\textbf{CHAIRPERSON’S REPORT…………………………………………...SAYAR LONIAL, BOARD CHAIR}

Chairperson Lonial limited his remarks to the following statement regarding the resignation of District Manager Craig Hammerman:

After twenty-five plus years of service, Craig Hammerman has submit his letter of resignation, and on behalf of the Board I have accepted that resignation. Craig sent out a letter on Friday which stated that his last day of work would be October 20\textsuperscript{th}, but after careful consideration, all parties involved agreed that, in fact, his last day of work for our Board would be today. I want to thank Craig for his years of service.

After what can only be described as a difficult time for everyone involved, we thought the decision to make a clean break was the best decision. I want to thank the members of the Finance Personnel and Law Committee for devoting so much of their time dating back to May of this year, throughout the summer, and into the fall. Daniel, Deb, Dolly, Mark and of course our committee Chair Jerry Armer; your dedication to the goodwill, good standing, and good future of this Board can never and should never be called into question.

The institutional knowledge that Craig brought with his years of experience will be missed, but times change, and with those changes we ourselves must look to change; not as something to fear, but instead as an opportunity. I must once again thank Liza, Sarah, and Ty for their ability to keep our office running smoothly throughout the summer and ask that they continue to do the amazing job they have done, allowing us the time during this transition to post, interview, and find the right person to be the next District Manager of Community Board 6.

With regards to next steps, we need to speak to our counterparts at the City, post the job, and start the interview process. The interviews will be handled by the FPL committee, with approval of any candidate coming back to this body for a vote for approval.

Later this evening we will be going into executive session, as is required when personnel matters are discussed. I want to thank the members of the Board for their patience and I look forward to turning the page, and turning our whole focus back to the work of our neighborhoods and community.
