Re: Local Law Air Reports for Fiscal Year 2014

Dear Mayor de Blasio:

Attached are the Local Law Air Reports of Fiscal Year 2014 as required by Local Laws 38, 39, 40, 41, and 42 of 2005. These reports document the use of ultra-low sulfur diesel fuel and the best available control technologies to reduce particulate matter and nitrogen oxides in the environment. Local law 77 of 2003 will be sent under separate cover, as this report involves collecting data from multiple agencies and contractors that utilize off-road vehicles at city construction projects. These vehicles also must be retrofitted with emissions control devices and use ultra-low sulfur diesel fuel.

Very truly yours,

Emily Lloyd
