Detention Total	164	15	0	15

1 Physical restraints refer to physical hold techniques included in the Safe Crisis Management System and other non-offensive physical safety interventions.

2 Injury is defined as any event requiring medical treatment. Injuries range in severity from simple abrasions to broken bones and fractures. It is the sum of Injury A and Injury B.

3 'Injury A' includes injuries requiring clinical treatment beyond what could be provided by a layperson with over-the-counter products. Categorization is made by medical staff.

4 'Injury B' includes injuries treatable by a layperson with over-the-counter products such as ibuprofen, antibiotic ointment, etc. Categorization is made by medical staff.

5 Mechanical restraints refer to restraints involving the use of handcuffs, shackles, and flex-cuffs.
