

CITY OF NEW YORK
DEPARTMENT OF BUILDINGS

Pursuant to Administrative Code Section 27-131, the following equipment or material has been found acceptable for use in accordance with the Report of Materials and Equipment Acceptance (MEA) Division.

Richard C. Visconti, R.A., Acting Commissioner

MEA 142-00-E
Report of Material and Equipment Acceptance Division

Manufacturer - Haier Merloni Washing Machine Company, Haier Road, Quindao, China.

Trade Name - Quietline.

Product - Washer dryer combination.

Pertinent Code Section(s) - RS 16-1 (ANSI A40-4-1942, A406-1943, P104.12), 27-800, 27-807.

Prescribed Test(s) - RS 14-6 (UL 2157 and 2158).

Laboratory - ETL Testing Laboratory, Intertek Testing Service.

Test Report(s) - Report No. J9936-001

Description - The Quietline Model XQG 50-11 is a space saving, high efficiency Energy Star appliance that automatically washes and dries laundry in the same unit. It has been approved by ETL Laboratory for built-in, freestanding and portable installation. Since the Quietline is about the size of a standard dishwasher, it is ideal for use in apartment complexes, condominiums or in homes with limited space. The Quietline runs off a normal 110-volt outlet and can be hooked to a single kitchen faucet if necessary.

- Notes:
1. The unit shall be provided with a vacuum breaker or air gap as per P104.12 Section of Reference Standard RS-16 of the Building Code.
 2. Installed clearances to combustible construction shall be in accordance with Reference Standard RS 14-15.

Recommendation - That the above single cavity combination washer dryer be accepted for use, as described above. Provision for combustible air and ventilation air shall be made in accordance with Section 27-807 and other applicable Code requirements. All shipments and deliveries of such equipment shall be provided with a metal tag, suitably placed, certifying that the equipment shipped or delivered is equivalent to that tested and acceptable for use, as provided for in Section 27-131 of the Building Code. Approval of all electrical equipment, apparatus, materials and devices shall be obtained from the Bureau of Electrical Control before installation.

Final Acceptance JUN 28 2000
