

CONSTRUCTION CODES UPDATE PAGES

Attached are Construction Codes Update Pages. These pages reflect local laws enacted and ministerial administrative corrections made after July 1, 2008. Please note that the source of a particular update, the local law number, and year is indicated on each page. Please visit our [webpage](#) to ensure that your codes are complete and up to date as the City Council may periodically pass Local Laws that affect the Construction Codes.

Instructions:

Please place each page, according to its page number found on the bottom right hand corner, into your Construction Codes books. The pages contain letters after the page number and should be placed in alphabetical order following the number, i.e. 5, 6, 6a, 6b, etc.

- Place Title Pages in the front of your Code books for easy reference.
- Note: If you have all four Construction Codes (Building, Mechanical, Plumbing & Fuel Gas), please make sure to insert updates made to the Administrative Provisions into each of the four Code books.

Add the following new section 28-103.23 to read as follows:

§28-103.23 Manual on flood construction and protection standards. The commissioner shall create and make publicly available, in print and on the department's website, a manual explaining in detail the flood construction and protection requirements and standards applicable in the city. Such manual shall be made available in plain English and Spanish and in other languages as determined by the commissioner and shall updated as necessary to reflect changes to applicable flood construction requirements and standards. Such manual shall include, but need not be limited to, a description and explanation of the following:

1. The materials requirements imposed by applicable flood construction requirements and standards, including the elements of structures subject to such materials requirements;
2. The manner in which specific utilities and attendant equipment must be protected from flooding; and
3. The application of the flood construction and protection requirements and standards to existing structures.
