (SEQRA) as found in 6 NYCRR Part 617, the City Planning Commission, acting as lead agency, issued a Notice of Completion on February 29, 2008 for a Final Environmental Impact Statement (FEIS) prepared for the 125th Street Corridor Rezoning and Related Actions (CEQR No. 07DCP030M), as described below. A public hearing on the Draft Environmental Impact Statement (DEIS) was held on January 30, 2008. Written comments on the DEIS were requested and were received by the Lead Agency until February 11, 2008. The FEIS incorporates responses to the public comments received on the DEIS and additional analysis conducted subsequent to the completion of the DEIS.

The FEIS analyzes a proposal by the New York City Department of City Planning (DCP) to rezone portions of 125th Street in Manhattan Community Districts 9, 10 and 11. The area proposed to be rezoned is generally bounded by 124th Street, 126th Street, Broadway and Second Avenue. The proposed changes are part of a comprehensive City initiative to support the ongoing revitalization of 125th Street, Harlem’s Main Street. The proposed rezoning area is currently zoned R7-2, C4-4, C4-4A, C4-5, C4-7, and M1-2, and the rezoning proposal would create a new special district, the Special 125th Street District, within the rezoning area and change the area’s underlying zoning to R6A, R7-2, R7A, C4-4A, C4-4D, C6-3, and C4-7, as modified by the proposed special district. In addition to the zoning map and text amendments, the proposed action includes the disposition of City-owned property, an Urban Renewal Plan amendment, a City Planning Commission (CPC) certification pursuant to the Special TA (transit land use) District, and Urban Development Action Area Project (UDAAP) designation and project approval (a non-ULURP action) in connection with a known development on a site within the rezoning area.

Overall, in the development scenario outlined in the FEIS, DCP has identified 26 projected development sites in the rezoning area on which development would result in a net (incremental) gain of 2,328 dwelling units (DUs), 436,015 commercial office square feet and 208,586 commercial retail square feet by the rezoning build year of 2017. In addition, DCP has identified 22 potential development sites in the rezoning area. If development does not occur on the projected development sites, the same overall amount of development could occur instead on some or all of the potential development sites.

The development expected to occur on the 26 projected development sites under Build conditions would consist of 2,632 DUs (498 of which would be affordable housing units); 843,923 sf of commercial retail space; 948,319 sf of commercial office space; 20,184 sf of hotel space (total retail, office and hotel commercial space is 1,812,426 sf); 71,508 of community facility space; 20,586 sf of institutional conversion space; and 1,998 sf of parking/auto related uses. The projected incremental (net) change in development between the No-Build (assumptions of the development that would occur in the area absent the proposed actions) and the Build scenario for these 26 projected development sites is 2,328 DUs, including 498 units of affordable housing; 208,586 square feet of retail commercial space; 436,015 square feet of office commercial space; 11,672 square feet of hotel space (total net increment of commercial space is 656,273 square feet); a decrease of 110,985 square feet of community facility space; a decrease of 26,824 square feet of storage and manufacturing space; and a decrease of 110,406 square feet of parking/auto related uses.

The FEIS evaluated six alternatives to the proposed action, five which had been previously analyzed in the DEIS, and one new alternative. The No Action Alternative, No-Impact Alternative, Arts Bonus Alternative, C6-3 Alternative and C4-4D Alternative had been presented in the DEIS. The new alternative, the Expanded Arts Bonus Alternative, was based on a revised zoning text amendment [ULURP No. N 080100(A) ZRM] and a revised zoning map amendment [ULURP No. C 080099(A) ZMM] proposed by DCP on December 17th, 2007, following the issuance of the DEIS. The revised text and map amendments incorporate elements of both the Arts Bonus and the C4-4D Alternatives, previously analyzed in the DEIS. The Final Environmental Impact Statement (FEIS) analyzed the impacts associated with the revised text and map amendments in the Expanded Arts Bonus Alternative.

The FEIS identified potential significant adverse impacts related to historic resources; shadows; traffic and parking; and transit and pedestrians. The FEIS identified measures that would fully or partially mitigate impacts for shadows, traffic and parking, and transit and pedestrians. The FEIS identifies unavoidable significant adverse impacts in the areas of historic resources, traffic and parking, and shadows.

Copies of the Final Environmental Impact Statement may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 22 Reade Street, 4E, New York, New York 10007, Robert Dobruskin, Director (212) 720-3423; or from the Office of Environmental Coordination, 253 Broadway, 14th Floor, New York, New York 10038, Robert Kulikowski, Director (212) 788-9956; and on the New York City Department of City Planning’s website at http://www.nyc.gov/html/dcp/html/env_review/eis.shtml.

YOUTH AND COMMUNITY DEVELOPMENT

NOTICE

In advance of the release of the Neighborhood Development Area (NDA) Request for Proposals, The New York City Department of Youth and Community Development (DYCD) is issuing a concept paper presenting the purpose and plan for this program. The NDA concept paper will be posted on DYCD's website www.nyc.gov/dycd beginning March 13, 2008.

Public comments are encouraged and should be emailed to DYCD at cp@dycd.nyc.gov by April 10, 2008. Please write "NDA Concept Paper" in the subject line.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
