Secure Unit Compliance Audit – November 2020

Pursuant to the six (6) month limited variance granted by the NYC Board of Correction on November 10, 2020, allowing for the continued use of the Secure Unit for young adults (18 to 21 years old), the related variance conditions require the NYC Department of Correction (“Department”) to conduct a monthly audit on compliance with the following provisions of the Board’s Minimum Standards and with educational services:

- § 1-05(b) (Lock-in), specifically, the number of out of cell hours per young adult;
- § 1-08(f) (Access to Courts and Legal Services, including Law Library);
- § 1-06 (Recreation);
- § 1-02(c)(2) (Classification), specifically, the number of programming hours offered to each young adult and the number of hours each young adult participated in programming; and
- Education services, specifically the number of young adults brought to school and, for each young adult, the time each young adult was brought to school and the time each young adult was taken out of school.

Audit Parameters

As set forth in the Department’s June 9, 2017 compliance plan to the Board, the audit is conducted through a manual review of the housing area logbooks on four (4) randomly selected dates each month.

This audit report covers the following four (4) dates in the month of November 2020:

- November 3
- November 12
- November 17
- November 24

In addition, on-site inspections of the Secure Unit’s kiosks and typewriters were conducted on four (4) randomly selected dates, listed below.

§1-05(b) Lock-in

A manual review of housing area logbooks was performed to determine whether ten (10), twelve (12), and fourteen (14) hours of out-of-cell times were afforded to young adults based on their assigned phase. In addition, pursuant to the Secure Unit variance granted by the Board on November 10, 2020, and associated variance conditions, this audit report provides individualized data related to each young adult’s out-of-cell time during the reporting period.

§1-08(f) Access to Courts and Legal Services, including Law Library

Manual reviews of the housing area logbook, Program and Services Logbook, and Law Library Logbook were conducted to determine whether Law Library services were afforded. In addition to the above logbook reviews, on-site inspections were conducted to determine if the four (4) kiosks and four (4) typewriters located in the unit were operational.

November on-site inspections of kiosks and typewriters were:

§ 1-02(c) (2) (Classification), Provision of Programming

A manual review of programming attendance data was conducted to determine the number of programming hours offered to each young adult and the number of hours each young adult participated in programming.

Education

A manual review of education attendance data was conducted to determine the number of young adults brought to school and, for each young adult, the time each young adult was brought to school and the time each young adult was taken out of school.

Audit Findings

§1-05(b) Lock-in

Based on the housing area logbook, the lock-in/lock-out times were either not consistently recorded, or were recorded late due to delays in scheduled lock-outs, for Phases 1, 2 and 3 in which young adults were housed within the unit on three (3) of the (4) four audit dates – November 3, 17 and 24, 2020. On November 3, 2020, due to a facility alarm, the 8:00 a.m. scheduled lock-out was delayed until 9:00 a.m. This delay was recorded in the housing area logbook. Also, on this audit date, young adults in Phases 1, 2 and 3 were not afforded lock-out options in the afternoon and evening hours, due to staff shortages, which was recorded in the housing area logbook. On November 24, 2020, due to a facility alarm recorded in the housing area logbook within the Secure Unit, the 4:00 p.m. scheduled lock-out was delayed and did not occur until 5:00 p.m. For the audit date of November 12, 2020, all lock-in and lock-out times were recorded for Phases 1, 2, and 3.

The Lock-in/Lock-out Tracking Logbook captures individualized data on an hourly basis related to each young adult's time in and out of his cell. On any given day, a young adult may be out to court or transferred in or out of the Secure Unit. Depending on the length of time these young adults are in the housing unit, they may not be included in the out-of-cell time reporting.

Phase 1

Young adults in Phase 1 are afforded ten (10) hours out of cell time each day. Listed below is individualized data related to each young adult's total out of cell time in Phase 1, based on a manual review of the Lock-in/Lock-out Tracking Logbook, for the dates audited. The out of cell time is the hours each day that a young adult chooses to be out of his cell during institutional lock-out periods. The data reflects the young adults present in the unit for institutional lock-outs on each audit date.

Audit Recommendations

Recommendations for the Secure Unit Audit Report are reported quarterly rather than monthly per an agreement with the Board of Correction. The Secure Unit Audit Report covering the month of August 2020 was the last Secure Unit Audit Report which indicated recommendations. A quarterly period has transpired since that last audit report with recommendations, and recommendations are therefore included in this audit report.

The following recommendations were indicated in the Secure Unit Audit Report covering the month of August 2020. The status of the Department's efforts to implement each of the recommendations listed below is indicated after each recommendation:

Recreation

- Designated supervisory staff should regularly review the Mandated Recreation Services Logbook and the housing area logbook to determine whether custody staff have recorded all required information, particularly the recreation commencement times and completion times. When deficiencies are identified, the designated supervisory staff person shall counsel the relevant custody staff person and instruct him or her to record all required information.

Status of implementation: The facility issued Memorandum 049/20, entitled Mandated Services Logbook-Recreation/Secure Unit (11B) which requires:

- Staff shall include the times in the Mandated Services Logbook that recreation commenced and completed.
- Staff shall record the following in the housing area logbook: the names of each young adult that participated in recreation, the times that recreation commenced and was completed, and/or was refused by a young adult.
- Supervisory staff shall regularly review the Mandated Services Logbook and the housing area logbook to determine whether staff have accurately recorded all required information pertaining to recreation.

Law Library

- Law Library services were not afforded on August 13, 21, and 25, 2020. The Director of Law Libraries, in conjunction with the facility administration, should ensure that designated staff are scheduled to provide Law Library services to young adults in the Secure Unit. In the case of staff absences, the Director of Law Libraries should assign other staff to provide Law Library coverage.

Status of implementation: The Director of Law Libraries reported that, according to the BOC Minimum Standards, "Legal coordinator coverage shall be provided during the *extended* absences of the regularly assigned Legal Coordinator(s)." (Emphasis added.) The Director further stated that Law Library Coordinator

When deficiencies are identified, the designated supervisory staff person shall counsel the relevant custody staff person and instruct him or her to record all required information.
- The area supervisor shall review the housing area logbook on each tour, to determine whether all staff are consistently documenting the Phase 1, 2, and 3 lock-in and lock-out times for all inmates.
