2013 P3 Client Periodic Report

Lobbyist Name: Fordham University

Client Name: Fordham University

Subject Details

Advocated for the refinement and continued implementation of an area -wide Plan with current period focus on the ongoing effort to "kick-start" Webster Avenue Redevelopment, completing the Fordham Road Reconstruction Project, Rezoning Fordham Road, refining the reconstruction logistics for Fordham Plaza and responding to new proposal for Bike Lanes on Southern Boulevard. This involved maintaining the strong support and continued collaboration of the New York City Mayor's Office, and the relevant agencies, departments, commissions and public authorities/corporations -- including the various Deputy Mayors, Transportation, EDC, City Planning Departments, DDC, SBS, Local Community Boards and the MTA -- for approvals, input and funding to advance and implement an ambitious multi-dimensional and multi-phase urban redesign and redevelopment plan for the research, educational and cultural institutions natural district of the north central Bronx, located around The Bronx River, Bronx Park and the Moshulu. The major focus during this reporting period was to advance the implementation and conversation with respect to how to trigger and advance redevelopment opportunities along Webster Avenue, now that the mixed use re-zoning has been approved. The discussion focused on potential redevelopment strategies and mechanisms that might be employed to advance and jumpstart this effort, including the launch of a Webster Re-visioning Strategy that was published. Initial discussions were had with regard to NYC Housing Policies inadvertent negative impacts on the aim of the Webster Vision. . In addition, Fordham Road Reconstruction Project was substantially completed including plantings in the median set to happen this Spring 2013. Formal ULURP for Fordham Road Rezoning was certified following a Scoping Hearing and the completion of the environmental review with DCP as lead agency. This included the waiver and exemption from down-zoning that Fordham University sought. The Fordham Plaza Redesign & Reconfiguration Project construction proceeded. In addition the ongoing conversation has involved a reaction and response to a new proposal for the installation of Bike lanes along a dangerous portion of Southern Boulevard, where many accidents have occurred due to blind curves and high traffic speeds on the roadway.
