2011-2012 Adult Follow-up Survey Response Rates

Most (84%) enrollees who completed the 2011-12 survey also completed the Registry's two previous surveys in 2003-04 and 2006-07.

- Total*: 68,361 sent surveys, 43,135 completed surveys (63%)
- Rescue/Recovery Workers: 30,084 sent surveys, 20,024 completed surveys (67%)
- Lower Manhattan Residents: 11,563 sent surveys, 6,183 completed surveys (53%)
- Area Workers: 22,791 sent surveys, 14,606 completed surveys (64%)
- Passersby: 3,923 sent surveys, 1,922 completed surveys (59%)

* Total includes the rescue/recovery workers and survivors

Note: Enrollees who belong to more than one eligibility group are categorized in the following order - rescue/recovery workers, residents, area workers and passersby. For example, an enrollee who was both a passerby and rescue/recovery worker is categorized as a rescue/recovery worker.
