Introduction

Each year the Division of Finance, Audit and Banking issues a specific set of Audit Instructions for each fiscal year.

- **FY 2017 Audited Financial Statements and ACS Audited Supplemental Schedules are due January 31, 2018**

- **FY 2017 Single Audits are due March 31, 2018**

All Audited Financial Statements and ACS Audited Supplemental Schedules, as well as the Single Audit, must follow the Audit instructions for that Fiscal Year. Financial Statements must include all of the required components and audited schedules to be considered complete by due date.

These audit instructions are not a complete manual of procedures nor should it supplement the auditor’s judgment of the audit work required. The procedures contained in these instructions are not intended to cover all circumstances or conditions that would be encountered in an audit of every contract provider. The auditor should use professional judgment to tailor their procedures to meet the conditions of the particular engagement so that the audit objectives may be achieved.

The Fiscal Year 2017 ACS Audit instructions and any updates can be found on ACS public website: [http://www1.nyc.gov/site/acs/about/child-welfare-providers.page](http://www1.nyc.gov/site/acs/about/child-welfare-providers.page)

III. Procurement of Audit

The City of New York Procurement Policy Board rule §3-10(k) states: “A Prequalified List (PQL) of auditors shall be maintained by the Comptroller in accordance with this section. An agency seeking to award an audit contract shall solicit only those suppliers that have been prequalified by the Comptroller.”

Please refer to NYC Comptroller approved CPA list at:
http://comptroller.nyc.gov/general-information/prequalified-cpa-list/

ACS recommends that each agency reach out to a minimum of 3 CPA firms when submitting request proposals for audit services.

IV. Generally Accepted Government Auditing Standards (GAGAS)

GAGAS, commonly referred to as the "Yellow Book", are produced in the United States by the Government Accountability Office (GAO). The standards apply to both financial and performance audits of government agencies.

In conducting a single or program-specific audit, the auditors must follow GAGAS, which is promulgated by the Comptroller General of the United States. GAGAS includes general standards, fieldwork standards, and reporting standards.

A. General Standards

The General Standards contain the following requirements;

- The audit firm and staff must be proficient and independent when performing Single Audit or other government audits;

- The audit staff must maintain their proficiency by enrolling in a program of continuing professional education; and

- The audit organization must have a system of quality control in place and have undergone a recent peer review.
B. Field Work Standards

Under GAGAS, these are the same as the American Institute of Certified Public Accountants (AICPA) standards. They require the auditors performing financial statement audits to plan the audits, supervise the staff, and review the auditee’s internal control. In addition, the auditors must gather sufficient and appropriate evidence to support their findings and conclusions.

C. Reporting Standards on Financial Statements

When auditors issue a financial report on an agency, they must prepare the report in accordance with GAGAS, which incorporates the AICPA standards. GAGAS requires the auditors to state in the report whether or not the agency’s financial statements are presented fairly in all material respects in accordance with Generally Accepted Accounting Principles (GAAP).

D. AICPA Statements on Auditing Standards

The AICPA issues the Statements on Auditing Standards (SAS) to provide clarification on the application of the standards of field work and reporting. The auditors must refer to them when they are conducting audits.

E. Internal Control and Compliance

In addition to the requirements of GAGAS the auditors conducting the audit must evaluate the internal control over the agency’s Federal awards and assess the level of control risk for the major programs. Likewise, the auditors must determine if the agency complied with laws, regulations and the provisions of contracts or grant agreements.
V. Follow-up: Summary Schedule of Prior Audit Findings and Corrective Action Plan

The agency is responsible for follow-up and corrective action on all audit findings. As part of this responsibility, the agency must prepare a summary schedule of prior audit findings and a corrective action plan for the current year audit findings. The summary schedule of prior audit findings and the corrective action plan must include the reference numbers the auditor assigns to audit findings.

A. Summary Schedule of Prior Audit Findings

The summary schedule of prior audit findings must include the status of all audit findings that are included in the prior audit’s schedule of findings and questioned costs. The summary schedule must also include audit findings and questioned costs reported in prior audit’s summary schedule that have not been resolved. Prior audit findings do not have to be included in the summary schedule if they are fully corrected or when the agency believes the audit findings are no longer valid and do not require further action. The agency must describe the reason they feel the prior audit findings have been resolved.

B. Corrective Action Plan

At the completion of the audit, the agency must prepare the corrective action plan to address each audit finding included in the current year auditor’s reports. The corrective action plan must provide the name(s) and title(s) of the contact person(s) responsible for the corrective action, the corrective action planned, and the anticipated completion date. If an agency’s officials do not agree with the audit findings or believe the corrective action is not required, then the corrective action plan must include an explanation and specific reasons. Documented corrective action plan should be taken on all audit findings. This includes a report on corrective action steps taken for prior audit findings.
VI. Supplementary Schedules

The FY 2017 Audit Instructions include the Child Welfare Supplementary Schedules for agencies with Preventive programs. Auditors must review the Child Welfare Supplementary Schedules as part of the complete reporting package to satisfy ACS monitoring responsibility.

The Child Welfare Supplementary Schedules that are to be submitted to ACS as part of the reporting package for fiscal year 2017 are as follows:

- Schedule 1 – Statement of Revenues and Expenditures
- Schedule 2 – Schedule of Salaries
- Schedule 3 – Schedule of Fringe Benefits
- Schedule 4 – Schedule of Fixed Assets Inventory
- Schedule 5 – Schedule of Questioned Costs
- Schedule 6 – Schedule of Quantitative Program Results
- Schedule 7 – Child Success New York City (CSNYC) Statement of Revenues and Expenses

The Statement of Revenue and Expenditures identifies actual expenses. The final closeout will be computed from this schedule comparing the revenue to the total final approved budget amount and actual allowable expenditures.

Providers with a CSNYC program must complete Schedule 7 for the Preventive portion of their CSNYC funding. The Waiver portion of CSNYC funding must not be included on Schedule 7. Waiver funding will be reported separately on the FY 2017 Foster Care program audit.

For FY 2017, the Child Welfare Supplementary Schedules must be covered by an Auditor’s Report ON Supplementary Information concluding that “the Child Welfare schedules are presented for the purposes of additional analysis.”
VII. Cost Allocation Plan (CAP)

All agencies are required to have a Cost Allocation Plan based on contractual agreement with ACS and in accordance with Federal regulations. The Cost Allocation Plan should accurately and equitably allocate costs that are attributed to the operation of two or more programs or which are attributable to two or more funding sources. In addition the Cost Allocation Plan shall allocate between direct and indirect costs by distributing costs between direct/programmatic and indirect/administrative funds which taken together equal the total cost of the program. For more detail on cost allocation please refer to the ACS Fiscal Manual.

VIII. Performance Based Budgets

Budgets for contractors with performance based programs (General Preventive and Family Treatment and Rehabilitation) were contingent on meeting their program goals. A reduction of up to 10% of their budget was applied if the contractor did not meet the performance based goals. The audits for these programs will be based on the final approved budget.

IX. Closeout Payments through Accelerator Financials

Contractors that are paid through Accelerator Financials (AF) in FY 2017 are required to invoice for Audit Closeout amounts due from ACS through AF.

When submitting your invoice via AF:

1. Scan and attach the following documents to each Audit Closeout amount invoiced:
   a) Final Closeout [Due from ACS] Letter
   b) Final Closeout Report

2. Submit each invoice separately for each contract.

Payment requests submitted without the documentation described above will not be processed. For programs without any contracts in AF, your closeout payment process will not change for Fiscal Year 2017.
X. Report Submission
