

Young Adult Housing Monthly Progress Report September 2018

Important Note Regarding This Month's Report:

The format of the Young Adult Housing Monthly Report was updated to include metrics requested by the Board of Correction that reflect the current status of young adult housing within the Department of Correction. Following the closure of GMDC, young adults in Department custody were rehoused in various facilities across the Department based on housing and programming space availability. This report reflects a critical period of transition, as the Department continues its efforts to provide productive housing placements and beneficial programming to every young adult in its custody.

b. Overview of comingled programming:

- **Internal:** DOC-led programming designed to provide group facilitation, individualized counseling and structured leisure time activities promoting critical thinking and positive behavioral change.
- **External:** DOC partners with seven nonprofit organizations to support incarcerated individuals pre and post release. During incarceration, DOC partners run classes on topics such as anger management, parenting, relapse prevention, and job readiness. They also offer vocational training to expand participant’s employment opportunities, including industry-recognized certificates in the construction and food industries. After release, they provide assistance with job placement, paid internships, housing, treatment referrals and other services.
