

New York City Department of Correction

Young Adult ESH Compliance Audit – August 2018

Pursuant to the six (6) month limited variance granted by the NYC Board of Correction on May 8, 2018 allowing for the continued use of Enhanced Supervision Housing (ESH) for young adults (18 to 21 years old), the related variance conditions require a monthly audit on compliance with the following provisions of the Board's Minimum Standards:

- § 1-05(b) (Lock-in), specifically, the number of out-of-cell hours per person;
- § 1-08(f) (Access to Courts and Legal Services, including Law Library);
- § 1-06 (Recreation); and
- § 1-02(c)(2) (Classification), specifically, the number of programming hours offered to each young adult and the number of hours each young adult participated in programming.

Audit Parameters

The audit is conducted through a manual review of housing area logbooks and programming attendance data on four (4) random dates each month. The scope of the audit encompasses only those housing units within ESH in which young adults are housed within the audit period. During this audit period, young adults were housed within up to six (6) ESH housing areas.

This audit report covers the following four (4) dates in the month of August 2018:

- August 1st
- August 7th
- August 14th
- August 23rd

Additionally, on-site inspections of the ESH unit kiosks and typewriters were conducted on four (4) random dates:

- August 3rd
- August 10th
- August 17th
- August 24th

§1-05(b) Lock-in

A manual review of housing area logbooks was performed to determine whether seven (7) or fourteen (14) hours of out-of-cell time was afforded to the young adults based on their housing level. This audit report also provides individualized data related to each young adult's out-of-cell time during the reporting period.

§1-08(f) Access to Courts and Legal Services, including Law Library

A manual review of housing area logbooks was conducted to determine whether Law Library services were afforded. In addition to the logbook review, on-site inspections were completed to determine if the kiosks and typewriters located within the various young adult ESH housing areas were operational.

Young Adult ESH Compliance Audit – August 2018

§1-06 – Recreation

A manual review of housing area logbooks was conducted to determine whether one (1) hour of recreation was afforded.

§ 1-02(c)(2) (Classification), Provision of Programming

A manual review of programming attendance data was conducted to determine the number of programming hours offered to each young adult and the number of hours each young adult participated in programming.

Audit Findings

§1-05(b) Lock-in

All young adults in ESH are afforded lock-out based on their housing level: seven (7) hours for Level I and Level II and fourteen (14) hours for Level III. On all four (4) dates, institutional lock-out and lock-in was consistently recorded in the logbook for each of the levels.

Level I

Young adults in Level I are afforded seven (7) hours of out-of-cell time each day. Listed below is individualized data related to each young adult's total out-of-cell time in Level 1, based on a manual review of the logbook, on the dates audited. The out-of-cell time is the hours each day that a young adult chooses to be out of his cell during institutional lock-out periods. The data reflects the young adults present in the unit for institutional lock outs on each audit date.¹

August 1, 2018

There were two (2) young adults in Level 1; their out-of-cell times on this audit date were:

1. 1 hour 15 minutes; young adult refused the majority of afforded out-of-cell time
2. 6 hours 15 minutes

August 7, 2018

There were four (4) young adults in Level 1; their out-of-cell times on this audit date were:

1. 2 hours 50 minutes; young adult refused the majority of afforded out-of-cell time
2. 4 hours 50 minutes
3. 6 hours 15 minutes
4. 4 hours 45 minutes

August 14, 2018

There were five (5) young adults in Level 1; their out-of-cell times on this audit date were:

¹ On any given day, a young adult may be out to court or transferred in or out of the ESH Unit. These young adults may not be included in the out-of-cell time reporting.

August 23, 2018

There were four (4) young adults in Level 1; their out-of-cell times on this audit date were:

1. 8 hours
2. 11 hours
3. 1 hour; young adult refused the majority of afforded out-of-cell time
4. 4 hours 15 minutes

Level II

Young adults in Level II are afforded seven (7) hours of out-of-cell time each day. Listed below is individualized data related to each young adult's total out-of-cell time in Level II, based on a manual review of the logbook, on the audit dates. The out-of-cell time is the hours each day that a young adult chooses to be out of his cell during institutional lock-out periods. The data reflects the young adults present in the unit for institutional lock outs on each audit date.²

August 1, 2018

There were seventeen (17) young adults in Level II; for those present on this audit date, their out-of-cell times were:

1. 7 hours
2. 7 hours

§1-08(f) Access to Courts and Legal Services, including Law Library

Law Library Coordinator

In ESH, there are four (4) Law Library Coordinators assigned to areas in which young adults are housed⁴. A manual review of the housing area logbooks reflected that the Law Library Coordinators were in these areas to provide assistance on all four (4) days audited.⁵ On two (2) of the audit dates, due to a Law Library Coordinator's absence, some housing areas were not provided an afternoon session of law library. On August 1st, two (2) housing areas were not provided an afternoon session of law library and on August 7th, three (3) housing areas were affected. Additionally, on August 14th during one (1) tour, due to inconsistencies between the law library logbook and housing area logbook recordings, it cannot be determined whether the Coordinator was in one (1) of the housing areas during one (1) tour.

Except for the issue noted above, the duration of each Law Library Coordinator's time in ESH areas during the dates audited were in compliance with the provisions of Minimum Standards. On average, based on each Coordinator's schedule, on the dates audited, a Coordinator was available to assist young adults within the housing areas for approximately four (4) hours.

During the reporting period, on the dates audited, Law Library Coordinators provided assistance to one (1) to five (5) young adults per day. On some of the audit dates, it is noted that young adults did not request law library assistance.

Kiosks and Typewriters

During this audit period, young adults were housed within up to six (6) housing areas in ESH. Young adults in ESH are provided with access to a minimum of one (1) kiosk and one (1) typewriter. Some of the kiosks were not operable within some of the housing areas. On August 10th, four (4) of the six (6) young adult housing areas had operational kiosks. On August 17th, three (3) of the six (6) young adult housing areas had operational kiosks. On August 24th, five (5) of the six (6) young adult housing areas had operational kiosks. On the remaining audit

⁴ To facilitate the provision of legal services, within their assigned areas, Law Library Coordinators provide services to all inmates regardless of whether it's during the individual's lock-out period.

⁵ This is evidenced by the Coordinator signing in and out of the logbook on each of the audit dates.

date, August 3rd, all six (6) young adult housing areas had operational kiosks. During the audit period, all available typewriters were operable.

When kiosks or typewriters were not operable within specific housing areas, young adults were provided with access to kiosks and typewriters in closest proximity to their housing area.

§1-06 – Recreation

Institutional recreation was afforded to young adults present in ESH on all four (4) days audited.⁶

§ 1-02(c)(2) (Classification), Provision of Programming⁷

Young adults in ESH are placed in housing units exclusively with other young adults (18 to 21 years old) or in blended units co-mingled with adults (22 years old and older).⁸ Programming is provided to all young adults. In the young adult exclusive housing area within ESH, tablets are utilized in the provision of programming. When young adults collect their tablets, they also have the opportunity to request an additional component of programming during that time. In addition, in the young adult exclusive housing area, on days when support programming staff are present, young adults may request individualized counseling while other programming components are being held. In the blended housing areas, the provision of programming is provided to each tier separately through two programming sessions. Occasionally, the hours of programming afforded may vary by tier within a housing area.

The audit reviewed programming attendance data on each of the four (4) dates to ascertain the number of programming hours offered to each young adult and the number of hours each young adult participated in programming. Program participation hours is based on the number of hours each young adult chooses to participate in programming. The data reflects the young adults present in the housing area during programming on each audit date.⁹

Listed below is the number of programming hours offered based on housing area.

⁶ On three (3) of the four (4) audit dates, logbook entries recorded that some of the young adults were out to court.

⁷ In July 2018, the Department expanded program offerings in two (2) housing areas to include courses and services by a contracted provider. Further programming expansion to additional ESH housing areas is anticipated in the near future.

⁸ Young adults who are eighteen years old are not housed in ESH blended units with adults (22 years old and older.)

⁹ On any given day, a young adult may be out to court or transferred in or out of the ESH Unit. These young adults may not be included in the programming reporting. It is important to note that young adults returning from court during programming hours are offered the opportunity to participate in programming upon their return.

Audit Recommendations

The Department began conducting monthly audits of young adult ESH in January 2018. In the time since, through the audit process issues have been identified and addressed related to the provision of mandated services and programming. During this audit period, issues were identified in regard to the provision of law library services and programming. The below recommendations are provided to facilitate consistent and complete recording across all audit areas.

Lock-in/Lock-out

- To facilitate the accurate and consistent recording of lock-in/lock-out in the ESH “lock-in/out” logbook and individualized data, provide all ESH unit staff with training on proper logbook entry and related procedures.
- Designate unit captains or higher ranking officers with the responsibility of reviewing the ESH “lock-in/out” logbook daily to ensure consistent logbook recording and that the required lock-out time is being afforded. Based on such review, institute corrective action as needed.
- Ensure that lock-in/out logbooks are maintained in the housing areas.

Recreation

- ESH Captains should ensure that all areas are afforded recreation and that it has been properly noted in each housing area logbook.

Law Library Services

- Direct the law library coordinators to sign in and out of the housing area logbooks for all tours.
- To facilitate the maintenance and operation of the kiosks and typewriters in the housing areas, instruct designated facility and law library staff to check on a daily basis that all typewriters and kiosks are operational. When a typewriter or kiosk is identified as in need of repair, facility administration in coordination with the Director of Law Libraries should ensure that repairs are conducted in a timely manner.
 - During this reporting period, as noted herein, on three (3) of the four (4) audit dates, some kiosks were not in operation.

New York City Department of Correction
Young Adult ESH Compliance Audit – August 2018

Programming

- To facilitate complete and consistent recording of both programming hours offered and individualized data related to hours of participation, program counselors and external providers are directed to provide more comprehensive individualized outcomes, by:
 - Verifying on a daily basis which young adults are housed in each ESH blended housing area and updating information accordingly;
 - Recording of program start and end times, by participant;
 - Delineating the reason for participants' absences;

- Designate supervisory staff to review programming attendance documentation and related information to ensure that programming hours and participation is recorded on a daily basis, that deficiencies are corrected in a timely manner and that young adults' program participation is accurately reflected and any programmatic overlap explained.
