¹ The Department offers two (2) hours of outdoor recreation. It will begin offering an additional hour of recreation (for a total of three [3] hours of recreation) dependent on good behavior.

² The Department began offering 2.5-3 hours of programming on August 2nd.

³ The Department began offering young adults four (4) hours of out-of-cell time in addition to programming on August 8th.

- 1) The number and percentage of young adults in PS alternatives who had a previous placement(s) in TRU, Second Chance, or the Secure Unit followed by a placement in General Population (GP) housing or any housing other than a step-down from TRU or Secure Unit during their current incarceration.**

During this reporting period, one (1) inmate had been placed previously in TRU, was placed in general population, and was subsequently placed in Secure Unit.

- 2) The number and percentage of young adults in each PS alternative or in punitive segregation who received a timely case review and a timely determination as to whether they would remain or be transferred out. Timeliness is determined by the periodicity of reviews and determinations set forth in the relevant Department directive or draft directive.**

All young adults placed in Second Chance and TRU receive their first Support Team review after being in the unit for two weeks. From that point forward, the young adults receive weekly Support Team reviews. All young adults placed in the Secure Unit receive weekly Support Team reviews.

During the reporting period, twenty-two (22) young adults met the criteria for case reviews:

- Secure Unit: seven (7) young adults received their weekly reviews.
- TRU: eleven (11) young adults received their weekly reviews.
- Second Chance: four (4) young adults received their weekly review.

- 3) The number and percentage of young adults transferred from each PS alternative following a case review**

During the reporting period, three (3) young adults received case reviews that resulted in their transfer:

- Secure Unit: no young adult was transferred as a result of his case review.
- TRU: three (3) young adults were transferred as a result of their case review.
- Second Chance: no young adult was transferred as a result of his case review.

- k. A plan and timeline detailing steps and benchmarks necessary to end punitive segregation for young adults.**

The Department remains dedicated to ending punitive segregation for all young adults. To accomplish that goal, DOC is continuing to examine all housing options in order to determine what the most appropriate strategy is to safely and effectively manage the young adult population as a whole. We anticipate that the vast majority of young adults will continue to be housed in GMDC. Some young adults will be managed in a combination of

other facilities. Currently, the Department is exploring the feasibility of AMKC, GRVC, and OBCC where the needs of young adults requiring separation or movement can be addressed.

The Department has also begun conducting a thorough analysis of the factors contributing to the violence involved within this population. Over the next few months, the Department will evaluate housing units in GMDC to determine which are the most volatile. The units identified will be restarted, carefully balanced, with renovated infrastructure and ample programming. This restart effort will closely mirror the successful efforts to combine physical infrastructure changes, programming, and staff empowerment that have resulted in dramatic changes in GRVC and now AMKC. Additionally, we will utilize this time to assess punitive segregation alternatives – including Second Chance, Transitional Restorative Unit (TRU), Secure Units, and, for now, Enhanced Supervision Housing (ESH) – with the objective of gaining insight into which alternatives and management techniques are most appropriate for different problematic young adults.

We anticipate establishing a more detailed plan after making the necessary adjustments that were afforded to the Department following the last Board meeting.
