

Young Adult Housing Monthly Progress Report
August 2018

Important Note Regarding This Month's Report:

The format of the Young Adult Housing Monthly Report was updated to include metrics requested by the Board of Correction that reflect the current status of young adult housing within the Department of Correction. Following the closure of GMDC, young adults in Department custody were rehoused in various facilities across the Department based on housing and programming space availability. This report reflects a critical period of transition, as the Department continues its efforts to provide productive housing placements and beneficial programming to every young adult in its custody.
