# FY2024 CD Priorities Form

## **Begin Your Submission**

### **Using This Form**

This online form provides you with a consolidated framework to describe both your district's prioritized needs and requests for funding from City agencies.

**Navigating:** Use the navigation panel to the left of the page to navigate between pages and policy areas, or navigate between pages by clicking "Back" or "Next" at the bottom of each page. You can only use "Next" when all required fields (marked with: \*) on a page are completed. Use the navigation panel if you have not completed filling out the page but you want to move to a different page.

**Autosave:** Autosave is enabled and activated when users enter a text box or make changes to selections. We strongly encourage you to periodically click on the "Save" icon at the bottom of each page. If you are idle for more than 10 minutes, a notification will appear for you to resume working or log-off.

**Print:** To share and review your progress, select the "Print" icon above. Printing will generate a draft report that allows users to select fields they want to download into a PDF. Select specific sections, information, and narratives you would like to download into a PDF.

For a detailed walk through of how to navigate and complete the online submission form, view the Community District Priorities Website User Manual and additional resources listed below.

## **Needs and Budget Requests**

[\*\*FY 2023 Budget Requests Guide \(Linked\)\*\*](#)

Your Statements of CD Needs describe the current conditions and evolving future needs of your district, providing agencies, and other key stakeholders, unique local perspective when considering your community board's budget priorities during planning, outreach and decision making.

Please describe your district needs within the separate policy areas listed below and found in the left navigation panels. Within each policy area, you can identify agency specific needs, as well as add budget requests that align with each of the related needs.

The budget requests guide linked above provides you with an overview of all potential budget requests community boards can make to the City through the online submission form. The budget requests contained in the guide can be found within their corresponding policy area, included in the "Needs and Budget Requests" section.

If you believe a request for a particular agency is missing within the form drop down menus, please contact us for support. For offices or departments that are not contained within a specific policy area, such as the Taxi and Limousine Commission or the Mayor’s Office of Media and Entertainment, please consider utilizing the “Other Agencies and Needs” section.

**Policy Areas and Relevant Agencies**

<b>Policy Area</b>	<b>Responsible Agencies</b>

**District Overview and Most Pressing Issues****Community District Overview and Narrative**

The Community District Overview section should be used to summarize the unique characteristics, prevailing trends and associated needs of your community district this year.

**Your District Overview is an opportunity to highlight both significant changes, and persistent challenges facing your district over the last year, including prevailing trends and associated needs related to COVID-19. You may consider incorporating some or all of the following in your narrative:**

- Overall, what are the greatest challenges facing your district and how have they changed since your last submission?
- Is your district growing or shrinking?
- Are there demographic shifts in certain population groups (e.g., more school-aged children or more seniors)?
- What are the current land use and/or development trends (e.g., housing, businesses, community facilities)?
- Did the pandemic highlight particular vulnerabilities of the underlying infrastructure, or city services within your community?
- What have been the most significant 'on the ground' changes within your District?
- How did the City's COVID-19 response affect your district?
- What programs or services are most essential for your district to continue recovery and move forward from challenges brought on by COVID-19?

**Below is a list of general guidelines to ensure your narrative is complete:**

- District overviews and narratives typically range from three to five paragraphs, about 500 to 1,500 words
- Reference relevant research, citing figures and current or most recent available data.
- Avoid using abbreviations or acronyms and spell out or define references to specific programs, neighborhoods, and projects within the narrative
- Specific locations (if applicable) should be clearly defined and stated within the narrative
- Be sure to review and edit your submissions, entries will appear in the report as submitted

Bronx Community Board #10 is one of the largest geographic Community Board Districts in the borough of The Bronx. The Board serves the communities of Pelham Bay, City Island, Country Club, Throggs Neck, Co-op City, Westchester Square and Zerega. It features one of the most diverse housing categories in the City. It primarily consists of 1-3 family homes. However, it is home to the largest housing cooperative in New York State in Co-op City and is home to a sizable public housing stock in that of Middletown Plaza, Throggs Neck Houses and Randall-Balcom Houses. Bronx Community Board #10 is a district surrounded by the following water bodies: Eastchester Bay, Long Island Sound and the East River. These bodies of water highlight the need for storm resiliency measures that will protect our communities from tidal surges that are expected to come from major storms. As proper stewards for the Board's service areas, we at Bronx CB #10 took it upon ourselves to conduct an examination of the

Board's storm surge defenses. The research yielded recommendations such as earth berms, rock jetties and sea walls control coastal flooding from the storms. The Board further felt that the storm sewers should be examined district-wide as well. High functioning and adequately sized sewers are needed for the water to drain off. The Board is interested in seeing DEP and DOT develop joint projects for these purposes. Bronx Community Board #10 is experiencing population growth in nearly all of its neighborhoods. It is crucial that the City continue to renovate our parks, increase recreational programming for children and seniors, increase school seats, refurbish and maintain our roads and sidewalks, further commit to the livelihood of our small businesses through business improvement district formation and repair our public housing stock so that our most vulnerable are protected. With population growth comes further strains on our public resources such as mass transit. Bronx Community Board #10 residents experience one of the longest subway rides to Manhattan according to New York University. With this in mind, it is crucial for the City of New York to study ways to take advantage of our largely unused waterways for possible ferry service and to find ways to expand bus service throughout all of Co-op City and City Island. Bronx Community Board #10 stands ready to support measures that will go toward enhancing the quality-of-life our residents. The City should take the ensuing priorities as the start of a much larger endeavor to plan the future of Bronx Community Board #10 in a way that enhances quality-of-life and ensures that the Board's service areas are seeing the resources it needs.

### Top 3 Most Pressing Issues Overall

**Please indicate the three most pressing issues facing your district and provide a narrative for each issue detailing the needs within your district.**

Consider the following general guidelines to ensure your narrative is complete:

- Narratives for each issue typically range from one to three paragraphs, about 250 to 1,000 words
- Check to ensure your narratives refer to the issue selected
- Within each narrative, explain the issue and/or what is lacking in the district, and advocate for what is needed to address the issue
- Reference research and figures and be sure to use current or the most recent available data
- Avoid using abbreviations or acronyms and spell out or define references to specific programs, neighborhoods, and projects within each narrative
- Specific locations (if applicable) should be clearly defined and stated within each narrative
- Be sure to review and edit your submissions, entries will appear in the report as submitted

What are the three most pressing issues facing your district? Please select three.

#### **Quality of life issues (noise, graffiti, petty crime, etc.)**

Bronx Community Board #10 chose quality-of-life, resiliency measures and transit as its three most pressing needs. However, senior services, recreational and cultural programming at our parks, cleanliness along our corridors, thriving schools, traffic mitigation and an increased focus on quality-of-life enforcement are issues that many of our residents want the City to continue to focus on going forward. According to the City's Department of City Planning, many of Board #10's residents are aging in place. We ask that the City provide the Board Service Area with more resources through the Department for the Aging for our seniors. Bronx Community Board #10 is home to the largest park in the City of New York. The need for more Parks Enforcement Officers is an annual request. Additionally, Pelham Bay Park needs more staffing to protect its unique horticulture. According to the City's

Department of City Planning, Bronx Community Board #10 has one of the higher car-usage rates. We ask that the City (and the State of New York) assist us with extensive traffic mitigation and further resources for the repair and maintenance of our subways as well as examine the feasibility of transit alternatives along our waterfronts. Bronx Community Board #10 is seeing an increase in residential and commercial development. Neighborhood context and identity are items we will discuss with City Planning to ensure that zoning protects our neighborhoods' character. Bronx Community Board #10 is serviced by the 45th Precinct. Because the Board Service Area is bounded by highways, we ask that the City enforce quality-of-life concerns so that our communities are not victims to grand larceny and petty crimes. The 45th Precinct officers are detailed annually to other areas of the borough. Bronx Community Board #10 continues to request that the City provide the Board Service Area with adequate policing resources at all times as the safety of our communities is our top priority. Lastly, Bronx Community Board #10 streets and roadways are constantly flooding during rainstorms. A storm such as Hurricane Sandy will only make matters worse. We ask that the City's Department of Environmental Protection contact the Board to begin studying areas where flooding is constant. Resiliency measures are needed throughout our waterfront communities.

**Traffic**

As aforementioned, Community Board #10 remains near the top of community districts in terms of automobile usage and ownership. Traffic congestion has worsened. Roadway maintenance is needed annually. Further traffic controls are needed at specific intersections and along corridors such as Layton Avenue and along Harding Avenue.

**Trash removal & cleanliness**

Community Board #10's population is increasing. We ask that the City of New York initiate a study of our district to ensure we are receiving adequate sanitation resources. Historically, Community Board #10 has ranked near the top in cleanliness in the Bronx. However, our district office has seen an increase in illegal dumping and over-flowing litter basket complaints. Along our highway service roads, illegal dumping is a daily occurrence. It behooves the City of New York to be able to receive video complaints of perpetrators committing this action.

**Health Care and Human Services****Most Important Issue: Health Care and Human Services****Please identify the most important Health Care and Human Services issue your district is facing.**

Under your selection please explain why this issue more important than other Health Care and Human Services issues in your district. Please limit your explanation to about 500 words (3,000 characters).

Consider the following general guidelines to ensure your narrative is complete:

- Check to ensure responses refer to the issue selected
- Within each need narrative, explain the need and/or what is lacking in the district and advocate for what is needed to address the issue
- Reference research and figures and be sure to use current or the most recent available data
- Avoid using abbreviations or acronyms and spell out or define references to specific programs, neighborhoods, and projects within each statement
- Specific locations (if applicable) should be clearly defined and stated within each narrative
- Be sure to review and edit your submissions, entries will appear in the report as submitted

Most Important Issue:

**Other**

There are many transportation and mobility concerns in Community Board #10. Highway and local street congestion is worsening. Other than Pelham Bay Station, not a single NYCT train stop has an elevator for the mobility-impaired community to use. The Westchester Square station is an ideal location for elevator service from the MTA NYCT.

**Needs for Health Care and Facilities**

Our Board is served by the Jack D. Weiler Hospital of Montefiore Medical Center and its medical school, the Albert Einstein College of Medicine. We are also served by Jacobi Hospital of NYC Health and Hospitals (NYC H+H). The two hospitals are in close proximity to each other. By contract and custom, the medical school provides physicians to Jacobi Hospital. Both have busy emergency rooms that are used by many residents of our borough. To counteract this, we ask that the City, through the NYC H+H, develop an educational campaign as to the use and drawbacks of emergency service care and when an alternative, such as an urgent care, may be better suited for them.

**Needs for Older NYs**

According to City Planning, Bronx Community Board #10's is home too a high senior citizen population. Co-op City is a Naturally Occurring Retirement Community, or NORC. With this in mind, Bronx Community Board #10 asks that the City, through DFTA and its corresponding senior centers, invest in more case management, educational activities, trips and health promotion for our seniors.

**Needs for Homeless**

Bronx Community Board #10 is located in the northeast Bronx. Its business services are concentrated in several commercial areas: E. Tremont Avenue, Crosby Avenue, Westchester Square, Bartow Avenue and City Island Avenue. DHS placed a shelter for 95 women and children in a former hotel, on the outskirts of our Board area. It has no laundry facilities on site, so the women must take two buses to reach the nearest laundry mat. There are no cooking facilities (microwaves in the rooms) flouting the requirements of the Comptroller's Memorandum governing Emergency Contracts that states such facilities must be located in rooms where women with children or pregnant women are domiciled. There is anecdotal evidence from the community at large, that the meals offered to the clients at the shelter are unappetizing and that they are often discarded. One of the contractual goals of the shelter operators is to provide the clients with opportunities for job training, employment and enhanced social services. Bronx Community Board #10 is home to three City of New York-operated shelters. We ask that the City bear in mind that under the Fair Share Criteria, Bronx Community Board #10 has met its requirement.

**Needs for Low Income NYs**

Many CB #10 residents apply for and receive SNAP Benefits. According to City Planning's Community District Profile, CB #10's unemployment is higher than the City's average while roughly 20% of our residents are seniors. Simply put, SNAP benefits are a lifeline for many residents and we ask that the City to enhance this resource with additional funding. The City of New York should study the feasibility of having a SNAP Center in the confines of CB #10 so that our seniors and low-income families do not have to travel to other parts of the borough.

We request that the NYC DOT initiate a study of the Westchester Avenue corridor.

**Needs for Youth Education**

Literacy rates fell during the pandemic. All of our public schools should be equipped with a library and librarian. We ask that the Department of Education find space immediately to accommodate a library within our classrooms.

**Needs for Public Safety**

The entirety of the 45th Precinct is surrounded by highways. We ask that the City give the 45th Precinct its own drug module and continue to enforce quality-of-life issues such as noise. Additionally, we thank the NYPD for establishing the Neighborhood Coordination Officers program this calendar year. However, the creation of a separate NCO program for City Island and Co-op City behooves the NYPD.

**Needs for Emergency Services**

Emergency services are crucial components to the livelihood of a community. We ask that the FDNY, along with the NYPD, report to the Board in writing that any location service apparatus being used is accurate. For example, the community of Edgewater Park is often misidentified. The City should work with the Board immediately on this issue.

**Core Infrastructure, City Services and Resiliency****Most Important Issue: Core Infrastructure, City Services and Resiliency****Please identify the most important Core Infrastructure and City Services issue your district is facing.**

### **Needs for Water, Sewers, and Environmental Protection**

Bronx Community Board #10 would like to see a joint DEP/DOT program to survey our areas and install storm breaks like earthen berms and sea walls. If a major hurricane type storm were to hit our Board, we would experience storm surges that would deposit massive amounts of water on land causing massive damage and flooding that would result in stagnant pools of water that will take days to drain, because the sewers are inadequate to meet the increased demands of drainage. Neighborhoods like City Island would experience flooding on streets like Tier, Bay, Fordham, Hawkins, Carroll, Centre, Winter, Early, Pell, Reynolds, Pilot, Marine, Buckley, Horton, Schofield, Rochelle, Beach, Kilroe, Sutherland and Terrace Streets; King Avenue and Fordham Place are inadequately protected. In Edgewater Park, which has a sea wall, 1st, 2nd and 4th Avenue, Pennyfield Avenue and Soundview Drive are vulnerable; Silver Beach, which also has a sea wall, is also prone to flooding. Acorn, Beach, Ceder, Daisy, Elm, Fern, Geranium, and Hazel Streets, Ivy, Jasmine, Edgar, Dare, Casler, Bevy, Alan, Schuyler Places, Indian Terrace, and the campus of SUNY Maritime College, are all prone to flooding. Within Locust Point, Locust Point Avenue, Tierney Place, Longstreet Avenue and Hatting Avenue, the Hammond Cove and Locust Point Marina area, and Calhoun and Schurz Avenues in Throggs Neck will be badly affected, as well as Clarence and Randall Avenues and Country Club. The end of Lafayette Avenue in Ferry Point and all of Ferry Point Park will be flooded. The Board would like to see that both agencies develop a plan to stop the storm water surges and to provide a sewer system that will be able to handle them.

### **Needs for Sanitation Services**

Bronx Community Board #10 enjoys one of the highest rates of recycling in the City. Co-op City, the largest housing cooperative in the State recycles and processes its own waste and we are still limited to one day a week pick up. For several years, the Board has been requesting an additional day for pickup. We believe that we have proven our commitment to the City's recycling goals and therefore, request another day.

### **Housing, Economic Development and Land Use**

**Most Important Issue: Housing, Economic Development and Land Use**

**Please identify the most important Housing, Economic Development and Land Use issue your district is facing.**

Most Important Issue:

**Workforce development (including MWBE opportunities)**

**Needs for Land Use**

All of CB #10 is in a Lower Growth Management Area. However, we are finding that in R7-1 districts, parking is waived in certain cases when the lot size is too narrow. With the growth in basement apartments, parking is further limited. Strengthening parking requirements is a solution to the multi story buildings that are replacing formerly one and two-family homes. Bronx Community Board #10 asks that the City Planning Department conduct a neighborhood study to assess development trends, strengthening parking requirements and current transportation services.

**Needs for Housing**

We ask that the City of New York remove any and all lead in the Throggs Neck Houses apartments. We ask that the City provide adequate heat and hot water through the winter months. Bronx Community Board #10 received complaints on both matters. We stand ready to assist in identifying residents that are in danger and how the City can improve their living space in an expeditious manner.

**Needs for Economic Development**

We request that the NYC DOT initiate a study of the Westchester Avenue corridor.

**Needs for Traffic and Transportation Infrastructure**

The Board seeks several capital reconstruction projects and light surveys.

**Needs for Transit Services**

Because of a lack of subway network, bus service is crucial to Bronx Community Board #10. In years past, we have requested expanded service in Co-op City and City Island and a long East Tremont Avenue via the BX 40 and BX 42 routes. Bus service, according to many media outlets and think tanks, has slowed in New York City while ridership has decreased. It is crucial we look toward ways to improve bus service and expand in areas where there is no NYCT footprint.

**Parks, Cultural and other Community Facilities****Most Important Issue: Parks, Cultural and other Community Facilities**

Most Important Issue:

**Quality of parks and park facilities**

The NYC Parks Department is grossly underfunded. Bronx Community Board #10 wishes to see area parks repaired and updated. Enhancing the experience at our parks goes a long way toward fostering community development and improving our quality-of-life. Pelham Bay Park is the largest park in New York City. Bronx Community Board #10 requests that the city hire the appropriate amount of staffing in its horticulture unit at Pelham Bay Park, fully invest in the Orchard Beach Pavilion and Bath House. In addition, we ask that the City fully fund the tree and sidewalks program and enhance funding for tree pruning.

**Needs for Parks**

Community Board #10 has several playgrounds and parks in desperate need of renovation. We ask that the Parks Department provide cost estimates for each park listed in this statement.

**Needs for Cultural Services**

No comments

**Needs for Library Services**

The Westchester Square Library is scheduled for a new building. It is an innovative design that the Board supports and the community welcomes. Funding is in place and the Board looks forward to its construction. The Board expects that the library will be a state of the art facility that will offer innovative and popular programs. The Board is home to several other fine libraries and we have always advocated for their funding. It is hoped that they will receive the needed resources to carry on its great work.
