c. Overview of commingled programming:

- I. **Internal:** DOC-led programming is designed to provide group facilitation, individualized counseling, and structured leisure time activities promoting critical thinking and positive behavioral change. During the height of the pandemic, the Department revised programming services to include the provision of social services via requests slips and the development of self-guided packages, which has content such as activity packets, interactional journaling, and evidence-based curriculum worksheets, in addition to in-person programming. Beginning in Fall 2020, DOC staff resumed in-person programming.

- II. **External:** DOC partners with seven nonprofit organizations to support incarcerated individuals pre and post release. During the height of the pandemic, the Department worked with providers to implement socially distant programming and have collaborated to develop and distribute curriculum and activity packages, ensure individuals are offered assistance with discharge planning, and provide post-release support to individuals. The Department resumed external programming in late January 2022 following a temporary suspension under the guidance of DOHMH & CHS in December 2021.
