District Overview

Narrative	<p>Bronx Community Board #10 is one of the largest geographic Community Board Districts in the Borough. The Board serves the communities of Pelham Bay, City Island, Country Club, Throggs Neck, Co-op City, Westchester Square and Zerega. It features one of the most diverse housing categories in the City, it primarily consists of well maintained 1-3 family homes situated on tree shaded streets, yet it is also home to the largest housing cooperative in New York State, Co-op City.</p> <p>Bronx Community Board #10 is a District surrounded by the following water bodies: Eastchester Bay, Long Island Sound and the East River. One of its most pressing needs is the implementation of storm resiliency strategies that will protect the Board from tidal surges that are expected to come from major storms, such as Hurricane Sandy. Our Board experienced significant damage during this storm event. With the exception of the Edgewater Park community, the Mayor's SIRR report ignored the bulk of the Community Board. As proper stewards for the Board's service areas, we at Bronx CB #10 took it upon ourselves to conduct an examination of the Board's storm surge defenses. We were ably assisted in this effort by the Bronx Borough President's Office and the Fund for the City of New York, who provided us with an Urban Fellow, who was a graduate student at Pratt Institute, to conduct a comprehensive survey of our shoreline communities and to determine the type of defenses against storm surges that are needed. The research yielded the following recommendations: that earth berms, rock jetties and sea walls were the best methods to control coastal flooding from the storms. The Board further felt that the storm sewers should be examined, as well. High functioning and adequately sized sewers are needed for the water to drain off. The Board is interested in seeing DEP and DOT develop joint projects for these purposes.</p>
-----------	---

District Overview

Three Most Important Issues	Flooding Parks The 45th Precinct station house is old and requires replacement. See statement below.
-----------------------------	--

Commentary why these three were chosen as top issues

Bronx Community Board #10 is a water bound Board service area, and as such, it is prone to storm surge flooding. It is our Board's hope that the New York City Departments of Environmental Protection and Transportation will develop joint projects to assist our shoreline communities during and after a major storm event.

The 45th Precinct lost its drug module (specialized unit). The drug trade in Bronx Community Board #10 is different because all of the points of sale in our Board, are associated with cars. The Board sits at the confluence of the Bruckner Expressway, the New England Thruway and the Cross Bronx Expressway. Drug dealers and buyers through the use of the internet and non traceable cell phones, conduct their illicit activities on our Board's streets and escape to the highway system. The Precinct had its module combined with the 43rd Precinct. The Board believes the 45th Precinct requires its own module, and if it had to be shared, it should be with the 49th Precinct.

The 45th Precinct station house at 2877 Barkley Avenue was built in the mid twentieth century and houses a police department that has to perform 21st century duties. All of its offices, its lockers and restrooms, its duty room, holding facilities and public areas require complete renovation. The Board understands that the NYPD has committed to a program to upgrade this facility. However, the upgrade does not address the parking issue for the Precinct. The official cars, visiting cars from other Precincts or jurisdictions, plus the officers' personal vehicles are forced to park in the streets surrounding the Precinct. This situation has caused the residents of the surrounding community to lose street parking. A possible solution to this problem lies in the acquisition of the former Mandee's Store, located at 3860 E. Tremont Avenue, this is a modern linear building with a basement and a parking lot. The Board feels that it would be more cost effective to move into this building, which has a parking lot, rather than renovating the old precinct.

Pelham Bay Park is located within Bronx Community Board #10. It features a beautiful shoreline and Orchard Beach. This Park and Ferry Point Park are bounded by water. Here again protection from storm surges are needed. All of the parks in the Board require enhanced Parks Enforcement Officers.

Health Care and Human Services

First Name	Kenneth
Last Name	Kearns
Community Board Position	Bronx CB #10
Phone Number	718-892-1161
Email	BX10@cb.nyc.gov

Health Care and Human Services

Health Care and Human Services Most Important Issue	Environmental health issues
Most Important Issue Explanation	Our Board sits at the confluence of three major highways, the New England Thruway, the Bruckner Expressway and the Cross Bronx Expressway. These roads carry the bulk of motor freight from the entire country through our Board's environs. miles of trucks, cars and buses often sit in traffic jams spewing pollutants into the air and making noise. The Bronx, including the northeast Bronx has one the highest incidences of respiratory disease in the City. The Board would like the City to explore alternatives to truck usage and work with organizations like the Port Authority of NY and NJ on rail and water alternatives. It is hoped that the NYC DOH and MH can be of assistance in initiating an air pollution assessment model.

Health Care Facilities and Programming

Health Care Needs and Budget Requests	Yes
---------------------------------------	-----

Health Care and Facilities Programming -- Needs and Requests

<p>High level comments or background information</p>	<p>Our Board is served by the Jack D. Weiler Hospital of Montefiore Medical Center and its medical school, the Albert Einstein College of Medicine. We are also served by Jacobi Hospital of NYC HHC. The two hospitals are in close proximity to each other. By contract and custom, the medical school provides physicians to Jacobi Hospital. Both have very busy emergency rooms, where patients can be kept waiting for assistance for protracted periods of time. Our Community Board has seen the emergence of free standing and unaffiliated Urgent Care sites and government funded health care centers operated by non-profits. Perhaps, a coordinated public service campaign could be established with the administrative and financial assistance of NYC DOH and MH and HHC to develop and disseminate educational materials on when it is appropriate to use an emergency room and when it is not. This type of program will cut down on the non essential visits to the emergency rooms, allowing them to function at higher levels. Additionally, an effort should be made to include the free standing Urgent Care and non profit health facilities into the networks of these hospitals. If this were to take place, there would be a greatly expanded pool of services for patients.</p>
<p>Attachments</p>	
<p>Provide a new or expanded health care facility</p>	
<p>Need</p>	<p>Health care facilities</p>
<p>Request</p>	<p>Provide a new or expanded health care facility</p>
<p>Agency</p>	<p>Health and Hospitals Corporation</p>
<p>Budget Category</p>	<p>Capital</p>
<p>Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i></p>	<p>Consider establishing an inventory of services offered by the Jack D. Weiler Hospital of Montefiore Hospital and Medical Center, and Jacobi Hospital. Both offer similar patient services. Assess each one for their relative strengths and create a system where one hospital is able to offer a service that the other does not. Any patient requiring that service could be referred to the hospital that offers it. This would eliminate duplicative services and long waits.</p>
<p>Does this request relate to a specific site?</p>	<p>Yes, this request is for an area in our community district or multiple specific sites</p>
<p>Renovate or upgrade an existing health care facility</p>

<p>Agency</p>	<p>Department of Health and Mental Hygiene</p>
<p>Budget Category</p>	<p>Expense</p>

<p>Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i></p>	<p>Bronx Community Board #10 is medically well served. However, we still encounter situations where obesity, heart disease and diabetes surface in every area of our Community Board. Our Board has embarked upon a series of healthy walk challenges and have sponsored two walks in the community. We have been supported in these endeavors by HHC (Jacobi Hospital) and Montefiore Hospital. The Board would like to see an expanded City presence at these events and looks to NYC DOH and MH to be of assistance in this area. For instance, they could provide copies of the many educational materials produced by the agency, and have a high ranking agency official accompany us on a walk, and alert agency employees in the area and invite them to participate.</p>

------------------------	----------------

<p>Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i></p>	<p>Many of the communities in our Board service area are surrounded by water. The mosquito population is generally high. When spraying takes place, it is usually in the marshland areas around Pelham Bay Park and that only occurs when there is evidence of an infestation We in Community Board #10 would like to see the NYC DOH and MH take a more proactive view of the situation and treat the shoreline communities of Edgewater Park, Silver Beach, Co-op City, City Island, Throggs Neck and Ferrypoint, as a matter of course, whenever the West Nile Virus season occurs.</p>

------------------------	----------------

<p>Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i></p>	<p>As property developers move forward with construction projects in the areas north of our Community Board in Westchester County, entire habitats for animals are destroyed. This forces the animal population of deer, skunk, possum, raccoon and coyote to move toward the safer and food plentiful environments of the northeast Bronx. Throughout every neighborhood in our Community Board, we have received reports of animals foraging and making homes in parks and people's backyards. There is no City program to deal with this situation. Our Board believes that NYC DOH and MH should partner with known humane organizations to develop a capture and release program, to move the animals to more suitable environments, when they are encountered in human population centers.</p>

Facilities and Programming for Older New Yorkers

Senior Services Needs and Budget Requests	Yes
---	-----

Facilities and Programming for Older New Yorkers -- Needs and Requests

High level comments or background information	Bronx Community Board #10 has many senior centers and a meals on wheels program. We are concerned that those centers are located in safe ad clean environments, and that the equipment (food service, phones, computers) within them are functioning. We are also concerned that the Meals on Wheels programs in the Board service area are fully funded.

Facilities and Services for the Homeless

Homeless Services Needs and Budget Requests	Yes
---	-----

Facilities and Services for the Homeless -- Needs and Requests

High level comments or background information	Bronx Community Board #10 is in the extreme northeast Bronx. Its business services are concentrated in several commercial areas: E. Tremont Avenue, Crosby Avenue, Westchester Square, Co-op City and City Island. DHS placed a shelter for 95 women and children in a former hotel, on the outskirts of our Board area. It has no laundry facilities on site, so the women must take two buses to reach the nearest laundry mat. There are no cooking facilities (microwaves in the rooms) flouting the requirements of the Comptroller's Memorandum governing Emergency Contracts that states such facilities must be located in rooms where women with children or pregnant women are domiciled. There is anecdotal evidence from the community at large, that the meals offered to the clients at the shelter are unappetizing and that they are often discarded. One of the contractual goals of the shelter operators is to provide the clients with opportunities for job training and employment. The Board enjoys the services of a NYS Department of Labor Job Developer. The shelter operator has been apprised of this service, yet there are few referrals.

-----------------	---------

Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i>	Security at the three homeless shelters in the Board, Crystal's Place at 555 Hutchinson River Parkway, Town and Country at 2244 Tillotson Avenue and the Acacia shelter at 1564 St. Peters Avenue should be reviewed. The Board has received concerns about the ability of the contractual security staff to handle situations at the shelter. In the case of the shelter at 555 Hutchinson river Parkway, DHS Police visit the site already. However, in light to the recent killing of a staffer at another shelter not in our Board, we believe that the entire security set up should be reviewed.

Given our proximity to the Jack D. Weiler Hospital of Montefiore Hospital, Jacobi Hospital, the Albert Einstein College of Medicine and Calvary Hospital, the Board thought that any new school proposed for the Herbert H. Lehman Campus, should be one that is medically related. The Board further felt that the students could benefit from internships at the above institutions.

Public Safety

First Name	Kenneth
Last Name	Kearns
Community Board Position	District Manager
Phone Number	718-892-1161
Email	BX10@cb.nyc.gov

Public Safety

Public Safety Most Important Issue	The 45th Precinct, located at 2877 Barkley Avenue is an early twentieth century building, housing a 21st Century Police Department. The building's public areas, offices, locker rooms, holding facility and restrooms require a massive upgrade. The NYPD has indicated that they are looking into renovations. The current Precinct offers no parking for official cars, the officer's cars or visiting vehicles. They share the street parking with the homeowners. This creates a difficult situation in the community. The Board would like to see the Precinct move into the former Mandee's Store at 3860 E. Tremont Avenue. This is a modern linear building with a basement and a parking lot.
Most Important Issue Explanation	Industrial and behavioral sciences have produced study after study indicating that an employee's work environment plays a major role in their commitment to their job and their productivity. The current Precinct building is an unpleasant environment for the officers and detectives, and it needs to be changed. We believe that the morale of the officers, and detectives will be markedly improved if the Precinct were to be relocated.

Policing and Crime

Policing and Crime Needs and Budget Requests	Yes
--	-----

Policing and Crime -- Needs and Requests

High level comments or background information	<p>The 45th Precinct lost its dedicated drug module. It was split in half between the 45th Precinct and the 43rd Precinct. This split limited the effectiveness of the anti-drug effort in our Community Board. The Board would like to see the unit returned in its entirety to the 45th Precinct and if this is not possible, it should be combined with that of the 49th Precinct.</p> <p>The NYPD Firing Range at Rodman's Neck must be completely enclosed in a dedicated building , so that the surrounding communities are no longer exposed to the noise associated with the practice firings.</p>

Assign additional staff to address specific crimes (e.g. drug, gang-related, vice, etc.)	
Provide resources to train officers, e.g. in community policing	
Need	NYPD staff and training resources
Request	Provide resources to train officers, e.g. in community policing
Agency	New York City Police Department
Budget Category	Expense
Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i>	Given the large number of bars and restaurants in our Board's service area, and the ever escalating complaints about noise, the officers assigned to the 45th Precinct should all be trained in the use of sound meters.
Does this request relate to a specific site?	Yes, this request is for a specific site

Other NYPD staff resources requests

Need	NYPD staff and training resources
Request	Other NYPD staff resources requests
Agency	New York City Police Department
Budget Category	Expense
Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i>	Bronx Community Board #10 has many bars and restaurants located within its environs. There are many noise complaints associated with the operation of these facilities. The 45th Precinct has a limited number of noise meters. When one goes down, it is sent out for repair, which takes a protracted period of time. If the Precinct is to meaningfully answer noise complaints, it needs additional noise meters.
Does this request relate to a specific site?	Yes, this request is for a specific site

Increase resources for vandalism prevention programs, such as anti-graffiti initiatives

Increase resources for domestic violence prevention programs

Increase resources for youth crime prevention programs

Increase resources for other crime prevention programs

Core Infrastructure and City Services

Core Infrastructure and City Services Most Important Issue	Water runoff and flooding
Most Important Issue Explanation	Bronx Community Board #10 is a water bound board. Almost all of its communities are bounded by the East River, Long Island Sound and Eastchester Bay. During Hurricane Sandy several of our communities, most notably City Island and Edgewater Park, were severely damaged. Had the wind not changed course, the damage to our Community Board's waterfront communities would have been devastating. The Board is interested in seeing the protective systems installed that will serve as breaks to storm surges. Additionally, the Board would like to see the sewers assessed to determine if they are sized correctly to handle the very large storm flow that will come onto the land.

Water, Sewers and Environmental Protection

Water, Sewers and Environmental Protection Needs and Budget Requests	Yes
--	-----

Water, Sewers and Environmental Protection -- Needs and Requests

High level comments or background information	Bronx Community Board #10 has experienced severe damage to several of its communities during Hurricane Sandy. We are surrounded by the water bodies of Eastchester Bay, Long Island Sound and the East River. It is expected that any major storm will cause considerable damage to our communities. Our Board would like to see a joint DEP/DOT program to survey our areas and install storm breaks like earthen berms and sea walls. If a major hurricane type storm were to hit our Board, we would experience storm surges that would deposit massive amounts of water on land causing massive damage and flooding that would result in stagnant pools of water that will take days to drain, because the sewers are inadequate to meet the increased demands of drainage. Neighborhoods like City Island would experience flooding on streets like Tier, Bay, Fordham, Hawkins, Carroll, Centre, Winter, Early, Pell, Reynolds, Pilot, Marine, Buckley, Horton, Schofield, Rochelle, Beach, Kilroe, Sutherland and Terrace Streets; King Avenue and Fordham Place are inadequately protected. In Edgewater Park, which has a sea wall, 1st, 2nd and 4th Avenue, Pennyfield Avenue and Soundview Drive are vulnerable; Silver Beach, which also has a sea wall, is also prone to flooding. Acorn, Beach, Ceder, Daisy, Elm, Fern, Geranium, and Hazel Streets, Ivy, Jasmine, Edgar, Dare, Casler, Bevy, Alan, Schuyler Places, Indian Terrace, and the campus of SUNY Maritime College, are all prone to flooding. Within Locust Point, Locust Point Avenue, Tierney Place, Longstreet Avenue and Hatting Avenue, the Hammond Cove and Locust Point Marina area, and Calhoun and Schurz Avenues in Throggs Neck will be badly affected, as well as Clarence and Randall Avenues and Country Club. The end of Lafayette Avenue in Ferry Point and all of Ferry Point Park will be flooded. The Board would like to see that both agencies develop a plan to stop the storm water surges and to provide a sewer system that will be able to handle them.

Land Use, Housing and Economic Development

First Name	Kenneth
Last Name	Kearns
Community Board Position	District Manager
Phone Number	718-892-1161
Email	bx10@cb.nyc.gov

Land Use, Housing and Economic Development

Land Use, Housing and Economic Development Most Important Issue	Small Business services
Most Important Issue Explanation	Bronx Community Board #10's communities are characterized by older shopping areas along Crosby Avenue, Westchester Avenue, City Island Avenue, Dreiser, Bartow and Einstein Loops in Co-op City. These older shopping districts are competing with malls in Throggs Neck and Bay Plaza that offer free parking to their patrons. A Business Improvement District (BID) is needed in all of the above areas, aside from Westchester Square, where one already exists. A BID will allow these areas to re-imagine themselves and offer goods and services to their members, while strengthening the economic backbone of the communities.

Transportation

First Name	Kenneth
Last Name	Kearns
Community Board Position	District Manager
Phone Number	718-892-1161
Email	bx10@cb.nyc.gov

Transportation

Transportation Most Important Issue	Our Board is a water bound Board. There are few if any sea walls or other storm surge breaks. In the event of hurricane, significant portions of our board will be damaged. With this this submission, we are asking DOT to engage in an analysis of the storm break needs and to install the appropriate storm break infrastructure.
Most Important Issue Explanation	Our Board area experiences flooding problems whenever we have a major storm. There are virtually no barriers to storm surges. In a hurricane situation, significant portions of our Board will be severely damaged. This is why the issue of storm resiliency is so important to our Board.

Traffic and Transportation Infrastructure

Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i>	The Board is Interesting in the creation of Municipal Paring lots constructed above the New England Thruway in both Pelham Bay and Throggs Neck. These communities feature vital commercial districts that lose business to the malls in the area, because they do not offer parking. The creation of such parking would allow them to remain competitive. Additionally, the Westchester Square community could benefit from a municipal lot, possibly located in the Westchester Square Industrial Business Zone. A lot of public parking was lost in the Westchester Square-Zerega areas, because of yellow and green cabs taking up spaces. Any municipal parking lot or garage should include a section where electric or hybrid cars can be charged.
Does this request relate to a specific site?	Yes, this request is for a specific site
Need	Traffic and traffic flow

Request	Improve parking operations
Agency	Department of Transportation
Budget Category	Expense
Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i>	Consider the possibility of establishing a system of zoned parking permits in Pelham Bay and Westchester Square. There are commuters from Westchester County, who park their cars in these neighborhoods and take the #6 Train to work. This takes parking away from the neighborhood. Under this system, the City would sell zoned parking stickers to the owners of cars with non Bronx or City registrations. They can only park within a set of zoned streets (those immediately adjacent to the Pelham Bay, Buhre Avenue and Middletown Road Subway Stations. The availability of spaces would be on a first come first serve basis). If they do not park within the prescribed zone, they can get a ticket. All of the resident drivers within the zone would receive resident stickers and they would not have to pay.
Does this request relate to a specific site?	Yes, this request is for a specific site

Transit Services

Transit Needs and Budget Requests	Yes
-----------------------------------	-----

Transit Services -- Needs and Requests

High level comments or background information	The presence of well operated and safe mass transit system is of paramount importance to our Board. The MTA New York City Transit recently built four new stations for the IRT #6 Train in our Board's area and the MTA Metro North Railroad is planning a station for Co-op City. We are served by a Select Bus Service Bus on the BX 12 Line and will soon see Select Bus Service on the Q44 Line.

-----------------	---------

Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i>	Several years ago the MTA New York City Transit had to reconfigure the bus service within Co-op City, because of fiscal constraints. The resultant situation was that the northern portion of the development saw service on the BX 26 and BX 28 truncated. A new bus known as the BX 38 was created to link up with the BX 26 and BX 28. Over the years, there have been concerns expressed by the community over the schedules and long waiting periods between buses. The Board would like to learn of the wait times between these intersecting buses. Additionally, the Board has heard from commuters that night service on the BX 26 needs to be expanded to serve late night health care workers.

Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i>	The Board has been told that Co-op City will be the site of a Metro-North Station. The Board would like to see an expansion of this concept to not only have a station, but to have a regional rail link with Amtrak. There are no stations in the northeast Bronx that allow for link-ups with Amtrak and Metro North trains. The area just to the west of Co-op City, along the Amtrak right of way would be suitable for this type of station.

Parks, Cultural and other Community Facilities

Parks, Cultural and other Community Facilities Most Important Issue	Quality of parks and park facilities
Most Important Issue Explanation	Bronx Community Board #10 is home to the largest park in the City's inventory, Pelham Bay Park. Additionally, it has another large park in Ferry Point, home to the City's newest golf course, Trump Golf Links. It also has a variety of smaller parks that are used regularly and a Marina in Hammond Cove and Orchard Beach. All of these facilities mean a great deal to our Board and we are vitally interested in their maintenance and enhancement.

Parks and Recreational Facilities and Programming

Parks and Recreational Needs and Budget Requests	Yes

Budget Category	Expense
Please explain and specify your request. The more specific your request is the better the City is able to respond. <i>Please limit your explanation to 100 words</i>	There is a critical need to adequately fund and staff the Forestry Unit of the DPR to prune the many trees in the Board's service area. Over 70% of the Board is green cover. Every year tree limbs become entangled in the overhead power lines or diseased limbs fall on people's homes and cars. More tree pruning staff re needed to take care of these matters. There is a need to adequately fund and expand the sidewalk tree root program. the root syste of the old growth trees causes the sidewalks to buckle, creating trip hazards. To eliminate this problem, this program must be adequately funded.

Cultural and other Community Facilities and Programming -- Needs and Requests

High level comments or background information	The City Island Nautical Museum is located in a former school building and is over one hundred years of age. It houses a priceless collection of artifacts and memorabilia of City Island's fabled nautical past. The building is in need of new windows, painting, a retaining wall and new fencing. It is estimated that the costs will be \$130,300.00. The Board is interested in seeing this museum operate in a safe and climate controlled building, capable of exhibiting City Island's treasures.
