<sup>1</sup>Total admissions include all youth admitted to detention during the fiscal year; youth may be admitted multiple times during a fiscal year on the same case or on new allegations of delinquency.

<sup>2</sup>A youth's race and/or ethnicity is self-reported at the time of admission. If a youth reports any Hispanic heritage, they are classified as Hispanic in this report.

\*Note: As per Introduction 37 zip codes accounting for 5 or less admissions display a symbol instead of the actual number of admissions to protect youth anonymity.  
<sup>1</sup>Total admissions include all youth admitted to detention during the fiscal year; youth may be admitted multiple times during a fiscal year on the same case or on new allegations of delinquency and can be counted more than once in a zip code.

<sup>2</sup>Youth zip code is initially self-reported as most youth do not carry identification; the current system does not allow for geospatial verification of addresses.

<sup>1</sup>Total admissions include all youth admitted to detention during the fiscal year; youth may be admitted multiple times during a fiscal year on the same case or on new allegations of delinquency.

<sup>2</sup>Charge information is manually entered into the CJIS database by juvenile counselors based on received police or court paperwork, and reflects the most severe charge listed on the admission paperwork at the time of admission.

<sup>3</sup>Youth are admitted to detention by the New York City courts, police department, and other justice agents. This information describes youth who initially enter detention following a judicial order or a police arrest. A small number of youth are admitted by other authorities and are not included in this charge-level analysis.

<sup>4</sup>Charge categories reflect groupings of specific penal code charges; except for attempted murder, all attempt-level charges are included in their actual charge category. Prepetition refers to youth initially admitted to detention prior to the filing of the petition.

<sup>1</sup>The Average Daily Population is calculated by averaging the daily census population in each detention setting across the reporting period. This data is maintained in the Daily Census Database and current as of September 29, 2010.

<sup>2</sup>Detention experience is measured by determining the security settings of where youth admitted during the reporting period were housed during the reporting period; youth not released before the end of the reporting period may experience a new security setting in the next reporting period, but that experience would not be reported.

<sup>3</sup>A youth's race and/or ethnicity is self-reported at the time of admission. If a youth reports any Hispanic heritage, they are classified as Hispanic in this report.

<sup>4</sup>Youth are admitted to detention by the New York City courts, police department, and other justice agents. This information describes youth who initially enter detention following a judicial order or a police arrest. A small number of youth are admitted by other authorities and are not included in this charge-level analysis.

<sup>5</sup>Charge categories reflect groupings of specific penal code charges; except for attempted murder, all attempt-level charges are included in their actual charge category. Pre-petition refers to youth initially admitted to detention prior to the filing of the petition.

<sup>6</sup>Charge information is manually entered into the CJIS database by juvenile counselors based on received police or court paperwork, and reflects the most severe charge listed on the admission paperwork at the time of admission.
