a. *Number of housing units with programs: 32*

Currently, Success operates in one housing unit with program counselors (the other house was closed in order to accommodate maintenance issues), I-CAN is operational in 13 units, CUNY Next Steps is in one unit, SCO is in four units, and Rikers Rovers is operational in one housing unit. The program counselors, community partner-led programming, and DOC workforce development programs are provided to an additional 12 housing units, including new admissions, administrative segregation, protective custody, Mental Observation, Second Chance, and the Transitional Restorative Unit.

While DOC initially intended to open a Higher Learning housing area with the thought that there would be several youth who would meet the criteria, the numbers have not proved to be large enough to create a separate housing area. Therefore, youth who have completed their high school diploma or are in possession of their TASC are spread among the population.

b. *Number of young adults enrolled in programs: 368*

While there are currently 368 young adults offered programs at GMDC by placement in a total of 32 housing areas with assigned programming, DOC offers programming to all of its young adult inmates. In addition to housing area-specific programming, young adults also take part in other consistent programming including college coursework, parenting classes, vocational training, music education, and animal-assisted therapy, offered by partners and volunteers such as Manhattan College, Friends of Island Academy, Columbia University, and Rescue Dogs, Rescue Soldiers. The facility has also begun to offer its own ad-hoc programming including enhanced recreation, Xbox- related programming, and talent shows in order to reduce idle time.

Also, on December 19, 2016, DOC opened the Youth Engagement Services (Y.E.S.) center at GMDC, which now houses a new indoor exercise equipment corner with ellipticals, treadmills, and exercise bikes, a movie screening area, an Xbox area, and a music recording studio, which has been operational beginning January 2017.

On June 13, 2016, DOC launched an inside mentoring program where adult inmates are selected and trained to serve as program assistants to all young adult housing areas as part of a new work detail. Mentors are trained in positive youth development principles, basics in anger management and cognitive behavioral interventions, as well as work readiness in order to train the youth that are served in programming.

5. Maintenance and housing area prep

The analysis for “a” through “d” below includes the 18 cell blocks that will remain in the long-term steady state of GMDC.

a. Cameras - # placed and location/# needed and location

- 100% of active housing areas in GMDC have had cameras installed. (The housing areas that do not yet have cameras installed are not currently housing any inmates.)
- Approximately 88% of the ancillary areas have had cameras installed.

b. Locks functioning/not functioning and location

- Locks are functioning in all of the 18 cell blocks; however, some of the cells must be locked manually due to notification lights in the control rooms being non-functional. Repairs of the cell-door panels are pending in 1 housing area and in progress in 1. This issue is resolved in the other 16 cell blocks.

c. Cells doors functioning/not functioning and location

- Similarly to above, while the cell doors are functioning in all 18 cell blocks, repairs are needed in order to allow for the electronic closing of the cell doors. Repairs are pending in 1 of these housing areas and in progress in 1. This issue is resolved in the other 16 cell blocks.

d. Other facility improvements made by location

- Since the last report, 8M sides A and B have completed renovations and painting and are now occupied.
