

Body Scanners

PRESENTED BY THE DEPARTMENT OF CORRECTION
FOR THE BOARD OF CORRECTION OCTOBER 2019 PUBLIC MEETING

Contraband Surrendered Without Separation Status Placement

- Individuals who surrendered contraband prior to a scan
- Individuals who surrendered contraband immediately following a scan

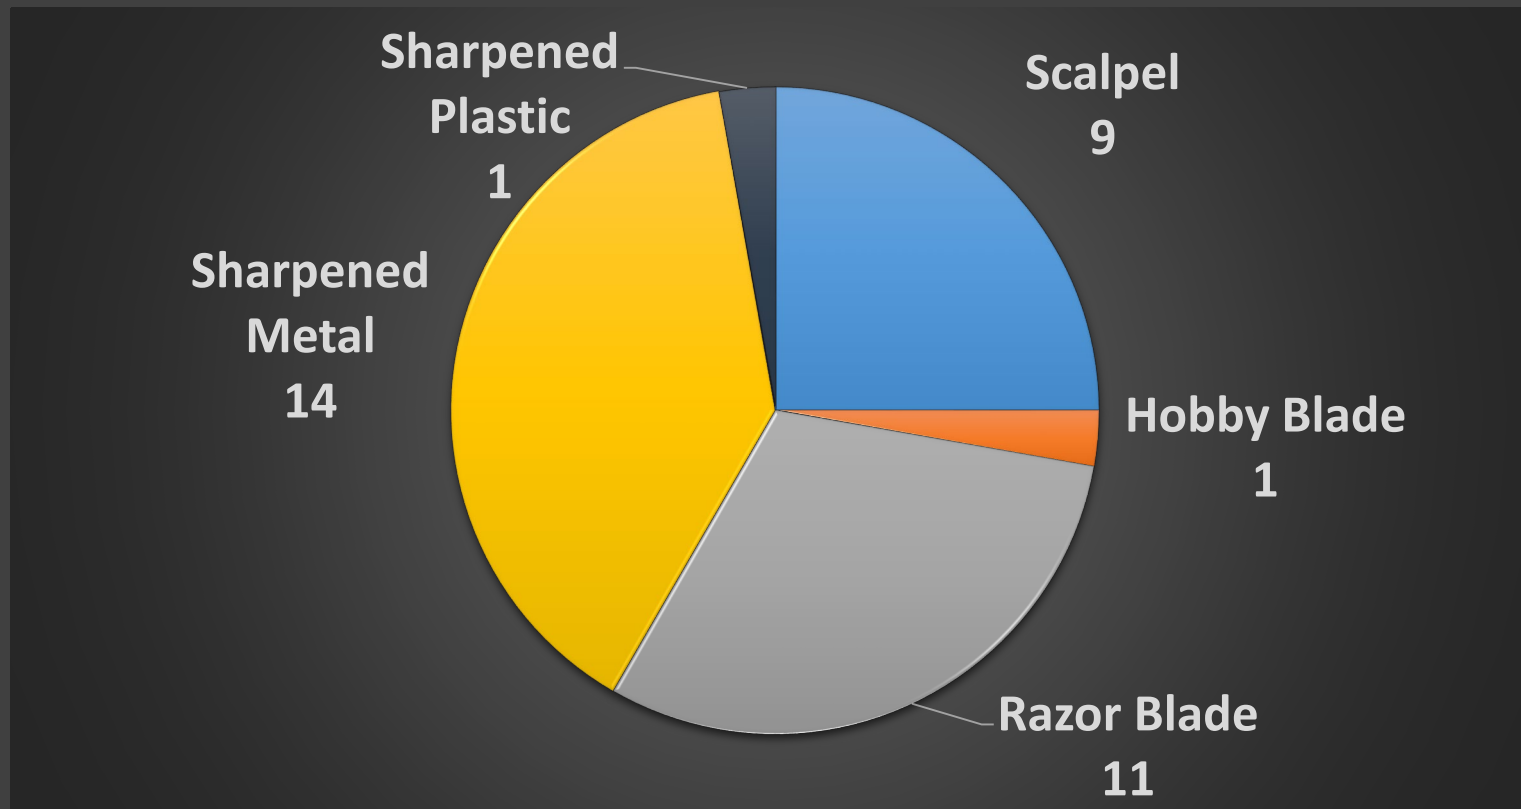

➤ None of these 31 individuals were placed in separation status. These 31 individuals represent nearly 48 percent of all individuals who have had an initial positive scan or who initially refused being scanned

Recovered Contraband

- The 31 individuals who surrendered contraband prior to placement in separation status surrendered a total of 48 contraband items:
 - 15 non-weapon contraband items, including drug contraband, lighters, USB drives, etc.
 - 33 weapon articles, including ceramic scalpels, hobby blades, etc.

Types of Recovered Weapons

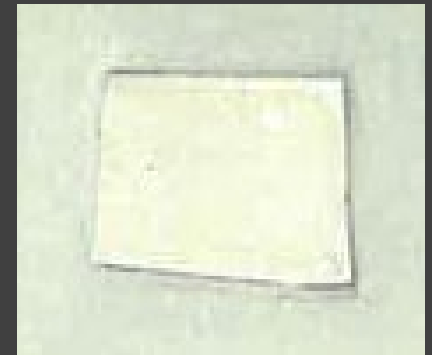

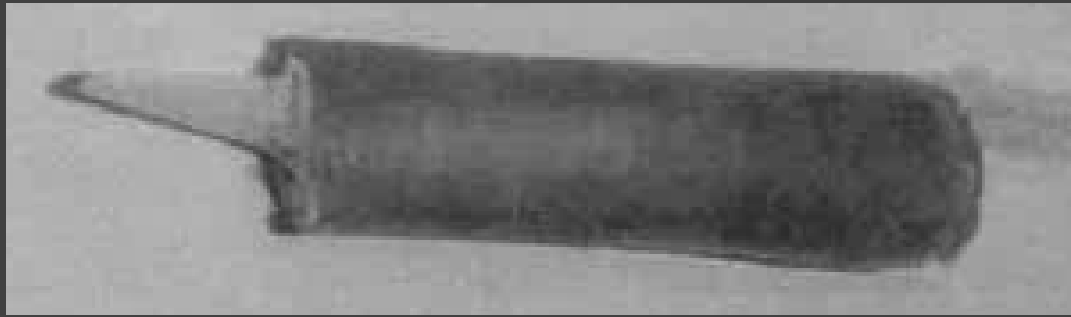

- There are **36 fewer** weapons that can be used in acts of violence or to do harm in Department facilities. Recovering these items reduces the overall risk of serious injury, disfigurement or death.
